

# Tabular Firing Tables

- In mid-February, online TFTs will no longer be available through the AKO
- FTaB website. They will only be available at a site dedicated to TFTs,
- PMA, at
- 
- <<https://picac2as2.pica.army.mil/login/pma.htm>
- <<https://picac2as2.pica.army.mil/login/pma.htm>> >
- 
- This letter is to advise you to submit a customer profile on the PMA
- website to avoid interruption of TFT access.
- 
- For those customers who already have an active PMA account, thank you and
- you do not have to read any further.
- 
- For those customers who do not have an active PMA account, or are not sure,
- please do the following TWO steps:
- 
- 1. Go to PMA at <<https://picac2as2.pica.army.mil/login/pma.htm>
- <<https://picac2as2.pica.army.mil/login/pma.htm>> > and submit a customer
- profile.
- 
- 2. Reply to this e-mail with the following: AKO username, your
- organization's name, address and phone number, your position, and a
- description of which fire control information you need and why.
- 
- The two steps must be completed before we can proceed with providing you
- access to the new site.
