BACKGROUND

PART I BACKGROUND:

As the January period opened, the regiment was in positions on the MINNESOTA MLR. All companies of the regiment, with the exception of "B" Company, were facing the North Korean forces. "B" Company was in the regimental reserve area (vic DT 241380) having just been relieved by "A" Company on the 31st of December.

The regimental I & R Platoon was attached to the 3d Battalion, and the A/T & M Platoon was attached to the 2d Battalion in positions guarding the 3d Platoon of Tank Company which was on the west ridge just short of Hill 1243. The I & R Platoon was relieving one platoon each 24 hours in the 3d Battalion area enabling the men to have a short rest and get clean clothing and a shower.....When the shower unit was working, it was a very positive morale booster for the men.

On the 4th of January, the Regimental I & R Platoon and the A/T & M Platoon were relieved of their respective missions and closed in at the regimental area, reverting to regimental control.

On 6 January, the 32d began the relief of the 17th, and the 1st Battalion, 3d Battalion and Service Company (-) moved to the division reserve area in the vicinity of TOKKOL-LI (DT 1526). On the following day, the remainder of the regiment, with the exception of Heavy Mortar Company, left the Punch Bowl and closed in at the positions in the vicinity of TOKKOL-LI. Heavy Mortar Company remained in positions and was placed under the operational control of the 32d Infantry.

"B" Company was assigned the mission of security for the relay station in the vicinity of DT 116167 and moved into positions to fulfill this mission. On the 15th of January, "C" Company changed positions with "B" Company.

The regiment went into an intensive training program to bring the unit up to top efficiency and indoctrinate the new replacements with the Buffalo spirit of teamwork and courage. From the 21st to the 24th a Command Inspection was held throughout the regiment and showed the units to be in top shape.

As the period closed, the regiment was continuing the training program and was "up" for any commitment.

Detailed plans for ambushing and capturing enemy patrols which approached friendly lines were made and executed. In accordance with this order all daylight movement in positions under enemy observation was discontinued for the duration of this plan which went into effect from 101800 Feb to 160600. Also, this operation was a test of discipline which provided valuable training opportunities in measures which would be essential in operating against an enemy having air superiority.

At 2115 hours, the "I" Company LP observed six enemy wearing dark uniforms in the vicinity of DT 120405. 81mm mortar fire was placed and an estimated three enemy casualties resulted. Several other small ^{Groups} of enemy were observed by elements of the 3d Battalion, but they made no attempt to probe friendly positions.

On the 10th of February, the 17th remained in the previously reported positions. The weather for the period remained cold and clear with unrestricted visibility. At 1800 hours of this period operation "CLAM UP" went into effect and all units proceeded as per schedule.

There was no enemy contact made in the 1st Battalion area during the period. However, small enemy groups were sighted by the battalion OP. Listening posts were dispatched by each company and they closed in the following morning with negative reports.

At 0130 hours, two platoons from "F" Company departed on a combat mission for an enemy held fortress-bunker in the vicinity of DT 123407. This large bunker appeared to be a unit CP or possibly a warming bunker for the enemy troops. It had withstood direct hits from friendly eight-inch shells. The 1st Platoon was to act in a support capacity to lay down a base of fire for the attack platoon. The support platoon was in position at 0145 hours and the assault element proceeded to the vicinity of DT 123405. Upon their arrival at this point they found the steep hill unaccessible due to the ice caused by the thaw and the freeze. The patrol was ordered to return to base and closed in at 0530 hours without having contact with the enemy. During the late afternoon the troops increased their fire and gave the general appearance that a withdrawal was about to

take place. At 1800 hours all firing ceased. After that time several enemy were observed by the battalion OP's moving supplies and carrying ammunition. The LP's were dispatched about 40 yards forward of their company positions and all closed in the following morning with negative reports.

Tank Company remained in the previously reported positions and fired on bunkers and enemy troops to their front. They stopped firing at 1800 hours, in compliance with the CLAM UP operation.

On the 11th, the Buffaloes remained in the previously reported positions on the MLR. In accordance with operation CLAM UP the men remained in their positions during the daylight hours, out of sight of the enemy troops. The weather for the period was cloudy and cold with intermittent snow.

There was very little activity along the regimental front during the period. Each battalion dispatched LP's a short distance forward of their positions and the 1st and 2d Battalions LP's returned the following morning with negative reports. The 3d Battalion LP's returned at 0130 the following morning and it was apparent from their reports that a large scale enemy attack was eminent.

During the period there was no firing by the friendly troops and the fire discipline showed by the 17th was a worthy tribute to the officers and men.

On the morning of the 12th, the 17th Infantry sustained their first heavy attack since assuming positions. The weather for the period, and during the attack remained cloudy and cold with limited visibility.

In the 1st Battalion, three enemy were observed approaching "B" Company's positions. The enemy fired at the outpost and the men of the LP fired two shots; one, live remaining enemy fled. There was no further

action in the 1st Battalion area and the LP's closed without further contact.

There was no enemy action in the 2d Battalion area during the period and not a shot was fired.

In the 3d Battalion, it was evident that a large scale attack was forthcoming. Enemy had been observed in the closing hours of the previous period, preparing for an aggressive action. At 0130 hours, the LP's were withdrawn. The first enemy was observed at 0007 hours, and they employed small arms fire against "K" and "L" Companies' positions. Friendly troops held their fire. At 0110 hours, friendly troops observed an enemy MG emplacement covering the right flank of "K" Company. The machine gun opened fire, and still the men of the 3d Battalion held their fire. At 0120 hours the Battalion OP heard the ominous sound of a Chinese bugle. At this time the enemy began crawling beneath the barbed wire and cutting a path through the forward defenses. Still the battalion held their fire. At 0140 hours the bugle was heard again. This time 42 enemy dressed in white clothing and carrying two machine guns were observed in the vicinity of DT 116406. Several other groups of enemy with automatic weapons were observed firing on the 3d Battalion positions. The friendly troops stood fast and held their fire. The enemy was observed placing mortars in position and at 0240 hours, 150 enemy were observed assembled at vicinity DT 115407. At this time, visibility was slightly restricted but the enemy were observed assembled in the draw and streaming down Hill 642, and an additional 150 enemy were observed in the vicinity of DT 115407. SECURITY INFORMATION

SECRET

and the battalion opened fire on the attacking enemy troops. These were the first shots fired in the battalion since the "CLAM UP" operation began, and the attacking enemy was thrown into confusion. At 0320 hours, the second wave of enemy troops began the assault on the battalion's positions. 100 enemy attacked "L" Company and the same number attacked "K" Company. The friendly tanks moved into position, and their support, plus the 4.2", 81mm mortars and the artillery devastated the base of fire set up on Hill 636. The artillery fired flares and a continuous column of enemy troops was observed moving from Hill 642 toward "L" Company's positions. The effective S/A and A/W fire from "K" Company stemmed the attack on their positions at 0338 hours, and the enemy began to withdraw. "K" Company proceeded to support "L" Company with fire and at 0350 hours the attacking enemy began to withdraw. Two machine guns firing at the battalion CP were destroyed by artillery fire. The enemy withdrew at 0405 hours and the battalion was ordered to cease fire. Approximately 426 enemy had participated in the attack, and the battalion continued to receive sporadic small arms fire for a short while.

In fifty-two minutes of firing, the men of the battalion stemmed the attack, and inflicted 226 enemy casualties, without sustaining a SINGLE FRIENDLY CASUALTY. The sound judgement of the officers and the unparalleled courage and discipline of the men, which enabled them to hold their fire until the last possible minute, was responsible for the victory and is indicative of the Buffalo team.

On the 13th of February, Colonel Richard A. Ridsen assumed command of the 17th Infantry. On the same day, the former commander, Lt Colonel Hal D. McCown departed the regiment on rotation.

All movement, on the 13th, was curtailed in accordance with operation "CLAM UP". The weather was overcast and snowy in the early hours of the period, but turned clear and mild with unrestricted visibility during the daylight hours.

In the 1st Battalion at 0310 hours, several enemy probed "B" Company's security outpost and fired a burp gun at friendly troops in the area (vic DT 141408). Friendly troops returned the fire and one enemy was reported KIA.

SECURITY INFORMATION

SECRET

Several enemy were observed by the troops of the 2d Battalion. However, no enemy attempted to probe positions and the battalion had no contact with the enemy.

During the daylight hours there was no action in the battalion sector. However, as night fell it was evident that the enemy was again building up a large striking force forward of the 3d Battalion. They were not as bold as the previous night. They milled around in front of the battalion and made only one attempt at a light probe. About forty or fifty enemy attacked "L" Company's positions but were repulsed by the small arms fire from the 3d Battalion with an estimated five enemy KIA. The enemy withdrew and detonated a friendly mine. There was no further contact with the enemy during this period.

On the 14th of February, the 17th Infantry remained in the previously reported positions in the vicinity of TUTAYON (DT 123358). The weather was overcast with intermittent snow and restricted visibility during the entire period.

There was very little action in the 1st and 2d Battalion area during the period. LP's were dispatched by each company and they all closed in the following morning with negative reports. Several enemy were observed, but they made no attempt to make contact.

In the 3d Battalion, during the period between 1900 hours and 150135 hours an estimated 1100 enemy were observed. At 2145 hours, an undetermined number of enemy started to attack "L" and "K" Company's positions. They were repulsed by friendly S/A and A/W fire at 2330 hours and suffered an estimated 150 casualties. While the enemy was retreating they detonated a friendly mine and suffered an additional five WIA.

On the 15th of February, the 17th remained in the previously reported positions. At 1400 hours operation "CLAM UP" terminated and all units placed prearranged fire on enemy positions, inflicting many casualties and destroying many enemy emplacements. The weather for the period remained overcast and cold with restricted visibility.

However, "K" Company patrol dispatched at 1530 hours received several rounds of mortar fire in the vicinity of DT 112413 and the mortar was silenced by artillery fire. The patrol also received small arms fire from the vicinity of DT 101412.

Upon termination of operation "CLAM UP" the battalions fired on enemy bunkers and suspected enemy positions. The firing resulted in the destruction of 42 bunkers, damaged 28 bunkers, killing an estimated 34 enemy and wounding an estimated 75.

by the Heavy Mortar Company of the 14th Regiment.

In the early hours of the morning of the 21st, the 17th Infantry was relieved of positions by the 14th Regiment, 25th Division. The weather remained cloudy and cold with intermittent snow and restricted visibility.

The 1st Battalion was relieved by the 2d Battalion of the 14th Infantry at 0445 hours and moved to their new positions, in the vicinity of CT 893158 at 1645 hours.

The 2d Battalion was relieved by the 3d Battalion, 14th Infantry at 0220 hours, and the 2d Battalion closed in at new positions in the vicinity of CT 856195 at 1320 hours.

The 3d Battalion was relieved by the 1st Battalion, 14th Infantry at 0436 hours, and the 3d Battalion closed in at new positions in the vicinity of CT 848138 at 1515 hours.

The special units moved into positions in the afternoon of this period with the units occupying the following positions: Heavy Mortar Co, CT 865173; Service Co. CT 865175; Hq & Hq Co, CT 868176 and Medical Co, CT 866151. Later in the day Tank Co moved into positions at CT 865175.

There was no enemy contact during the relief and no enemy artillery or mortar fire fell on the regiment during the period.

During the remainder of the period, the 17th Infantry occupied positions in the vicinity of Hwachon (CT 866175). The 17th worked on improving their positions and on the general rehabilitation of the unit.

The new area required a great deal of work and the troops of all units spent a majority of their time, at the beginning of the period, improving their positions.

Plans were being formed by the S3 for the establishment of a training program. This program was to go into effect about the 1st of March.

In this reserve area replacements began flowing in and were given training in their new units. Two rotation quotas were received and the men departed for rear to process for the ZI.

