

# Construction on Benning

**ROAD CLOSED**

## Road closures and detours:

- The temporary-signalized intersection at Lindsay Creek and 1st Division Road will shift several hundred feet to the west onto the newly-constructed temporary asphalt. Traffic will be controlled with flaggers during the shift operation. Traffic may experience a slight delay — 10 minutes or less — during the striping of the actual shift. As always, future weather conditions will dictate the traffic shift timeline.

- Access to the Child Development Center changed due to the tie-in construction at the existing Hoff Street. Access to the CDC will be off 1st Division Road via the newly constructed segment of Hoff Street. The CDC will be provided with handouts to distribute to all parents and employees showing the new route and the changed traffic pattern in the CDC parking lot. Construction of the Hoff Street tie-in is expected to take

two weeks. Once the tie-in is complete, the newly aligned Hoff Street will be open and accessible from both the old PX parking lot and 1st Division Road. Access to Love Dental Clinic will remain unchanged.

- Sections of Red Arrow Road between Buena Vista Road and 10th Armored Division and Wolverine Road between 10th Armored Division and Red Arrow Road are closed. Construction crews are laying three concrete turn pads. The roads will reopen July 31.

- Construction of the Edwards Street intersection continues. Traffic on Edwards Street will be reduced to one lane at 7 a.m. between Dixie Road and Eckel Street and two-way traffic will be maintained with flaggers. Two-way traffic on Dixie Road will be maintained at all times.

Travelers in this area can expect some delays. Priority will be to minimize delays to those traveling Dixie Road and expedite inflow and outflow traffic in the morning and afternoon.

- Red Diamond Road from Helmet Trail to Lafayette Road is closed for installation of a culvert and streambank stabilization. Traffic is detoured onto Helmet Trail to Underwood Road to Box Springs Road. The road will reopen Aug. 31.

