

# Maneuver Captain's Career Course (MCCC) Simulations Mission & Intent

Fort Benning, Home of the MCoE

**Mission: Maneuver Captains Career Course Simulations utilizes Programs of Record (PoR) and off the shelf software solutions to infuse the adult learning model into the course.**

- **Intent**

- **Create simulated scenarios for both company and battalion modules**
  - 2 x Scenarios VBS2 (A1, A4)
  - 2 x Scenarios CCTT (A2, A3)
  - 1 x Scenario JCATS (B1)
  - 1 x Scenario DABL (Working)
- **Utilize correlated terrain within each simulation IOT properly represent the AO and OPORD**
- **Software testing to meet POI requirements**
  - COTS, GOTS, Validations, and Provide Feedback
- **Army Battle Command Systems (ABCS) Integration**
  - 6 x CPOF machines per Seminar
  - Incorporate CPOF SRT/FSRs (Support and Training)
- **Army Learning Model (ALM) 2015 Support**
  - Digital TDE and Scenario Creation
  - Statistical Analysis and Organizational Change Recommendations