While the regiment was in the Hwachon area they were given the mission to be prepared to move to blocking positions on the WYOMING Line and cover the withdrawal of friendly troops

PART III INTELLIGENCE:

As the period opened the regiment was in division reserve and the other two regiments of the division were on the line. On the 3d of the month the regiment began the relief of the 31st Infantry in the vicinity of the MUNDUNG-NI Valley. Upon completion of the relief on the night of the 4th, the regiment was facing elements of the 610th Regt, 204th Div, 68th CCF Army and 19th Regt, 13th Div, II NK Corps.

Enemy reserves capable of intervention were: 612th Regt, 204th Div, 68th CCF Army; 21st Regt, 13th Div, II NK Corps; and 2d Div, II NK Corps. The enemy moral throughout the period was considered poor. Their capabilities were as follows:

1. To defend present positions
2. To conduct limited objective attacks in up to regimental strength.

3. To reinforce (1) and (2) above with 12 infantry battalions, an estimated strength of 7,500 men, within 12 hours.

On the 5th small enemy patrols continued to probe friendly positions but were unable to penetrate the friendly lines. Thirty-four rounds of mixed mortar and artillery fire fell in the vicinity of friendly positions and two enemy were estimated KIA during the period.

On the 6th the enemy continued to harass friendly positions and patrols with sporadic S/A and A/W and light artillery and mortar fire. One instance of the enemy operating on the same radio channel as a friendly patrol was reported. Numerous groups were observed near friendly positions, but only one attempt at a probe was reported. During the period 2 enemy were reported KIA, 6 estimated KIA and 15 estimated WIA.

On the 7th numerous small groups of enemy were again reported by ground observers during the early hours of darkness near friendly positions but the enemy made no attempt to probe. The enemy continued to place mortar, artillery and infantry weapons fire on friendly daylight patrols. The number of sighting by G/OP's showed a decrease over the previous period.

On the 8th the enemy's attitude continued to be defensive with no attempt to probe friendly positions being made. There was a decrease in

SECURITY INFORMATION

SECRET

the volume of artillery and mortar as well as small arms sniper fire received by the regiment during the period.

On the ninth, the enemy showed little signs of aggressiveness as they made no attempt to probe friendly positions nor to engage friendly patrols. Five enemy were estimated KIA and three were counted WIA during the period.

On the 10th the enemy's attitude continued to be the same and the enemy artillery and mortar fire consisted principally of a 45 minute heavy concentration on the 1st Battalion. Three enemy were estimated WIA during the period.

On the 11th, numerous small groups of enemy were reported by ground observers constructing and supplying positions with no apparent fear of possible friendly fire. The enemy placed small arms and automatic weapons fire on friendly positions during most of the daylight hours. They did not place any concentrated fire nor attempt to probe friendly positions during the period.

On the 12th the enemy massed in front of the 3d Battalion positions, set up a base of fire, formed into a skirmish line and assaulted the positions of "L" and "K" Companies. They advanced as far as the 3d apron of barbed wire when friendly forces opened fire. The attack started at 0130 hours, the friendly troops opened fire at 0312 hours and the firing ceased at 0405 hours. An estimated 426 enemy participated in the attack and the enemy suffered the following casualties: Counted KIA, 41; Estimated KIA, 57; Counted WIA, 43; Estimated WIA, 87.

On the following night, the enemy again approached positions of the 3d Battalion in much the same manner as the previous night, but only one attempt to engage friendly elements was made. The enemy cut tactical wire and one instance of the enemy probing for mines was observed.

On the 15th, the enemy again appeared in strength in front of the 3d Battalion's positions. Attempts to probe "K" and "L" Company positions, were quickly repulsed after the enemy had suffered heavy casualties. The

SECURITY INFORMATION

night's action closely paralleled the preceeding periods, but with the enemy strength far exceeding the previous actions. The enemy proved very susceptible and unprepared for the sudden concentration of friendly fires and the following enemy casualties were reported.

Estimated enemy KIA 36
Estimated enemy WIA 255

On the 16th, the enemy made no attempt to probe friendly positions. They continued to place heavy fire on friendly patrols that endangered their positions. There were five enemy estimated KIA and three enemy WIA during the period.

On the following day the enemy showed little signs of offensive aggressiveness as they made no attempt to probe friendly positions but again offered heavy resistance to friendly patrols approaching the enemy OPLR. This action comprised the principle enemy activity of the period as hostile artillery and mortar continued to be of harassing nature. There were two enemy deserters captured during the period. These deserters identified the 6th Company, 2d Battalion, 19th Regiment, 13th Division of the II NK Army. Enemy casualties for the period were as follows:

Counted enemy KIA 9
Estimated enemy KIA 10
Counted enemy WIA 2
Estimated enemy WIA 19
POW 2

On the 18th, the enemy continued to be active during the daylight hours as numerous small groups were observed improving and supplying positions. Enemy mortar fire placed on friendly positions was light with no artillery fire received in the sector during the period. A large number of the enemy mortar rounds continued to be duds. Conditions remained the same on the following day.

On the 20th, the enemy showed little signs of aggressiveness as they made no attempt to engage friendly patrols or probe friendly positions. No enemy artillery or mortar fire was received during the period, and as this period ended, the regiment was relieved of front line positions by the 14th Regiment, 25th Division.

PART VI. CHRONOLOGY

As the February period opened, the regiment was in division reserve in the vicinity of TOKKOL-LI. On the 3d, the regiment started the relief of the 31st Infantry on positions just west of the Punch Bowl in the MUNDUNG-NI Valley. The relief was a night operation and it continued on the night of the 4th. On the 5th, the non-combatant units moved into positions to complete the relief of the 31st Infantry.

When the 17th moved into positions the enemy was sending raiding parties nightly against friendly positions and accurate friendly fire took their toll of enemy.

At 1800 hours on the 10th, Operation Clam Up went into effect. Its purpose was to decoy the enemy into thinking we had withdrawn from our positions. Detailed plans for ambushing and capturing enemy patrols which approached friendly lines were made and executed. In accordance with this order all daylight movement in positions under enemy observation was discontinued for the duration of the plan. This operation was also a test of discipline, because it provided valuable training opportunities in measures which would be essential in operating against an enemy having air superiority.

In the afternoon of the 10th, the artillery laid down several TOT's and at 1800 hours, all friendly activity ceased on the front line. On the evening of the 10th everything was quiet along the regimental front. On the evening of the 11th there were several enemy probes, but the friendly troops did not return the fire.

On the afternoon of the 12th it was evident that a large scale enemy attack was forthcoming as the enemy were massing in the MUNDUNG-NI Valley. The night's action was to see the best disciplined soldiers in the world hold their fire until a numerically superior force advanced to the 3d and LAST apron of barbed wire, just a few feet in front of their positions. Then was the order given to open fire. The element of surprise and the close proximity of the enemy made the friendly fire devastating and in a period of less than one hour, 226 enemy casualties had been

SECURITY INFORMATION

SECRET

inflicted without a single friendly casualty.

On the 13th of February, Colonel Richard A. Risen assumed command of the 17th Infantry. On the same day, the former commander, Lt Colonel Hal D. McCown departed the regiment on rotation.

In the afternoon of the 13th, the enemy were again grouping in the valley in front of the 3d Battalion, but they made only one small attempt to probe.

On the 14th, an estimated 1100 enemy grouped in the MUNDUNG-NI Valley and again moved on the 3d Battalion positions. The enemy proved very susceptible and unprepared for the sudden concentration of friendly fires and many casualties were inflicted.

On the 15th, at 1400 hours, operation CLAM UP terminated and all units placed prearranged fire on enemy positions.

Upon the termination of operation CLAM UP, the regiment began a period of intensive patrolling, dispatching ambush patrols and LP's from each company and generally a daily combat patrol from the 2d and 3d Battalions. One combat patrol from the 2d Battalion, dispatched on the 17th, made a successful attack on the enemy strongpoint to the regimental front, "The Golden Nugget". The patrol employed flame throwers, small arms and automatic weapons, inflicting many casualties and burning fortifications around the "nugget".

From the 17th to the 21st, there was very little activity along the regimental front. Enemy artillery ceased for several days and friendly forces were subjected to relatively light harassing mortar fire.

On the evening of the 20th, the regiment was relieved of their line positions by elements of the 14th Regiment, 25th Division and on the morning of the 21st, when the relief was complete, the 17th Infantry moved from the vicinity of TUTAYON, (vic DT 123359) in the X Corps area to the vicinity of HWACHON (ct 866175) under the control of IX Corps.

For the remainder of the month the 17th remained in a Corps reserve status and worked on the improvement of the area and the rehabilitation of the unit.

PART VII DISCUSSION AND RECOMMENDATIONS:

At 1800 hours on the 10th of February, 1952, Operation CLAM UP went into effect across the entire EUSAK front. The purpose of this operation was to decoy the enemy into thinking we had made a withdrawal. In accordance with this order, all daylight activity ceased in areas which were under enemy observation and plans for ambushing and capturing enemy patrols were made. Each man in the regiment had been made fully aware of the Buffaloes' primary mission; to hold their fire and capture the enemy. This mission was to be carried out unless our positions became endangered, at which time our troops were to control their fire in such a manner to insure killing the maximum number of enemy.

The secondary mission assigned the 17th was designed to give front line units training under conditions such as would be encountered if the enemy held air superiority. The forward elements in bunkers on the MLR were ordered to remain out of sight of the enemy during the daylight hours, with supply trains moving up the hill each night under the cover of darkness. In no case did the supporting elements fail the forward defenders, for personnel, equipment, and needed supplies were readily available even though all operations were accomplished in strict compliance with blackout regulations.

The fire discipline displayed in the early hours of the 12th and 14th by the 3d Battalion was especially noteworthy and a tribute to both officers and men. On both occasions the enemy was observed building up a large striking force forward of the 3d Battalion positions. Small arms and automatic weapons fire was received by friendly troops in preparation for the enemy attack, but there was not a shot fired by the Buffaloes until the advancing elements had cut a path through the tactical wire less than 30 yards in front of our positions. It was evident by that time that to capture the enemy was of secondary importance to the security of our lines, and on both occasions withering fire placed at close range all but annihilated the attackers. Although numerically

SECURITY INFORMATION

SECRET

superior enemy forces were employed in these engagements, the sound judgement of the officers and the unparalleled courage and discipline of the men, which enabled them to hold their fire until the last possible minute was responsible for the many casualties delt the enemy.

RECOMMENDATION: That an operation of this nature be conducted at intervals of approximately three months if only to insure combat units of continuous training in blackout operation. The element of decoying the enemy may of course be lessened, but the acquired training may easily overshadow this assumption.

LOST AND FOUND

THE FIGHTING HAD BEEN HARD AND FURIOUS IN THE RUGGED MOUNTAINOUS TERRAIN OF THE EAST CENTRAL FRONT. THE WEARY "BUFFALOES" OF KING COMPANY HAD STOPPED FOR A BREATHER AFTER SETTING UP A DEFENSE ON NEWLY WON GROUND.

CPL FRED H. MULLIGAN, A MEDIC ASSIGNED TO THE FOURTH PLATOON REMOVED HIS FALSE TEETH AND WAS PREPARING TO REFRESH HIS MOUTH. FINDING THERE WAS A DEFINITE SHORTAGE OF WATER, MULLIGAN PLACED THE TEETH IN HIS PACK TO KEEP THEM FROM BEING LOST OR BROKEN.

DURING THE NIGHT, COMMUNIST HORDES SWARMED OVER THE COMPANY AREA CAUSING THEM TO WITHDRAW TO ALTERNATE POSITIONS WHICH HAD BEEN PREPARED EARLIER. CPL MULLIGAN WAS KEPT VERY BUSY THROUGHOUT THIS PERILOUS NIGHT AND HIS FALSE TEETH HAD BEEN LEFT BEHIND.

