

2016 Maneuver Warfighter Conference:

FUTURE MANEUVER: FACING THE RUSSIAN THREAT

We welcome you to the 2016 Maneuver Warfighter Conference at Fort Benning, Georgia. This year's conference focuses on developing a common vision to adapt the Maneuver Force for the current and future operating environment. The three-day conference will provide a description of the current Russian threat, how we might maneuver against a near-peer competitor as described in the Movement and Maneuver concept, and what is required to enable it. Please refer to the agenda for the detailed schedule of events. We look forward to your input, collaboration and participation.

One Force, One Fight!

Timothy L Metheny
Command Sergeant Major, U.S. Army
Command Sergeant Major, MCoE

Eric J. Wesley
Major General, U.S. Army
Commanding General
