

Jane's by IHS Markit

**LTC (Ret.)
James Dickey is
a Senior Product
Manager for
Jane's by IHS
Markit**

In partnership with **Jane's by IHS Markit** the MCoE HQ **Donovan Research Library** will host training opportunities **Tuesday 6 June, 2017**.

LTC (Ret.) James Dickey is a Senior Product Manager for Jane's. As such he coordinates the production and dissemination of open-source intelligence products on military platforms and equipment produced and operated world-wide. He is a twenty-two year veteran of the United States Army with extensive experience working with the Department of Defense, the Intelligence Community and international military organizations. He began his military career as an infantry platoon leader and went on to become an intelligence officer and Middle East specialist with varied assignments and deployments in Korea, Bosnia, Jordan, Saudi Arabia, Germany and Iraq. Notable positions include Senior Intelligence Analyst for Multi-National Corps – Iraq, Director, Theater Ground Intelligence Center-ARCENT, G2 for First Army Division East and chief of operations (CHOPS) for the US Army Intelligence and Security Command (INSCOM). James is a graduate of the University of Virginia (B.A. History) and Georgetown University (M.A. Security Studies).

Give us a call at **706 545-5661/6411** to schedule training for your organization or unit. The Library is located in Bldg. 70 next to MWH or check out our Virtual Branch at, <http://www.benning.army.mil/library>