THE "BUFFALOES" REGROUPED DURING THE PREDAWN HOURS AND AT THE BREAK OF DAY COUNTERED TO REGAIN THE GROUND THEY HAD LOST TO AN OVERWELMING ENEMY. MULLIGAN RETURNED TO THE PLACE HE HAD LEFT HIS PACK ONLY TO FIND IT HAD BEEN CONFISCATED.

SEVERAL NIGHTS LATER THE REDS AGAIN CAME IN FULL FORCE, BUT THE "BUFFALOES" WOULD NOT BUDGE. SCORES OF THE ENEMY HAD BEEN KILLED OR WOUNDED AND LEFT BEHIND.

CPL. MULLIGAN, WITH SEVERAL MEMBERS OF KING COMPANY, SEARCHED FOR WOUNDED OVER THE BLOODY BATTLE GROUND. MULLIGAN CAME UPON A WOUNDED CHINESE SOLDIER AND BEGAN TO SEARCH HIM FOR CONCEALED WEAPONS. RUMMAGING THROUGH HIS PRISONER'S POCKETS HE DISCOVERED A SET OF AMERICAN-MADE FALSE TEETH, SOON TO FIND THEY WERE HIS OWN.

THE "BUFFALOES" SCORED A SECOND VICTORY THAT LONG BITTER NIGHT. MULLIGAN WAS ABLE TO EAT AGAIN.

COMMUNISTS REJECT LATEST UN PROPOSAL

AT PANMUNJOM YESTERDAY, THE ALLIES PROPOSED THAT TEAMS FROM NEUTRAL NATIONS BE NAMED TO INTERVIEW DISPLACED PERSONS IN KOREA TO DETERMINE WHERE THE "DP'S" WANT TO LIVE AFTER AN ARMISTICE. THE COMMUNISTS REJECTED THE PROPOSAL.

THE UN DELEGATION ASKED THE REDS TO RECONSIDER OR ELSE OFFER A PROPOSAL OF THEIR OWN.

THERE WERE NO OTHER REPORTS FROM THE TRUCE TALKS, HOWEVER, THE NEGOTIATORS WILL MEET AGAIN TODAY.

NEWS BITS

SELECTIVE SERVICE DIRECTOR, LEWIS HERSHEY, SAYS ABOUT 430,000 MEN WILL BE DRAFTED IN THE PERIOD BETWEEN LAST DECEMBER 1 AND JUNE 30, 1952. HE TOLD THE HOUSE ARMED SERVICES COMMITTEE THAT THIS WOULD STILL LEAVE A POOL OF NINE HUNDRED THOUSAND FROM WHICH MEN COULD BE TAKEN FOR A UNIVERSAL MILITARY TRAINING PROGRAM.

HE SAID THAT A U.M.T. PROGRAM IS A MUST, AND THAT THE SOONER WE HAVE IT, THE BETTER. THE SOONER U.M.T. IS PUT INTO EFFECT, HERSHEY SAID, "THE SOONER WE CAN AFFORD TO REDUCE THE SIZE OF THE STANDING ARMED FORCES."

PRIME MINISTER WINSTON CHURCHILL'S CONSERVATIVE PARTY WON A VOTE OF CONFIDENCE YESTERDAY ON HIS NEW AUSTERITY PROGRAM. THE VOTE APPROVED HIS PLAN FOR DOLLAR SHORT BRITAIN TO BUY LESS AND SELL MORE ABROAD.

JOHN M. ALLISON WAS CONFIRMED YESTERDAY BY THE SENATE AS ASSISTANT SECRETARY OF STATE FOR THE FAR EAST. HE SUCCEEDS DEAN RUSK WHO HAS RESIGNED.

THE BUFFALO BUGLE IS PREPARED DAILY EXCEPT SUNDAY BY AND FOR THE MILITARY PERSONNEL OF THE 17TH INFANTRY "BUFFALO" REGIMENT, APO 7 BY THE REGIMENTAL TIE SECTION. EDITORIAL VIEWS AND OPINIONS ARE NOT NECESSARILY THOSE OF THE DEPT OF THE ARMY. CIVILIAN NEWSPAPERS ARE NOT AUTHORIZED TO REPRINT AFPS MATERIAL.

COMMAND REPORT - 5 February 1952

DAILY NARRATIVE

On the 5th of February, the 17th Infantry completed the relief of the 31st Infantry and assumed the operational control of the sector. The weather was cold and clear with unrestricted visibility.

The 1st Battalion remained in the previously occupied positions of the MLR. At 2100 hours, one squad from "C" Company departed on an ambush mission for vicinity DT 150402. They remained there until 2300 hours at which time they returned to base with a negative report.

At 1100 hours, "F" Company departed on a recon patrol for vicinity DT 135403. At 1215 hours the patrol received enemy fire from vicinity DT 123405. The patrol continued on its mission and closed in at base without further contact with the enemy. At 1830 hours, another recon patrol departed, this time from "G" Company. The patrol received fire from DT 123405, and again from vicinity DT 123407 and DT 120404. The patrol did not return the fire and returned to base at 2250 hours. At 2020 hours, and again at 2210 hours, "E" Company LP reported hearing enemy to their front. The LP observed one enemy MG firing from vicinity DT 123405 at 2350 hours. The machine gun was silenced by friendly 60mm mortar fire. The "E" Company LP closed in the following morning. The "F" Company LP (vic DT 131406) reported hearing enemy in front of their positions at 2315 hours at which time they returned to base, and at 2330 hours "F" Company received a light probe by an estimated 10 enemy in the vicinity of DT 127405. Friendly elements returned the fire and the enemy withdrew after a five minute fire fight. There was no estimate of enemy casualties during this encounter.

At 0835 hours one squad from "K" Company departed on a recon patrol for objective DT 109405. They reached their objective at 1000 hours and received 8 rounds of 82mm mortar fire. They withdrew and closed in at base at 1010 hours. At 0430 hours and estimated 12 to 15 enemy cut wires

forward of "L" Company's positions (vic DT 119403) and placed heavy small arms fire on friendly bunkers in that vicinity. Friendly fire was returned and the enemy withdrew. During the day the battalion worked on improving their positions. During the evening hours of the period the "L" Company LP forward of their positions reported seeing several groups of enemy approaching their positions, but no contact was made with the enemy troops and the LP closed in at base at 2040 hours.

Tank Company was deployed in the following positions: 1st Platoon DT 115405; 3d Platoon DT 115395; 1 Section, 2d Platoon Dt 142407; 4th Platoon Hill 605, vic DT 104403. The company fired 54 rounds during the period.

As the period closed the relief of the 31st Infantry had been completed. The relieving units of the 17th had moved in at night, and while the enemy was suspicious of a relief, they were unable to detect the movement and place effective fire on the friendly units.

COMMAND REPORT - 7 February 1952

DAILY NARRATIVE

On the 7th of February the 17th Infantry remained in the previously reported position. The visibility was slightly restricted during the entire period, with mild temperatures during the day and cold during the night and early morning.

On this date Operation Instruction No 29, Hq 17th Infantry was issued. The code name for this operation was "CLAM-UP". Its purpose was to decoy the enemy into thinking we had withdrawn from our present positions. Detailed plans for ambushing and capturing enemy patrols which approach friendly lines were made and executed. In accordance with this order all daylight movement in positions under enemy observation was discontinued for the duration of the plan which went into effect from 101800 Feb to 160600. Also this operation was a test of discipline for provided valuable training opportunities in measures which would be essential in operating against an enemy having air superiority.

There was very little activity along the regimental front during this period. The 1st Battalion remained in the previously reported positions and dispatched the scheduled patrols in the assigned areas. All patrols returned to base without having contact with the enemy.

The 2d Battalion also dispatched the assigned patrols and LP in their area and they returned to base with negative reports.

At 0900 hours, one squad from "I" Company departed on a combat patrol. While en route the patrol received artillery and mortar fire, and at 1000 hours they reached their objective and destroyed one enemy bunker at 1035 hours. While returning to base the patrol received SA and AW fire from an estimated 15 enemy in the vicinity of DT 102408. The patrol and the MLR delivered SA, AW, 57RR, 45RR and 76mm fire on the enemy positions. Artillery covered the withdrawal of the patrol by the use of smoke and they closed in at 1200 hours. At 2045 hours, three enemy were observed by "I"

Company. Automatic weapons fire was placed and three enemy were estimated WIA. "I" and "K" Companies dispatched LP at 1830 hours and they closed in the following morning with a negative report. The "L" Company LP dispatched at 1800 hours reported hearing three enemy approaching their positions. They closed in at base at 2000 hours. At 2110 hours, "L" Company reported an undetermined number of enemy to their front. At 2325 hours, four enemy dressed in white suits were observed forward of "L" Company's positions, 81mm mortar fire was placed and the enemy suffered an estimated three casualties.

Tank Company remained in the previously reported positions and fired 294 rounds, destroying 25 enemy bunkers.

Numerous small enemy groups were again reported by ground observers during early hours of darkness near friendly positions, but the enemy made no attempt to probe. The enemy continued to place mortar, artillery and infantry weapons fire on friendly daylight patrols. The number of sightings by G/OP's showed a decrease over the previous period.

Enemy casualties for the period were as follows:

Counted KIA	4
Estimated KIA	3
Estimated WIA	10
POW	1

The effective strength of the regiment as of 1800 hours of this period was as follows:

146 Officers (6 Class II)
18 Warrant Officers (1 Class II)

1. During the period 150000 Feb 11 to 150600 Feb 12, the Eighth Army will attempt to decoy En into ambushes against our lines and will ambush and capture such patrols. In implementation of this plan the 17th Inf will:

a. Discontinue all patrolling and movement forward of prepared positions on the MLR.

b. Make every effort to conceal from En all troops and equipment and deceive the En into believing our troops have withdrawn from present Pzns.

c. Discontinue all firing except at instances where, in the opinion of the Cdr on the spot, firing is necessary to preserve the integrity of the Def Pzn or where firing is part of a plan to capture En patrol that cannot otherwise be captured.

d. Eliminate vehicular traffic during daylight hours on roads under En observation; restrict night vehicular traffic to the minimum; maintain strict blackout of vehicles and installations. (Annex 1 Com 7/L).

e. Eliminate pockets of friendly troops, the presence of friendly troops and equipment.

2. The impression of a withdrawal will be augmented by increased arty firing during the night of 10-11 Feb 52 and afternoon of 11 Feb 52. Front line tanks will participate in this increased activity on afternoon of 10 Feb 52.

3. Tanks and other material and heavy equipment in forward Pzns will be withdrawn from En observation immediately after dark on 10 Feb 52 but will be retained in general Vic. Auxiliary motors of tanks in Vic MLR will be operated daily for minimum time required to keep batteries charged. Periods of operation will be conducted under the most favorable conditions of wind and location to insure minimum noise reaching En.

4. Detailed plans for ambushing and capturing En patrols which approach friendly lines will be made and executed. These plans will be designed to provide maximum concealment of the situation within friendly Pzns and minimum compromise of over-all plan without jeopardizing security of present Pzns.

OI #29, Hqs 17th Inf, dtd 7 Feb 52, contd:

5. Movement on foot through areas open to En observation during daylight will be restricted to necessary evacuation of wounded and repair of essential wire lines. Alternate concealed forward trails will be constructed prior to 101800 Feb 52 to replace present trails which are under En observation and considered essential for use during daylight hours.

6. Daylight vehicular traffic will be eliminated on all roads and areas which are under En observation with exception of ambulance vehicles required to evacuate wounded patients who, in the opinion of qualified medical personnel, cannot be delayed until hours of darkness. During hours of darkness, "blackout" of all vehicles will be maintained forward of Div CP. (Annex 1 Opn O/L). Ba Coirs will establish necessary check points and road blocks to insure compliance in assigned sectors.

