## **NATIONAL PRESCRIPTION TAKE BACK DAY**

# **Got Drugs?**

Most abused prescription drugs come from family and friends. You could be a drug dealer and not even know it.

Visit [www.dea.gov](http://www.dea.gov) or call 800-882-9539 for more information.

**Turn in your unused or expired medication for safe disposal  
Saturday, April 27, 10 a.m. – 2 p.m.**

**LOCATION: Ft. Benning Main Exchange  
Right outside the Main Entrance**

This initiative addresses a vital public safety and public health issue. More than seven million Americans currently abuse prescription drugs, according to the 2009 Substance Abuse and Mental Health Administration's National Survey on Drug Use and Health. Each day, approximately, 2,500 teens use prescription drugs to get high for the first time according to the Partnership for a Drug Free America. Studies show that a majority of abused prescription drugs are obtained from family and friends, including the home medicine cabinet.

In an effort to address this problem, DEA, in conjunction with state and local law enforcement agencies throughout the United States, conducted the first ever National Prescription Drug Take Back Day on Saturday, September 25, 2010. The purpose of this National Take Back Day was to provide a venue for persons who wanted to dispose of unwanted and unused prescription drugs. This effort was a huge success in removing potentially dangerous prescription drugs, particularly controlled substances, from our nation's medicine cabinets. There were approximately 3,000 state and local law enforcement agencies throughout the nation that participated in the event. All told, the American Public turned in more than 121 tons of pills on this first National Take Back Day.

Due to the overwhelming success of the first event, DEA has scheduled the second National Prescription Drug Take Back Day which will take place on Saturday, April 27, 2013, from 10:00 am - 2:00 pm. This is a great opportunity for those who missed the first event or who have subsequently accumulated unwanted, unused prescription drugs, to safely dispose of them.

**\*\*\* Please remove any and all Personnel Identification Information from the medicine containers prior to drop off by either removing the label or obliterating the in information with a marker\*\*\***