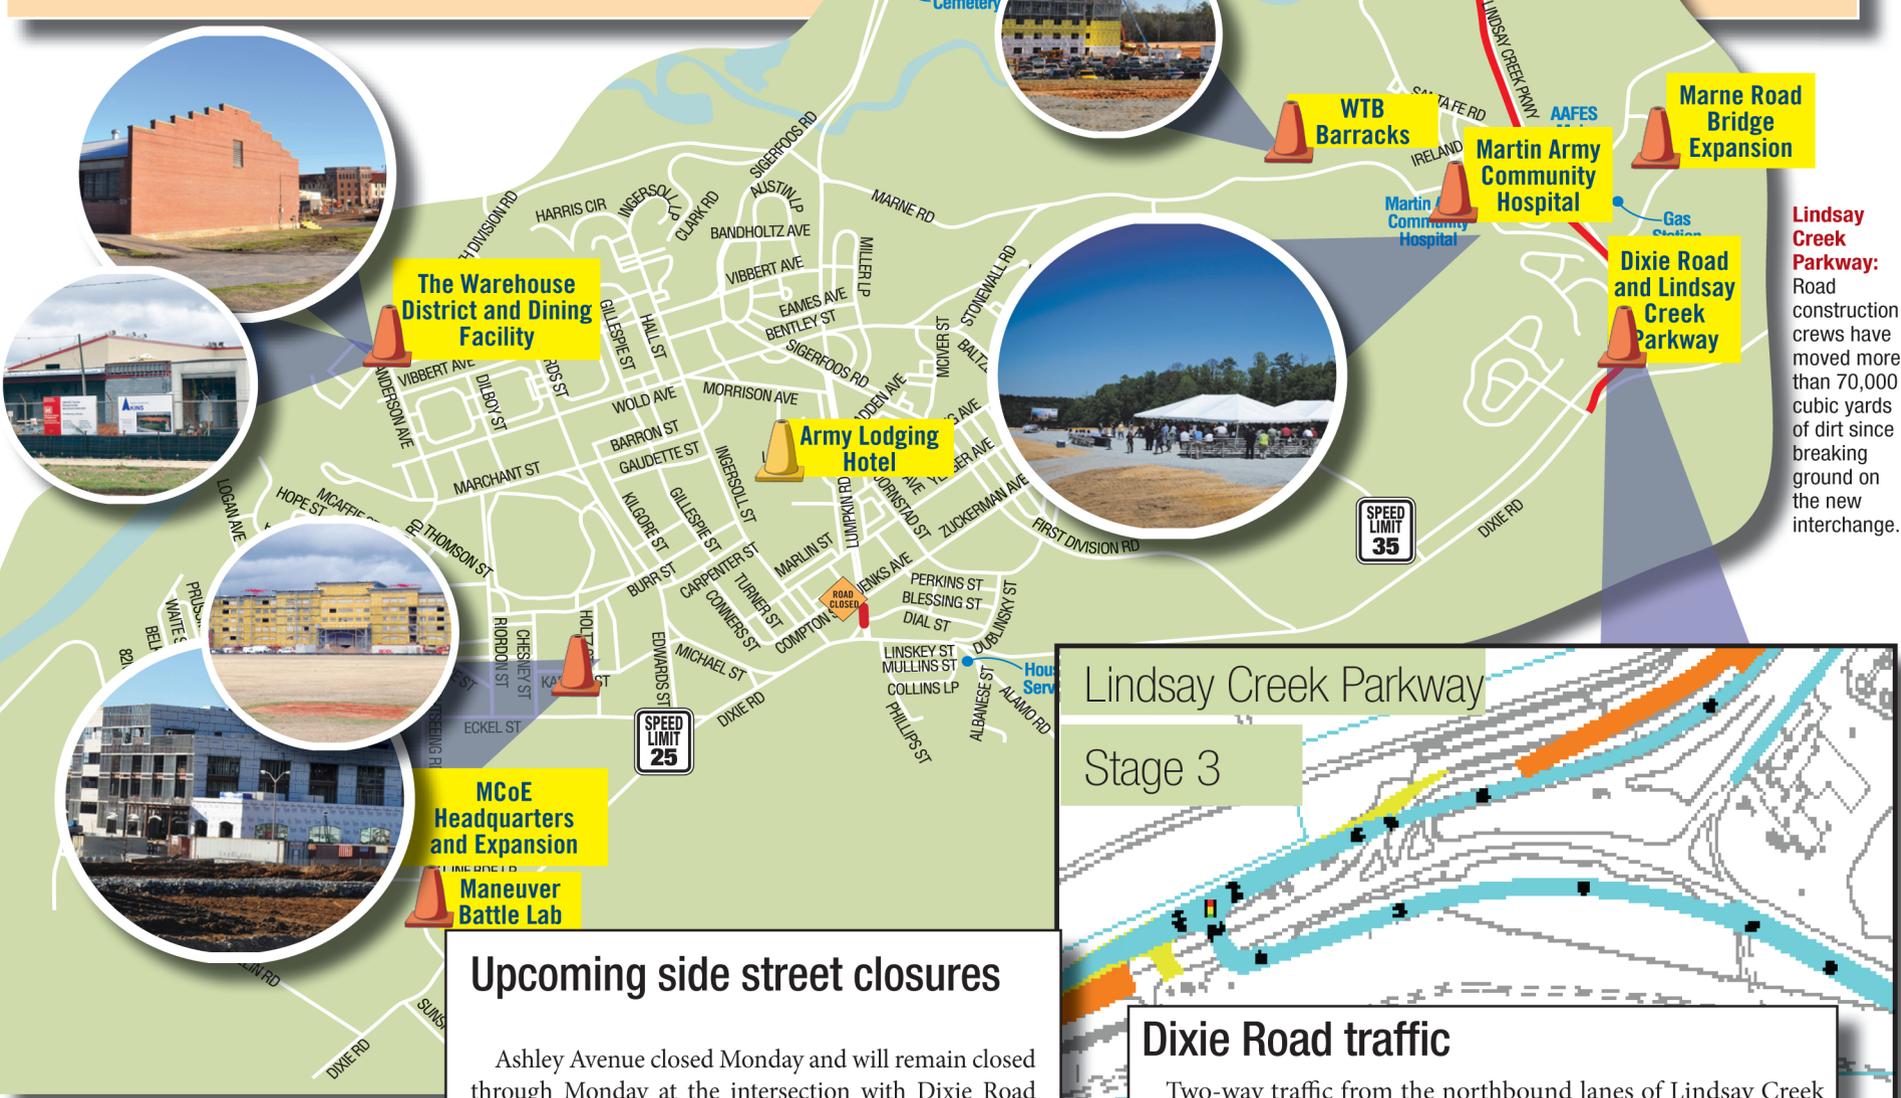

- 2nd Armored Division Road between Red Arrow Road and Lee Field is closed. The intersection at Red Arrow Road is passable and detours are clearly marked.

- The closure on Buena Vista Road between Loraine Road and Shamanski Road has been extended. Modifications are being made to areas on and around the road.

## Marne Road interchange

Construction will be ongoing for the widening and improvements in the Marne Road vicinity and bridge over Lindsay Creek Parkway.

There may be nightly, weekend lane closures where two-way traffic will be maintained with flaggers.

**Lindsay Creek Parkway:** Road construction crews have moved more than 70,000 cubic yards of dirt since breaking ground on the new interchange.

## Upcoming side street closures

Ashley Avenue closed Monday and will remain closed through Monday at the intersection with Dixie Road for reconstruction. The closure will reopen prior to Monday's Welsh Drive closure. Welsh Drive will reopen prior to the Way Street closure July 25. Way Street is expected to reopen Aug. 1.

## Dixie Road traffic

Two-way traffic from the northbound lanes of Lindsay Creek Parkway has shifted to the newly constructed southbound lanes south of the Marne Road interchange. This facilitates construction on the next phase of the wall and bridge at the Lindsay Creek Parkway interchange.