7. Warring fires are prohibited in all locations where smoke or flame can be observed by the En.

8. Engineer heavy equipment and blasting activities will be discontinued in areas forward of Grid 37. (Annex 1 Opn O/L).

9. Communication by radio will be kept to minimum. Only one network check will be made daily at 1800 hours.

10. This Opn is a test of discipline in addition to the staff's primary purpose. It also provides valuable training opportunities in measures which would be essential in operating against an En having air superiority. All personnel will be briefed on the plan to the extent necessary to insure its success. Briefing will emphasize:

a. Necessity for minimum movement to and from forward defensive positions during hours of daylight and during moonlight periods.

b. Necessity for maximum alertness by personnel in forward areas during hours of darkness and maximum rest during daylight hours.

11. Prompt, complete and accurate reports of all incidents and observed En movement and activities will be made at all levels.

12. Code name for this operation is "CLAW UP".

COMMAND REPORT - 8 February 1952

DAILY NARRATIVE

On the 8th of February, the 17th Infantry remained in the previously reported positions. The weather was clear and mild with unrestricted visibility for the entire period.

There was no enemy activity in the 1st Battalion during the period. However, the assigned ambush patrols were dispatched and closed in with negative reports.

There was only slight activity in the 2d Battalion during the period. At 2150 hours, "E" Company observed 2 or 3 enemy in front of their positions and placed small arms and automatic weapons fire, effectively dispersing the enemy. Throughout the period the battalion dispatched the assigned patrols and all closed in with a negative report.

At 0630 hours, "L" Company reported hearing enemy cutting wire forward of their positions. The friendly troops opened fire and fire was returned from different positions indicating a larger force than was originally observed cutting wire. However, the enemy dispersed and made no further contact. At 0900 hours, one squad from "K" Company departed on a combat patrol. The patrol received 19 rounds of enemy mortar fire between the hours of 1030 and 1050. They observed two dead enemy en route and returned to base at 1110 hours. At 1600 hours, "M" Company observed an enemy kitchen in the vicinity of DT 108432. The friendly elements employed 75mm RR fire resulting in an estimated 3 enemy KIA and one enemy WIA.

Tank Company remained in the same positions and the 4th Platoon, located on Hill 605 fired 117 rounds of ammunition against the enemy held positions. The section of the 4th Platoon of tanks in the forward blocking positions fired in support of the 3d Battalion.

Heavy Mortar Company remained in the previously reported positions and fired 252 rounds in support of the regiment.

The enemy attitude continued to be defensive with no attempt to probe friendly positions being made. The volume of enemy sniper fire showed a decrease over the previous period as did the volume of artillery and mortar fire which was received by the 1st and 3d Battalion. The enemy showed little signs of activity with the exception of numerous sightings of small groups digging in on Hill 871 (vic DT 141409). Enemy morale continued to be considered poor.

The effective strength of the regiment as of 1800 hours of this period was as follows:

148 Officers (6 Class II)
18 Warrant Officers (1 Class II)
3567 Enlisted Men (476 Class II)
273 ROKA (attached)

Medical Admissions and dispositions for the period were as follows:

Patients seen	49 (17th - 43)
Patients evacuated	13 (17th - 10)
Patients to quarters	16
Patients to duty	20

COMMAND REPORT-- 9 February 1952

DAILY NARRATIVE

On the 9th of February, the 17th Infantry remained in the previously reported positions. The weather for the period changed from that of the previous day and became cold and cloudy with restricted visibility.

There was no enemy contact made in the 1st Battalion or 2d Battalion during the period, but the assigned patrols were dispatched and returned with negative reports.

There was very little action in the 3d Battalion during the period. At 2115 hours, the "L" Company LP observed six enemy wearing dark uniforms in the vicinity of DT 120405. 81mm mortar fire was placed and an estimated three enemy casualties resulted. Several other small groups of enemy were observed by elements of the 3d Battalion, but they made no attempt to probe friendly positions.

The 4th Platoon of tanks continued to fire in support of the 3d Battalion and destroyed six bunkers along the 3d Battalion front.

An attached squad from the 187th Airborne RCT was engaged in testing the practicability of using a 105mm RR in this type of "Knob to knob" fighting. They fired 21 rounds from positions on Hill 605 destroying two bunkers in the vicinity of Hill 642.

The enemy showed little signs of aggressiveness as they made no attempt to probe friendly positions nor to engage friendly patrols. The largest volume of artillery and mortar fire continued to be concentrated on the positions of the 1st Battalion. Five enemy were estimated KIA and three were counted WIA during the period.

The effective strength of the regiment as of 1800 hours of this period was as follows:

147 Officers (6 Class II)
18 Warrant Officers (1 Class II)
3570 Enlisted Men (477 Class II)
273 ROKA (attached)

Medical Admissions and dispositions for the period were as follows:

COMMAND REPORT - 10 February 1952

DAILY NARRATIVE

On the 10th of February, the 17th remained in the previously reported positions. The weather for the period remained cold and clear with unrestricted visibility. At 1800 hours of this period operation "CLAM-UP" went into effect and all units proceeded as per schedule.

There was no enemy contact in the 1st Battalion area during the period, however, small enemy groups were sighted by the battalion OP. Listening posts were dispatched by each company and they closed in the following morning with negative reports.

At 0130 hours, two platoons from "F" Company departed on a combat mission for an enemy held fortress-bunker in the vicinity of DT 123407. This large bunker appeared to be a unit CP or possibly a warming bunker for the troops. It had withstood direct hits from friendly eight-inch shells. The first platoon, was to act in a support capacity to lay down a base of fire for the attack platoon. The support platoon was in position at 0145 hours and the assault element proceeded to vicinity DT 123405. Upon their arrival at this point they found the steep hill unaccessable due to the ice caused by the thaw and freeze. The patrol was ordered to return to base and closed in at 0530 hours without having contact with the enemy. During the late afternoon the troops increased their fire and gave the general appearance that a withdrawal was going to take place. At 1800 all firing ceased. After that time several enemy were observed by the battalion OP moving supplies and carrying ammunition. LP's were dispatched about 40 yards forward of their companys positions and all closed in the following morning with negative reports.

One squad from "I" Company departed at 0220 hours for vicinity DT 104402 and arrived at 0400 hours. The patrol made no contact with the enemy and returned to base at 0530 hours. At 2250 hours, an undetermined number

of enemy was heard in front of "L" Company and one strand of barbed wire was cut.

Tank Company remained in the previous positions and fired on bunkers and troops to their front. They stopped firing at 1800 hours, in compliance with the "CLAM-UP" operation.

The enemy attitude continued to be defensive as they made no attempt to engage friendly elements but continued to construct and supply positions. Enemy artillery and mortar fire consisted principally of a 45 minute heavy concentration on the 1st Battalion. Three enemy were estimated WIA during the period.

The effective strength of the regiment as of 1800 hours of this period was as follows:

147 Officers (6 Class II)
18 Warrant Officers (1 Class II)
3571 Enlisted Men (477 Class II)
274 ROKA (attached)

Medical admissions and dispositions for the period were as follows:

Patients seen	59
Patients evacuated	9 (17th - 8)
Patients to quarters	21

COMMAND REPORT - 11 February 1952

DAILY NARRATIVE

On the 11th of February, the Buffaloes remained in the previously reported positions on the MLR. In accordance with operation "CLAM-UP" the men remained in their positions during the daylight hours, out of sight of the enemy troops. The weather for the period was cloudy and cold with intermittent snow.

There was very little activity along the regimental front during the period. Each battalion dispatched LP's a short distance forward of their positions and the 1st and 2d Battalion LP's returned the following morning with negative reports. The 3d Battalion LP's returned at 0130 the following morning and it was apparent from their reports that a large scale enemy attack was eminent.

During the period there was no firing by the friendly troops and the fire discipline showed by the 17th was a worthy tribute to the officers and men.

Numerous small groups of enemy were reported by ground observers constructing and supplying positions with no apparent fear of possible friendly fire. The enemy placed small arms and automatic weapons fire on friendly positions during most of the daylight hours. They did not place any concentrated fire nor attempt to probe friendly positions during the period.

The effective strength of the regiment as of 1800 hours of this period was as follows:

147 Officers (6 Class II)
18 Warrant Officers (1 Class II)
3571 Enlisted Men (477 Class II)
274 ROKA (attached)

Medical admissions and dispositions for the period were as follows:

Patients seen	44
Patients evacuated	6 (17th - 5)
Patients to quarters	7
Patients to duty	29
Battle Casualties	3

COMMAND REPORT - 11 February 1952

DAILY NARRATIVE

On the 11th of February, the Buffaloes remained in the previously reported positions on the MLR. In accordance with operation "CLAM-UP" the men remained in their positions during the daylight hours, out of sight of the enemy troops. The weather for the period was cloudy and cold with intermittent snow.

There was very little activity along the regimental front during the period. Each battalion dispatched LP's a short distance forward of their positions and the 1st and 2d Battalion LP's returned the following morning with negative reports. The 3d Battalion LP's returned at 0130 the following morning and it was apparent from their reports that a large scale enemy attack was eminent.

During the period there was no firing by the friendly troops and the fire discipline showed by the 17th was a worthy tribute to the officers and men.

Numerous small groups of enemy were reported by ground observers constructing and supplying positions with no apparent fear of possible friendly fire. The enemy placed small arms and automatic weapons fire on friendly positions during most of the daylight hours. They did not place any concentrated fire nor attempt to probe friendly positions during the period.

The effective strength of the regiment as of 1800 hours of this period was as follows:

147 Officers (6 Class II)
18 Warrant Officers (1 Class II)
3571 Enlisted Men (477 Class II)
274 ROKA (attached)

Medical admissions and dispositions for the period were as follows:

Patients seen	44
Patients evacuated	6 (17th - 5)
Patients to quarters	7
Patients to duty	29
Battle Casualties	3

COMMAND REPORT - 12 February 1952

DAILY NARRATIVE

On the morning of the 12th, the 17th Infantry sustained their first heavy attack since assuming positions. The weather for the period, and during the attack remained cloudy and cold with limited visibility.

In the 1st Battalion, three enemy were observed approaching "B" Company's positions. The enemy fired at the outpost and the men of the LP fired two shots; one live remaining enemy fled. There was no further action in the 1st Battalion area and the LP's closed without further contact.

There was no enemy action in the 2d Battalion area during the period and not a shot was fired.

In the 3d Battalion, it was evident that a large scale attack was forthcoming. Enemy had been observed, in the closing hours of the previous period, preparing for an aggressive action. At 0130 hours, the LP's were withdrawn. The first enemy was observed at 0007 hours, and they employed small arms fire against "K" and "L" Company's positions. Friendly troops held their fire. At 0110 hours, friendly troops observed an enemy MG emplacement covering the right flank of "K" Company. The machine gun opened fire, and still the men of the 3d Battalion held their fire. At 0120 hours, the battalion OP heard the ominous sound of a chinese bugle. At this time the enemy began crawling beneath the barbed wire and cutting a path through the forward defenses. Still the battalion held their fire. At 0140 hours, the bugle was heard again. This time 42 enemy dressed in white clothing and carrying two machine guns were observed in the vicinity of DT 116406, and 100 enemy with 13 automatic weapons were observed in the vicinity of DT 120406. Several other groups of enemy with automatic weapons were observed firing on the 3d Battalion positions. The friendly troops stood fast and held their fire. The enemy was observed placing mortars

in position and at 0240 hours, 150 enemy were observed assembled at vicinity DT 115407. The visibility was slightly restricted but the enemy were observed streaming down Hill 642, and an additional 150 enemy were observed in the vicinity of DT 115407. At this time the tanks were ordered to be prepared to move. At 0254 hours, the enemy had established a base of fire on Hill 636. 100 to 150 enemy formed a skirmish line in front of "L" Company and 50 formed in front of "K" Company. Six enemy MG's fired on "L" Company's positions at 0305 hours, and an estimated 150 enemy began the attack on "L" Company. A few minutes later, 25 to 30 enemy attacked "K" Company's positions. At 0312 hours, the long awaited signal was given and the battalion opened fire on the attacking enemy troops. These were the first shots fired in the battalion since the "CLAM-UP" operation began, and the attacking enemy was thrown into confusion. At 0320 hours, the second wave of enemy troops began the assault on the battalion's positions. 100 enemy troops attacked "L" Company and the same number attacked "K" Company. The friendly tanks moved into positions and their support, plus the 4.2", 81mm mortars and the artillery devastated the base of fire set up on Hill 636. The artillery fired flares and a continuous column of enemy troops was observed moving from Hill 642 towards "L" Company's position. The effective S/A and A/W fire from "K" Company stemmed the attack on their positions at 0338 hours, and the enemy began to withdraw. "K" Company proceeded to support "L" Company with fire and at 0350 hours the enemy attacking were beginning to withdraw. Two enemy machine guns firing at the battalion CP were destroyed by artillery fire. The enemy withdrew at 0405 hours and the battalion was ordered to cease fire. Approximately 426 enemy had participated in the attack, and the Battalion for a short while continued to receive sporadic small arms fire.

