

For non-active duty prime beneficiaries enrolled in the Military Treatment Facility, please note there are new guidelines (effective 1 Nov 2013) to follow to access civilian urgent care facilities and services. To use network Urgent Care Providers, you must call your Primary Care Manager clinic first and obtain a control number to preauthorize your Urgent Care visit.

Exceptions to this policy include care required after hours, on holidays or weekends when your PCM clinic is closed; and those enrolled in Adult Primary Care Clinic. Also, you may use the Emergency Room at Martin Army Community Hospital, or the ER at any of the local hospitals, if the condition requires emergency treatment. No PCM referral is required for Emergency Room visits for conditions requiring emergency treatment.
