

JOB OPENINGS: Land Surveying Field Crew

LandAir Surveying Company, Inc. is looking to hire employees to work on our land surveying and 3D laser scanning field crews, which are based out of Lawrenceville, Georgia. We are hiring both entry-level and experienced field personnel. The position involves working outside using land surveying equipment to collect property and as built information. Candidates must be physically able to carry survey equipment, hammer stakes, and clear brush when necessary. Some overnight travel will be required.

Benefits include: hourly plus overtime pay, health insurance, paid vacation and holidays, 401k plan, and room for advancement. Military experience is a big plus. Must have a valid drivers' license. Drug Free Workplace.

To apply, email David Headrick at dheadrick@lasurveying.com with the subject line "Land Surveying Field Crew Position." Please provide a resume describing your education and work experience.