In fifty-two minutes of firing, the men of the battalion stemmed the attack, and inflicted 226 enemy casualties, without sustaining a SINGLE FRIENDLY CASUALTY. The sound judgement of the officers and the unparalleled courage and discipline of the men, which enabled them to hold their fire until the last possible minute, was responsible for the victory and is

indicative of the Buffalo team.

Enemy casualties during the period were as follows:

Summary:

The enemy activity during the daylight hours consisted principally of numerous small groups moving north and south on the East MSR. During the early hours of darkness on 11 Feb 52, numerous small groups and much activity was observed in front of the 3rd En positions. The enemy were observed unhurriedly placing supporting weapons and dispersing their personnel with no apparent fear of possible friendly opposition. After much preparation, the enemy made his first large scale attack since the regiment assumed positions and were repulsed after suffering heavy casualties.

COMMAND REPORT - 13 February 1952

DAILY NARRATIVE

On the 13th the Buffaloes remained in the previously reported positions and all movement was curtailed in accordance with operation "CLAM-UP". The weather was overcast and snowy in the early hours of the period, but turned clear and mild with unrestricted visibility during the daylight hours.

In the 1st Battalion at 0310 hours, several enemy probed "B" Company's security outposts and fired a burp gun at friendly troops in the area (vic DT 141408) friendly troops returned the fire and one enemy was estimated KIA.

Several enemy were observed by the troops of the 2d Battalion. However, no attempt was made by the enemy to probe positions and the battalion had no contact with the enemy.

During the daylight hours there was no action in the battalion sector. However, as night fell it was evident that the enemy was again building up a large striking force. They were not as bold as the previous night, and nor were they in such large number. They milled around in front of the battalion and made only one attempt at a light probe. About forty or fifty enemy attacked "L" Company's positions and were repulsed by the small arms fire from the 3d Battalion with an estimated five KIA. The enemy withdrew and detonated a friendly mine. There was no further contact with the enemy during the period.

The enemy again approached positions of the 3d Battalion in much the same manner as in the previous period, but only one attempt to engage the friendly elements was made. The enemy again cut tactical wire and one instance of probing for mines was observed.

Two flights were made for the S-3 and S-1 to reconnoiter the new area for a proposed move back to reserve in the vicinity of Hwachon.

The effective strength of the regiment as of 1800 hours of this period was as follows:

149 Officers (6 Class II)
18 Warrant Officers (1 Class II)
3593 Enlisted Men (476 Class II)
275 ROKA (attached)

Medical admissions and disposition for the period were as follows:

Patients seen	69
Patients evacuated	12 (17th - 7)
Patients to quarters	23
Patients to duty	34
Battle Casualties	2
Cold Injuries	1

The enemy again cut tactical wire and one instance of probing for mines was observed. Enemy movement and activity as reported by ground observers showed an increase over the previous period and it was believed many carried packs or supplies. One small enemy patrol engaged elements of the 1st Bn in a brief fire fight.

COMMAND REPORT - 14 February 1952

DAILY NARRATIVE

On the 14th of February the 17th Infantry remained in the previously reported positions in the vicinity of TUTAYON (DT 123359). The weather was overcast with intermittent snow and restricted visibility during the entire period.

There was very little action in the 1st and 2d Battalion area during the period. LP's were dispatched by each company and they closed in the following morning with a negative report. Several enemy were observed, but they made no attempt to make contact.

In the 3d Battalion, during the period between 1900 hours and 150135 hours an estimated 1100 enemy were observed. At 2145 hours, an undetermined number of enemy started to attack "L" & "K" Company's positions. They were repulsed by friendly S/A & A/W fire at 2330 hours and suffered an estimated 150 casualties. While the enemy was retreating they detonated a friendly mine and suffered an estimated five additional WIA.

During the period the enemy again massed in the MUNDUNG-NI valley and proceeded to cut friendly tactical wire and emplace supporting weapons with no apparent fear of possible friendly fire. Attempts to probe "K" and "L" Companies positions were quickly repulsed after the enemy had suffered heavy casualties. The night's action closely paralleled the preceding periods, but with the enemy strength far exceeding the previous actions. The enemy proved very susceptible and unprepared for the sudden concentration of friendly fires and many enemy casualties were inflicted.

Enemy casualties for the period were as follows: 4 KIA and 7 WIA.

During the period, a quartering party was dispatched from the 17th Infantry to reconnoiter a possible site for the regiment in the vicinity of HWACHON. The party returned the same day and began making plans for the forthcoming move.

The effective strength of the regiment as of 1800 hours of this period was as follows:

152 Officers (6 Class II)
18 Warrant Officers (1 Class II)
3498 Enlisted Men (470 Class II)
275 ROKA (attached)

Medical admissions and disposition for the period were as follows:

Patients seen	49
Patients evacuated	6 (17th - 3)
Patients to quarters	20
Patients to duty	23

COMMAND REPORT - 15 February 1952

DAILY NARRATIVE

On the 15th of February, the 17th Infantry remained in the previously reported positions. At 1400 hours, operation "CLAM-UP" terminated and all unit placed prearranged fire on the enemy positions, inflicting many casualties and destroying many enemy emplacements. The weather for the period remained overcast and cold with restricted visibility during the entire period.

In the 1st Battalion activity was light, the LP8s were dispatched and closed in without incident. Each company dispatched ambush patrols and the A & B ambush parties returned with negative reports, but the "C" Company patrol engaged 10 enemy at 2000 hours in the vicinity of DT 150403. After a Brief fire fight the enemy withdrew with an estimated 4 WIA.

There was no enemy contact made by patrols of the 2d Battalion during the period and all patrols dispatched by the battalion closed with a negative report.

In the 3d Battalion, as the period opened, the enemy were withdrawing after being repulsed by the fire of the 3d Battalion. There was no further contact in the battalion area. However, the "K" Company patrol dispatched at 1530 hours received several rounds of mortar fire in the vicinity of DT 112413 and the mortar was silenced by artillery fire. The patrol also received small arms fire from vicinity DT 101412.

Upon termination of operation "CLAM-UP" the battalions fired on enemy bunkers and suspected enemy positions. The firing resulted in the destruction of 42 bunkers, damaged 28 bunkers, killed an estimated 34 enemy and wounded an estimated 75.

During the period of friendly inactivity the enemy again showed heavy resistance to enemy patrols when they endangered their positions. The enemy made no attempt to engage patrols which did not approach their positions.

The effective strength of the regiment as of 1800 hours of the period was as follows:

152 Officers (6 Class II)
18 Warrant Officers (1 Class II)

"BURP GUN BOOGIE"

BY SGT. DICK MCGOWAN

IMPRESSED BY THEIR BUDDY'S MUSICAL ACCOUNT OF THE "BUFFALO'S" HEROIC CONQUEST OF "MOUNT BALDY," MEMBERS OF "FOX" COMPANY HAVE BEEN WRITING STATESIDE CONTACTS IN HOPES OF HAVING THE SONG PUBLISHED.

CPL. IRVIN W. MILLER PUT TO MUSIC THE FAMOUS BATTLE IN A SONG ENTITLED -- "BURP GUN BOOGIE."

LETTERS ALREADY HAVE BEEN SENT TO BING CROSBY, FRANKIE LANE AND VAUGHAN MONROE, ALONG WITH COPIES OF THE SONG, ASKING THEM TO PLUG THE AMATEUR SONG WRITER'S KOREAN CONTRIBUTION TO "TIN PAN ALLEY."

SLASHING ATTACKS ON UNIVERSAL MILITARY TRAINING BY LEADERS OF CHURCH GROUPS HAVE LEFT SENATOR RICHARD RUSSEL, AS HE PUTS IT, "FRANKLY PUZZLED."

THE GEORGIA DEMOCRAT IS CHAIRMAN OF THE SENATE ARMED SERVICES COMMITTEE WHICH HAS BEEN LOOKING INTO DETAILS OF UMT. MOST CHURCH UNITS BITTERLY ASSAILED THE PROPOSAL TO COMPEL 18-YEAR-OLDS TO TAKE SIX MONTHS BASIC TRAINING, BUT SAY THEY ARE WILLING TO GO ALONG WITH SELECTIVE SERVICE DRAFTS FOR SEVERAL YEARS MORE.

RUSSEL, ON THE OTHER HAND, IS LOOKING FOR UMT TO EVENTUALLY REPLACE THE DRAFT, BY BUILDING UP A VAST RESERVOIR OF TRAINED MANPOWER IN THE RESERVES.

The nights action closely paralleled the preceding periods, but with the enemy strength far exceeding the previous actions. The enemy proved very susceptible and unprepared for the sudden concentration of friendly fires as many enemy casualties were inflicted.

COMMAND REPORT - 16 February 1952

DAILY NARRATIVE

On the 16th of February there was very little activity along the regimental front. The only major action was a combat patrol dispatched by the 3d Battalion. The weather for the period was cloudy and cold with intermittent snow and restricted visibility.

There was no enemy contact in the 1st Battalion during the period. However, each company dispatched the assigned LP's and ambush patrols and they all closed in at base with a negative report.

The only enemy contact in the 2d Battalion sector with the enemy was made by an "E" Company recon patrol. The patrol destroyed a bunker and an estimated two enemy in the vicinity of DT 129412.

In the 3d Battalion a "K" Company squad sized combat patrol departed base at 0900 hours and received S/A, A/W and 60mm mortar fire. The patrol returned the fire and friendly elements from the MLR joined and silenced the enemy fire.

During the period Tank Company fired 304 rounds of 76mm, destroying 17 enemy bunkers and one enemy OP.

The enemy made no further attempts to probe friendly positions but continued to place heavy fire on friendly patrols that endangered their positions, but did not engage the patrols that made no attempt to approach their positions.

There were five enemy estimated KIA and three enemy WIA during the period.

The effective strength of the regiment as of 1800 hours of this period was as follows:

152 Officers (6 Class II)
18 Warrant Officers (1 Class II)
3497 Enlisted Men (468 Class II)
274 ROKA (attached)

Medical admissions and disposition for the period were as follows:

Patients seen	40
Patients evacuated	9
Patients to quarters	12
Patients to duty	19
Battle Casualties	7

PRESIDENT TRUMAN HELD A PRESS CONFERENCE YESTERDAY MORNING, BUT REPORTERS WERE UNSUCCESSFUL IN LEARNING WHETHER OR NOT THE PRESIDENT INTENDS TO RUN FOR REELECTION. THE PRESIDENT SAID HE WOULD MAKE A STATEMENT WHEN THE TIME COMES....

REDS INTERESTED IN MILITARY DATA

ALLIED STAFF OFFICERS EXPLORED A COMMUNIST NINE-POINT PRISONER EXCHANGE PLAN YESTERDAY, BUT THEY REJECTED A RED EFFORT TO PRY INTO SECRET AMERICAN MILITARY DESIGNS THROUGH BEHIND THE LINES INSPECTIONS.

