

URINALYSIS TESTING CODES

<u>DoD Code</u>	<u>Explanation and use</u>
IR	Inspection Random: Commander directed partial unit test. Used for normal monthly random testing (i.e. 10% unit testing).
IU	Inspection Unit: Commander directed unit sweep. Used for 100% unit testing.
IO	Inspection Other: Inspections based on command/unit policy. Used to test individuals based on commander's policy letter or SOP. (i.e. individuals after 30 days leave, newly arrived personnel, re-tests of rejected previously collected specimens).
PO	Probable Cause: Commander directed individual based on probable cause evidence. Commander should verify that probable cause exists with the local SJA prior to ordering this test.
CO	Command Direct: Commander directs an individual test for fitness for duty. The commander has a reasonable suspicion that a soldier is using a controlled substance, but does NOT have probable cause. The Limited Use Policy applies to this test basis.
VO	Soldier Consent: The soldier voluntarily consents to a urinalysis test without command coercion.
RO	Rehabilitation testing: The commander directs a soldier to test based on the soldier's alcohol/drug abuse treatment plan.
AO	Accident/Mishap: The commander directs a soldier(s) to test based on an accident causing damage of personnel or property.
MO	Physician/Medical directed: A physician orders a test based on a medical examination. This test may or may not be covered under the Limited Use Policy.
NO	Accession Testing: Used to test individuals for NONDODMERB testing.
OO	Other Testing: Special testing for sports events, or other tests not covered by any other test basis.
