MEMORANDUM FOR All Incoming Initial Entry Training Soldiers

SUBJECT: 30<sup>th</sup> Adjutant General Battalion (Reception) Welcome Letter

1. Welcome to the 30<sup>th</sup> Adjutant General Battalion (Reception) and the United States Army! We are a professional organization, dedicated to supporting the United States Army Maneuver Center of Excellence. We are sure you will find your time here to be a challenging, yet extremely rewarding experience. The Command Sergeant Major and I are excited and proud to have you join our team.
2. The mission of the 30<sup>th</sup> AG BN (REC) is to receive, educate, train, inspire, process and ship newly arrived Trainees to training; rehabilitated injured Trainees and return them to training; and separate Trainees who do not meet the Army standards.
3. As a Soldier assigned to the 30<sup>th</sup> AG BN (REC), you will play an essential role. We expect Soldiers conduct themselves in an appropriate military and professional manor. Your time and experiences here begin the Soldierization process and start you off on your future as a Soldier.
4. This is an exciting time to be a Soldier at 30<sup>th</sup> AG BN (REC), and you should be as excited as we are about the journey ahead. We take a personal interest in ensuring your transition to from civilian to Soldier is exciting and rewarding. We look forward to meeting you.

**Centurions...Meeting the Challenge!**