IN A SUDDEN SWITCH YESTERDAY, THE REDS INSISTED THAT MUTUAL INSPECTION TEAMS HAVE THE RIGHT TO LOOK CLOSELY AT ANYTHING THEY WANT TO. PREVIOUSLY THEY HAD DEMANDED THAT SEVERE LIMITS BE PLACED ON THE INSPECTORS.

THE UNC REJECTED THE RED STAND. A UNC OFFICER MADE IT PLAIN THAT "THE PRINCIPLE OF LOOKING AT SECRET DESIGNS WOULD APPLY EQUALLY TO BOTH SIDES."

THE RED POW DRAFT IS SLIGHTLY NEARER TO THE UN VERSION REGARDING THE FUNCTIONS OF RED CROSS VISITING TEAMS.

TODAY THE REDS ARE EXPECTED TO REVEAL THEIR NEW ITEM FIVE PROPOSALS.

"Meow's In The Night"

A CAT CAPTURED BY "BUFFALOES" OF COMPANY L WAS PROPERLY DUBBED "CONFUSION."

"LOVE" COMPANY RECENTLY RECEIVED AN ALL-OUT ALERT WHEN A WEIRD CAT-LIKE SOUND WAS HEARD BY FOUR DIFFERENT LISTENING POSTS.

ALL REPORTED THE NOISE TO THE COMPANY COMMANDER AND ONE STATED, "IT SOUNDED TOO REAL TO BE A CAT."

THUS THE DISTURBANCE WAS FORWARDED TO REGIMENTAL HEADQUARTERS.

THE "BUFFALOES" WERE READY FOR ANYTHING, THINKING THE NOISE WAS SOME SORT OF A CHINESE SIGNAL.

AFTER SEVERAL MINUTES THE COMPANY COMMANDER WAS AGAIN SUMMONED TO THE PHONE. "SIR," SAID A MEEK VOICE, "A CAT JUST STROLLED INTO MY BUNKER."

COMMAND REPORT - 17 February 1952

DAILY NARRATIVE

On the 17th of February, the 17th Infantry remained in the previously reported positions. The only contacts during the period were made by patrols dispatched by the 2d and 3d Battalions. The weather for the period remained clear and cold with unrestricted visibility throughout the period.

There was no enemy contact made by elements of the 1st Battalion during the period and both the LP's and the ambush patrols dispatched by the battalion returned with negative reports.

In the 2d Battalion, one platoon from E Company was dispatched on a combat patrol to inflict casualties in the vicinity of the "Golden Nugget" (vic DT 123409). The patrol departed base at 2215 hours. The patrol reached the vicinity of DT 123408 where they received heavy small arms and automatic weapons fire from the enemy on three sides. The patrol engaged the enemy in a fire fight killing and estimated six enemy and wounding an estimated nine enemy. The platoon employed three flame throwers and burned several connecting trenches to the "Golden Nugget". The patrol returned to base the following morning, having sustained one friendly KIA and five LWA's.

In the 3d Battalion, one squad (reinforced) departed "I" Company at 0930 hours on a combat patrol. At 1030 hours, in the vicinity of DT 105413) the patrol made contact with the enemy. A fire fight ensued and the enemy suffered nine counted KIA, eight estimated KIA, and 19 estimated WIA. The patrol returned to base at 1130 hours. The battalion dispatched LP's at 1800 hours of this period and they all returned to base the following morning with negative reports. However, five enemy were observed by "L" Company and friendly troops employed small arms and hand grenades. One enemy was reported KIA in the early hours of the 18th (0010 hours).

Tank Company and Heavy Mortar Company fired in support of the regiment during the period.

The enemy showed little signs of offensive aggressiveness as they

made no attempt to probe friendly positions but again offered heavy resistance to friendly patrols approaching the enemy OPLR. This action comprised the principle enemy activity of the period as the hostile artillery and mortar continued to be of harassing nature. There were two enemy deserters captured during the period. These deserters identified the 6th Company, 2d Battalion, 19th Regiment, 13th Division, II NK Army.

Enemy casualties for the period were as follows:

Counted enemy	KIA	9
Estimated "	KIA	10
Counted "	WIA	2
Estimated "	WIA	19
POW		2

Operation Order No 50, 17th Infantry, was issued on this date. This order outlined the forthcoming proposed relief of the 17th Infantry by elements of the 14th Infantry. Also issued at this time was Change 1 to Administrative Order No 20, 7th Division. This change established the number of KSC Personnel that would accompany the units of the 7th Division on their move. The 17th Infantry was allowed to take 125 KSC Personnel and the remainder of the KSC's would pass to the control of the relieving units.

The effective strength of the regiment as of 1800 hours of this period was as follows:

HERD HALTS HOSTILE HORDES

BY STAN CARTER, AP CORRESPONDENT

THE COMMUNISTS FAILED THURSDAY NIGHT IN A MAJOR ATTEMPT TO BREACH THE UNITED NATIONS LINE ON THE EASTERN FRONT.

ELEVEN HUNDRED CHINESE REDS ATTACKED ALLIED POSITIONS IN THE DARK, SHADOWY MUNDUNG-NI VALLEY. IN A 49 MINUTE PITCHED BATTLE ALLIED TROOPS TURNED BACK THE ATTACK AND INFLICTED APPARENTLY HEAVY CASUALTIES

REDS PICK RUSSIA AS TRUCE INSPECTOR

ALLIED TRUCE NEGOTIATORS STOOD PAT YESTERDAY ON THEIR VETO OF RUSSIA AS A NEUTRAL TRUCE INSPECTOR. THE REDS HAVE NAMED RUSSIA, CZECHOSLOVAKIA AND POLAND AS THEIR CHOICES ON THE JOINT NEUTRAL INSPECTION TEAMS. THE UNO ACCEPTED THE CHOICE OF CZECH AND POLISH REPRESENTATIVES FOR THE POST-ARMISTICE INSPECTION TEAMS, BUT REJECTED RUSSIA FOR OBVIOUS REASONS.

THE UN APPEARS TO BE WILLING TO ACCEPT THE NEW RED PROPOSALS ON ITEM FIVE AND FOR A POST-ARMISTICE PEACE CONFERENCE, IF THE REDS AGREE TO UN INTERPRETATION OF THEIR PROPOSALS. THE PROPOSALS APPEAR TO ELIMINATE MANY STUMBLING BLOCKS ON THE ROAD TO AGREEMENT ON ITEM FIVE.

SATURDAY US NAVAL FORCES IN KOREAN WATERS BEGAN THEIR SECOND YEAR OF DAILY BOMBARDMENT AGAINST THE COMMUNIST PORT OF WONSAN.

WARSHIPS, MOST OF THEM AMERICAN, BEGAN A BIRTHDAY BOMBARDMENT SATURDAY MORNING. THE BEIGE OF WONSAN IS THE LONGEST EVER PARTICIPATED IN BY AMERICAN NAVAL UNITS.....

SEVEN ALLIED RAIDING PARTIES MADE HIT AND RUN ATTACKS IN WESTERN KOREA SATURDAY WHILE UN ARTILLERY POUNDED THE ENEMY. ALL SEVEN RAIDING PARTIES ENCOUNTERED OPPOSITION. ONE TANK-INFANTRY TEAM REPORTED RECEIVING 1000 ROUNDS OF ARTILLERY AND MORTAR FIRE IN A 20 MINUTE FIREFIGHT.

AN ALLIED OFFICER SAID AN ASSAULT IN SUCH STRENGTH COULD ONLY MEAN THE COMMUNISTS WERE ATTEMPTING TO DRIVE A WEDGE DOWN THE LONG AND NARROW VALLEY, PAST UN STRONGHOLDS ON EITHER SIDE. THE REDS MADE ONLY ONE ATTEMPT, HE SAID, BECAUSE OF THE SEVERE CASUALTIES THEY SUFFERED.

THIS CORRESPONDENT WATCHED FROM A HILL 200 YARDS AWAY AS THE COMMUNISTS APPROACHED UN POSITIONS; WERE MET BY WITHERING FIRE; AND FINALLY RETREATED UNDER COVER OF SMOKE SHELLS.

THE FIREFIGHT WAS JUST WEST OF HEARTBREAK RIDGE AND IN THE SHADOWS OF OTHER TALL, SNOW-COVERED MOUNTAINS WEST OF THE MUNDUNG-NI VALLEY.

DESPITE THE MOONLESS SKY, UN TROOPS WERE ABLE TO SEE THE COMMUNISTS APPROACHING THEIR POSITIONS FROM TWO ENEMY HELD HILLS, ONE ON EACH SIDE OF THE VALLEY. THE UN INFANTRYMEN HELD THEIR FIRE WHILE THE REDS CRYPT ACROSS A THIN LAYER OF SNOW ON THE VALLEY FLOOR.

ABOUT 600 REDS ADVANCED ON UN POSITIONS ON THE VALLEY FLOOR. SEVERAL GROUPS OF 100 TO 200 ENEMY TURNED TOWARD THE EAST AND WEST, WHERE OTHER UN INFANTRYMEN WAITED IN THE HILLS BORDERING THE VALLEY.

SOME OF THE REDS MANAGED TO CUT THE FIRST BARBED WIRE DEFENSES SURROUNDING THE ALLIED VALLEY POSITIONS.

THEN THE ALLIES OPENED UP WITH THEIR TREMENDOUS FIREPOWER. "BUFFALOES" NEAREST THE REDS HURLED HAND GRENADES. MACHINEGUNS CHOPPED DOWN OTHER CHINESE. UN RIFLEMEN AIMED AND FIRED. ALLIED MORTAR AND ARTILLERY PIECES SHOWERED THE AREA IN FRONT OF THE UN POSITIONS WITH SCHRAPPNEL. TANKS ROLLED OUT INTO

(CONTINUED PAGE TWO)

THE VALLEY AND TURNED THEIR .76 MILLIMETER GUNS ON THE REDS. FLAK WAGONS FIRED INCENDIARY BULLETS FROM TWO MILES BEHIND THE LINES.

THE COMMUNISTS COUNTERED WITH HEAVY VOLUMES OF SMALL ARMS AND AUTOMATIC WEAPONS FIRE AND WITH MORTAR FIRE.

IT'S A TRITE EXPRESSION, BUT THE EXCHANGE OF FIRE DID LOOK LIKE A GIGANTIC FOURTH OF JULY FIREWORKS EXHIBITION. TRACER BULLETS RICOCHETING INTO THE SKY LOOKED LIKE ROMAN CANDLES. FLAK SPARKLED WHEN IT HIT ITS TARGET. FLARES FLOATED SLOWLY DOWN OVER THE BATTLEFIELD.

SIX COMMUNIST MORTAR SHELLS HIT THE HILL WERE I WAS. ONE BOY, BRUISED BY THE CONCUSSION, TUMBLED HEAD-FIRST THROUGH THE APERTURE IN OUR BUNKER WHERE WE WERE WATCHING THE FIREFIGHT, RIGHT INTO THE ARMS OF MAJOR JAMES L. SPELLMAN. THE CONCUSSION KNOCKED THEIR HELMETS OFF THE HEADS OF SPELLMAN AND MAJOR JOHN PETRELLI, COMMANDER OF THE ALLIED TROOPS INVOLVED IN THE FIGHT.

FROM THE BUNKER, 1ST LT ANTHONY D. ORONATO WAS DIRECTING ARTILLERY FIRE AND CAPT GUY S. STONE WAS TALKING BY TELEPHONE WITH THE COMMANDERS OF ALLIED COMPANIES ON THE VALLEY FLOOR.

ALLIED GUNS FIRED 894 ROUNDS OF ARTILLERY AT THE COMMUNISTS IN ABOUT AN HOUR'S TIME.

