

Welcome to the BEST RANGER TRAINING BATTALION IN THE WORLD! Please see the welcome letter from the Battalion Commander and Command Sergeant Major, welcoming you to the 4th Ranger Training Battalion. If you have not been contacted by a sponsor with information about your new assignment within 60 days of your reporting date, please let me know. As in every assignment, there are a few things I would like to inform you about that you must complete prior to you arriving. You must take the following courses and have the certificate of completion for Composite Risk Management Training and the Accident Avoidance course. Once you arrive to Fort Benning, GA to start your in-processing you will use the Accident Avoidance Certificate to take to Building 1369 located on Yeager Avenue, Fort Benning, GA 31905. When you take the certificate to this building, they will issue you your Defensive Driving Card that you will need once you in-process the brigade. The basic composite risk management course certificate will be turned in upon in-processing as well.

You must report to the Ranger Training Brigade Headquarters prior to signing into Fort Benning. Although you may have orders assigning you to 4th Ranger Training Battalion, the Brigade Command Sergeant Major may divert you to another battalion due to man power shortages. Once you verify your assignment to your battalion, you will report to Soldiers Plaza, Building 2607, located off of Dixie Road to start in-processing the installation. In-processing the installation should take you no more than 7 to 10 working days. Most Soldiers in-process within 5 days; however, there is a mandatory safety course and newcomers briefing that you must attend that is only given on Wednesdays that may delay your in-processing and keep you there longer. You will also need to go to CIF to complete your in-processing into the brigade. If you can accomplish this while in-processing post, it will make your in-processing into the brigade go smoothly. If you have any questions, please email me or call the number below.