FOR 30 MINUTES THE UN PLATOON LED BY 2ND LT SHELTON HOSKINS WAS ALMOST COMPLETELY SURROUNDED BY THE ENEMY, BUT HOSKINS' MEN REPULSED THE ATTACK ON THE LITTLE HILL THEY WERE HOLDING WITHOUT SUFFERING A CASUALTY.

2ND LT VALERIOUS R. SMITH'S PLATOON TRAPPED A HALF DOZEN REDS IN BARBED WIRE AND KILLED THEM WITH GRENADES AND MACHINEGUN FIRE.

CHET OSTROWSKI, 215 POUND END FROM NOTRE DAME, HAS SIGNED A CONTRACT TO PLAY WITH THE WASHINGTON REDSKINS.

REDSKINS MANAGER, DICK MCCANN SAID OSTROWSKI PLAYED ON OFFENSE LAST SEASON AND WAS ALSO OUTSTANDING ON THE DEFENSE IN THE EAST-WEST GAME ON NEW YEAR'S DAY.

KENNETH LOEFFER WHOSE LA SALLE BASKETBALL TEAM HAS WON 60 AND LOST ONLY FIVE OVER THE PAST THREE SEASONS, SIGNED A NEW THREE YEAR CONTRACT AS GAGE COACH.

LOEFFER HAS COACHED AT YALE, GENEVA, PA. AND WITH ST LOUIS AND PROVIDENCE OF THE BASKETBALL ASSOCIATION OF AMERICA. HE CAME TO LA SALLE FOR THE 1949-50 SEASON.

KEN HENRY OF CHICAGO GOT UP FROM A SICK BED SATURDAY AND LED NEW JERSEY'S MACK McDERMOTT HOME IN A STAR-SPANGLED 1-2 FINISH FOR THE OLYMPIC 500 METER SPEED SKATING CHAMPIONSHIP.

AFTER FIVE COMPLETED EVENTS IN THE GAMES SO FAR THE SCORE IS:

THEN THE REDS FIRED SMOKE SHELLS INTO THE VALLEY, SCREENING THE GROUND FROM SIGHT. THE FIRING DWINDLED OFF UNTIL THERE WAS ONLY THE SOUND OF AN OCCASIONAL ARTILLERY ROUND. UNDER THE COVER OF THE SMOKE, THE REDS WITHDREW OUT OF THE VALLEY AS ALLIED ARTILLERY CONTINUED HARASSING FIRE.

TRUCE REPORT-

YESTERDAY'S SCHEDULED PLENARY SESSION OF THE ARMISTICE TALKS WAS POSTPONED AT THE REQUEST OF THE COMMUNISTS. THEY GAVE NO REASON FOR THE REQUEST. THEY HAD BEEN EXPECTED TO REPLY TO THE ALLIED CONDITIONAL ACCEPTANCE OF THE RED ITEM FIVE AND POST-ARMISTICE PEACE CONFERENCE RECOMMENDATIONS.

BY SGT. CHUCK FRANCISCO

THE PHONE JANGLED IN THE REGIMENTAL OPERATIONS TENT AND THE VOICE ON THE OTHER END SAID: "BAKER COMPANY JUST FIRED TWO SHOTS AT THREE ENEMY... TWO ENEMY POSSIBLE KIA."

THAT CONFIDENT REPORT BROUGHT A CHUCKLE FROM WEARY OFFICERS IN THE S-3 TENT WHO WERE "SWEATING OUT" A COMMUNIST ATTACK. THE CHUCKLE TURNED TO AN APPRECIATIVE WHISTLE A FEW MINUTES LATER WHEN THE REPORT CAME IN THAT TWO ENEMY WERE DEFINITELY KILLED BY THE TWO SHOTS.

COLONEL R. A. RYSDEN, COMMANDER OF THE "BUFFALOES," SNORTED JOKINGLY: "WHY THE DEVIL DIDN'T THEY FIRE THE THIRD ROUND?"

THE NEXT MORNING SGT. THOMAS F. LUTZ, THE "BUFFALO" SHARPSHOOTER, WENT INTO DETAIL ABOUT HIS AMAZING MARKSMANSHIP AND TERSE ANNOUNCEMENT.

"I WAS ON AN OUTPOST WHEN THESE THREE REDS APPROACHED. THEY DIDN'T KNOW I WAS THERE AND I CAUGHT THEM BY SURPRISE. I TRIED TO GET THEM TO SURRENDER THROUGH MY KOREAN INTERPRETER. THEY LISTENED FOR A WHILE AND THEN STARTED RUNNING. I FIRED TWICE BUT THE THIRD ONE WAS OUT OF SIGHT BEFORE I HAD TIME TO FIRE. A LITTLE LATER I CHECKED AND I HAD KILLED BOTH OF THEM. I USED ONE SHOT EACH."

ONE OF THE NORTH KOREANS WAS APPARENTLY A HERO. HE WORE TWO INTRICATELY DESIGNED MEDALS EMBOSSED WITH THE RED STAR.

WORK THRU ATTACK

BY PFC RALPH S. HUTTON

FIVE COMMO MEN GUARDED BY TWO MEMBERS OF THE I&R PLATOON RECENTLY RAN 2500 METERS OF WIRE TO FIND A BREAK DURING A 97 MINUTE CHINESE ATTACK.

A WIRING DEFECT IN THE THIRD BATTALION MADE COMMUNICATION DIFFICULT. CPL. CECIL L. LANCASTER RECEIVED THE ASSIGNMENT TO LOCATE THE FAULTY WIRE. HE VOLUNTEERED TO WALK TO THE BATTALION IN THE AFTERNOON, BUT DUE TO ENEMY OBSERVATION THIS WAS IMPOSSIBLE.

LANCASTER CHOSE THE FOUR MEN TO ASSIST HIM AND SHORTLY AFTER DARK BEGAN THE SEVEN-HOUR TASK.

THE "BUFFALO" CREW WERE WORKING IN THE LONELY QUIET OF THE NIGHT WHEN SUDDENLY THE DISTANT BLAST OF A BUGLE BROKE THE STILLNESS. HAVING HEARD THIS WEIRD SOUND BEFORE, THE WIREMEN KNEW THEY MUST HURRY TO COMPLETE THEIR JOB FOR AN ENEMY ATTACK WOULD SOON BE IN THE MAKING.

THE MEN WORKED FEVERISHLY AND AT 0130 A LARGE FORCE OF COMMUNIST TROOPS CHARGED THE THIRD BATTALION POSITIONS. THE SKY WAS SOON FILLED WITH SCARLET RAYS OF ARTILLERY FLASHES AND TRACERS ETCHED BRIGHT PATHS IN THE EARLY MORNING DARKNESS. STILL THE "BUFFALO" WIREMEN CONTINUED, NEVER FALTERING, BUT JUMPING IN READINESS AT EACH SHADOW AND DISTURBANCE OF THE WIRE.

"SEVERAL TIMES WE THOUGHT THE SHADOWS WERE INFILTRATORS," SAID LANCASTER, "BUT WE KNEW WE MUST REPAIR THE BREAK." FINALLY, AT 0300 HOURS, THE BREAK WAS LOCATED. HURRIEDLY THE BREAK WAS SPLICED AND AGAIN COMMUNICATIONS WERE INTACT.

LANCASTER AND HIS BRAVE LITTLE GROUP FACILITATED A DECISIVE DEFEAT HANDED THE REDS.

THE HOUSE IS EXPECTED TO VOTE TODAY ON A BILL PROVIDING ANOTHER 125 BILLION DOLLARS IN DIRECT GOVERNMENT LOAN TO VETERANS TO BUILD OR BUY HOMES.....

UNC ACCEPTS RED CONFERENCE BID

THE MAIN KOREAN ARMISTICE DELEGATION MET YESTERDAY MORNING FOR 19 MINUTES, THEN RECESSED FOR 40 MINUTES UNTIL 1100.

THE UNC ACCEPTED THE RED PROPOSAL FOR A POST ARMISTICE PEACE CONFERENCE LEAVING IT UP TO THE DIPLOMATS TO RESTRICT THE TALKS TO KOREAN MATTERS ONLY.

IN A STAFF OFFICER MEETING THE COMMUNISTS DEMANDED THAT SOVIET RUSSIA BE INCLUDED AMONG NEUTRAL NATION ARMISTICE OBSERVERS. THE DISPUTE DEVELOPED SUNDAY WHEN THE REDS PROPOSED RUSSIA, CZECHOSLOVAKIA AND POLAND TO MATCH THE THREE ALLIED-PROPOSED NEUTRALS, SWITZERLAND, SWEDEN AND NORWAY.

ALLIED NEGOTIATORS AGREED TO POLAND AND CZECHOSLOVAKIA, BUT COL DON O. DARROW, CHIEF UN STAFF OFFICER, IMMEDIATELY REJECTED RUSSIA AS "NOT ACCEPTABLE."

ANYONE WISHING TO TAKE THE GED TESTS ON EITHER HIGH SCHOOL OR COLLEGE LEVEL SHOULD SUBMIT HIS NAME TO HIS COMPANY FIRST SERGEANT.

COMMAND REPORT - 22 February to 29 February

DAILY NARRATIVE

During this period, the 17th Infantry occupied positions in the vicinity of Hwachon (CT 866175). The 17th worked on improving their positions and on the general rehabilitation of the unit.

The new area required a great deal of work and the troops of all units spent a majority of their time at the beginning of the period improving the new positions.

Plans were being formed by the S-3 for the establishment of a training program. This program was to go into effect about the 1st of March.

In this reserve area replacements began flowing in and were given training in their new units. Two rotation quotas were received and the men departed for rear to process for the ZI.

While the regiment was in the Hwachon area they were given the mission to be prepared to move to blocking positions on the WYOMING Line and cover the withdrawal of friendly troops.

The effective strength of the regiment as of 1800 hours of the 29th of February was as follows:

153 Officers (7 Class II)
26 Warrant Officers (1 Class II)
3483 Enlisted Men (487 Class II)

NOCTURNAL SERENADE

BY PFC RALPH S. HUTTON

MEN OF "A" COMPANY, DIDN'T HAVE TO GO FAR RECENTLY TO BE ENTERTAINED BY A NORTH KOREAN "JAM SESSION."

SGT. GERALD J. BATLON AND HIS SIX-MAN LISTENING POST WERE ALL ALONE ON A FINGER SEVERAL HUNDRED YARDS IN FRONT OF THE COMPANY PATIENTLY AWAITING SIGN OF ENEMY ACTIVITY. IN THE LATE HOURS OF DARKNESS SMALL GROUPS OF NORTH KOREANS WERE HEARD ON A SLOPE 400 YARDS TO THEIR FRONT.

RAPIDLY THE ACTIVITY INCREASED. "THEY WERE RUNNING AROUND AND TALKING LOUDLY," SAID BATLON. THE CLANG OF SHOVELS WAS VERY PROMINENT AND THE NEXT MORNING WE COULD SEE THE BUNKERS THEY WERE BUILDING."

SEVERAL TIMES A SMALL GROUP WOULD WANDER NEAR THE LP AND THE "BUFFALOES" ANTICIPATED TROUBLE, BUT THEY ALWAYS TURNED BACK. WHEN THE FEDS THOUGHT EVERYBODY WAS SETTLED DOWN FOR THE NIGHT, THEY BEGAN SINGING THEIR NATIONAL ANTHEM "A-HE-YO."

"THEY SANG MOST OF THE NIGHT," SAID BATLON, "AND WE JUST RELAXED AND ABSORBED THE MUSIC. I ONLY WISH THEY WOULD SERENADE US ALL THE TIME," HE ADDED EMPHATICALLY.

THE CIO-UNITED STEEL WORKERS HAVE POSTPONED THEIR STRIKE DEADLINE AGAINST THE STEEL INDUSTRY FOR ANOTHER MONTH TO GIVE THE WAGE STABILIZATION BOARD TIME TO MAKE ITS RECOMMENDATION FOR A FAIR AND EQUITABLE SETTLEMENT. THE STRIKE NOW IS SET FOR MARCH 23.

PHILLIP HUGHES OF THE BUDGET BUREAU TOLD THE HOUSE VETERANS COMMITTEE THAT MOST AMERICAN YOUNG MEN, NOW AND FOR A LONG TIME TO COME, CAN EXPECT TO SERVE IN THE ARMED FORCES. THIS TESTIMONY WAS GIVEN AS THE COMMITTEE CONSIDERED EXTENDING GI BENEFITS TO KOREAN VETERANS. HUGHES SAYS THE ADMINISTRATION FAVORS THESE PROPOSALS.

UNC REFUSES "NEUTRAL" RUSSIA

COMMUNIST DEMANDS FOR RUSSIAN PARTICIPATION IN THE KOREAN ARMISTICE TALKS REMAINED A MAJOR STUMBLING BLOCK YESTERDAY.

THURSDAY THE ALLIES ELABORATED ON THEIR REFUSAL TO ACCEPT RUSSIA AS A "NEUTRAL" NATION TO PARTICIPATE IN ARMISTICE SUPERVISION. THE ALLIED OBJECTION IS BASED ON THE FACT THE USSR ADJOINS NORTHWEST KOREA AND HAS PARTICIPATED IN THAT COUNTRY'S AFFAIRS.

THE WARNING ABOUT RUSSIA'S DECISIVE ROLE IN REI MOVES AT THE PANMUNJOM TALKS WAS AIRD BY THE VOICE OF THE UNITED NATIONS COMMAND, AN UNOFFICIAL RADIO PROGRAM. THE BROADCAST CAUTIONED AGAINST OPTIMISM OVER THE AGREEMENT REACHED TUESDAY ON ITEM FIVE. IT STATED "THAT A POST-ARMISTICE PEACE CONFERENCE BE HELD BY THE NATIONS WITH TROOPS IN KOREA. THE BROADCAST SAID THAT COMMUNIST TACTICS SEEM TO BE "TO RAISE TWO ADDITIONAL DISPUTES TO TAKE THE PLACE OF EVERY ONE THAT HAS BEEN SETTLED." IT ADDED THAT EVERY ADVANCE BEING FOLLOWED BY "A BACKWARD STEP UNTIL MOSCOW DECIDES IT WANTS PEACE."

EIGHTY JAPANESE WAR BRIDES GOT THEIR FIRST IMPRESSIONS OF THE UNITED STATES YESTERDAY. THEY ARE WAITING PROCESSING WITH THEIR HUSBANDS AT CAMP STONEMAN, ALTON, ILL. THE GROUP ARRIVED FROM THE FAR EAST THURSDAY. IT IS THE LARGEST CONTINGENT OF JAPANESE WAR BRIDES YET TO ARRIVE.

SAN FRANCISCO HAD "THE GREATEST TRAFFIC JAM IN HISTORY" YESTERDAY AS A STRIKE OF CITY TRANSIT EMPLOYEES WENT INTO ITS SECOND DAY. THE TRANSIT SYSTEM HAD 275,000 DAILY RIDERS.

THE BUFFALO BUGLE IS PREPARED DAILY EXCEPT SUNDAY BY AND FOR THE MILITARY PERSONNEL OF THE 17TH INFANTRY "BUFFALO" REGIMENT, APO 7 BY THE REGIMENTAL TIME SECTION. EDITORIAL VIEWS AND OPINIONS ARE NOT NECESSARILY THOSE OF THE DEPT OF THE ARMY. CIVILIAN NEWSPAPERS ARE NOT AUTHORIZED TO REPRINT APTS MATERIAL.

NOCTURNAL SERENADE

BY PFC RALPH S. HUTTON

MEN OF "A" COMPANY, DIDN'T HAVE TO GO FAR RECENTLY TO BE ENTERTAINED BY A NORTH KOREAN "JAM SESSION."

SGT. GERALD J. BATLON AND HIS SIX-MAN LISTENING POST WERE ALL ALONE ON A FINGER SEVERAL HUNDRED YARDS IN FRONT OF THE COMPANY PATIENTLY AWAITING SIGN OF ENEMY ACTIVITY. IN THE LATE HOURS OF DARKNESS SMALL GROUPS OF NORTH KOREANS WERE HEARD ON A SLOPE 400 YARDS TO THEIR FRONT.

RAPIDLY THE ACTIVITY INCREASED. "THEY WERE RUNNING AROUND AND TALKING LOUDLY," SAID BATLON. THE CLANG OF SHOVELS WAS VERY PROMINENT AND THE NEXT MORNING WE COULD SEE THE BUNKERS THEY WERE BUILDING."

SEVERAL TIMES A SMALL GROUP WOULD WANDER NEAR THE LP AND THE "BUFFALOES" ANTICIPATED TROUBLE, BUT THEY ALWAYS TURNED BACK, WHEN THE REDS THOUGHT EVERYBODY WAS SETTLED DOWN FOR THE NIGHT. THEY BEGAN SINGING THEIR NATIONAL ANTHEM "A-HE-YO."

"THEY SANG MOST OF THE NIGHT," SAID BATLON, "AND WE JUST RELAXED AND ABSORBED THE MUSIC. I ONLY WISH THEY WOULD SERENADE US ALL THE TIME," HE ADDED EMPHATICALLY.

THE CIO-UNITED STEEL WORKERS HAVE POSTPONED THEIR STRIKE DEADLINE AGAINST THE STEEL INDUSTRY FOR ANOTHER MONTH TO GIVE THE WAGE STABILIZATION BOARD TIME TO MAKE ITS RECOMMENDATION FOR A FAIR AND EQUITABLE SETTLEMENT. THE STRIKE NOW IS SET FOR MARCH 23.

PHILLIP HUGHES OF THE BUDGET BUREAU TOLD THE HOUSE VETERANS COMMITTEE THAT MOST AMERICAN YOUNG MEN, NOW AND FOR A LONG TIME TO COME, CAN EXPECT TO SERVE IN THE ARMED FORCES. THIS TESTIMONY WAS GIVEN AS THE COMMITTEE CONSIDERED EXTENDING GI BENEFITS TO KOREAN VETERANS. HUGHES SAYS THE ADMINISTRATION FAVORS THESE PROPOSALS.

UNC REFUSES "NEUTRAL" RUSSIA

COMMUNIST DEMANDS FOR RUSSIAN PARTICIPATION IN THE KOREAN ARMISTICE TALKS REMAINED A MAJOR STUMBLING BLOCK YESTERDAY.

THURSDAY THE ALLIES ELABORATED ON THEIR REFUSAL TO ACCEPT RUSSIA AS A "NEUTRAL" NATION TO PARTICIPATE IN ARMISTICE SUPERVISION. THE ALLIED OBJECTION IS BASED ON THE FACT THE USSR ADJOINS NORTHWEST KOREA AND HAS PARTICIPATED IN THAT COUNTRY'S AFFAIRS.

THE WARNING ABOUT RUSSIA'S DECISIVE ROLE IN REE MOVES AT THE PANMUNJOM TALKS WAS AIDED BY THE VOICE OF THE UNITED NATIONS COMMAND. AN UNOFFICIAL RADIO PROGRAM, THE BROADCAST CAUTIONED AGAINST OPTIMISM OVER THE AGREEMENT REACHED TUESDAY ON ITEM FIVE. IT STATED THAT A POST-ARMISTICE PEACE CONFERENCE BE HELD BY THE NATIONS WITH TROOPS IN KOREA. THE BROADCAST SAID THAT COMMUNIST TACTICS SEEM TO BE "TO RAISE TWO ADDITIONAL DISPUTES TO TAKE THE PLACE OF EVERY ONE THAT HAS BEEN SETTLED." IT ADDED THAT EVERY ADVANCE BEING FOLLOWED BY "A BACKWARD STEP UNTIL MOSCOW DECIDES IT WANTS PEACE."

EIGHTY JAPANESE WAR BRIDES GOT THEIR FIRST IMPRESSIONS OF THE UNITED STATES YESTERDAY. THEY ARE WAITING PROCESSING WITH THEIR HUSBANDS AT CAMP STONEMAN, CALIFORNIA. THE GROUP ARRIVED FROM THE FAR EAST THURSDAY. IT IS THE LARGEST CONTINGENT OF JAPANESE WAR BRIDES YET TO ARRIVE.

SAN FRANCISCO HAD "THE GREATEST TRAFFIC JAM IN HISTORY" YESTERDAY AS A STRIKE OF CITY TRANSIT EMPLOYEES WENT INTO ITS SECOND DAY. THE TRANSIT SYSTEM HAD 275,000 DAILY RIDERS.

THE BUFFALO BUGLE IS PREPARED DAILY EXCEPT SUNDAY BY AND FOR THE MILITARY PERSONNEL OF THE 17TH INFANTRY "BUFFALO" REGIMENT, APO 7 BY THE REGIMENTAL TIME SECTION. EDITORIAL VIEWS AND OPINIONS ARE NOT NECESSARILY THOSE OF THE DEPT OF THE ARMY. CIVILIAN NEWSPAPERS ARE NOT AUTHORIZED TO REPRINT APTS MATERIAL.

CIB For "Recoil"

THIS MEMBER OF "BAKER" COMPANY IS NOT HELD IN THE TABLE OF ORGANIZATION, BUT NEVERTHELESS, "RECOIL" HAS BEEN PUT IN FOR THE CIB.

A PETITE LITTLE BLACK AND WHITE PUP, "RECOIL," WAS PURCHASED SEVERAL MONTHS AGO BY PFC DONALD J. LILIFF. HE WAS THEN MADE A FULL-FLEDGED MEMBER OF THE FOURTH PLATOON AND NAMED BY THE 57MM RECOILLESS SECTION.

THE DOG BECAME WELL-KNOWN THROUGHOUT THE "BUFFALO" REGIMENT AND WAS LOVED BY ALL. ONE DAY SOMEONE STEPPED ON "RECOIL'S" LEG AND BROKE IT. HE WAS IMMEDIATELY SENT TO THE AID STATION WHERE HE WAS GIVEN MORPHINE AND FORWARDED TO A MASH HOSPITAL. THERE A PLASTER CAST WAS APPLIED AND HE WAS KEPT WITH THE REST OF THE PATIENTS.

"RECOIL" WASN'T SATISFIED THERE AND BECAME RESTLESS. HE WAS SENT BACK TO THE AID STATION WHERE SPLINTS WERE SUBSTITUTED FOR THE CAST. THE DOG WAS MISSED ONE MORNING AND WAS NOWHERE TO BE FOUND. CALLING "BAKER" COMPANY THEY LEARNED HE WALKED TO THE COMPANY WITH THE SPLINTS ON HIS LEG. "RECOIL" HAS NEVER BEEN SEPARATED FROM THE "BUFFALOES" SINCE.

IN RECENT ACTIONS IN THE HEARTBREAK RIDGE AREA THE FAITHFUL PUP WAS CONSTANTLY AT HIS MASTER'S SIDE. HE WOULD LEAVE ONLY TO GO DOWN THE STEEP HILL TO THE COMPANY MESS HALL FOR CHOW AND RETURNED AFTER EACH MEAL. THE PLATOON LEADER DECIDED THAT DUE TO HIS LOYALTY UNDER ENEMY MORTAR AND ARTILLERY FIRE, "RECOIL" WAS ENTITLED TO THE COMBAT INFANTRYMAN'S BADGE.

PRISONER PROBLEM DOMINATES TALKS

THE UNQ YESTERDAY HANDED THE COMMUNISTS A COMPLETE ACCOUNTING OF 44,000 RECLASSIFIED KOREAN WAR PRISONERS, THOUSANDS OF WHOM PRECIPITATED LAST WEEK'S BLOODY PRISON CAMP RIOT.

THE REDS INDICATED THAT THEY WOULD USE THE RIOT AS ARGUMENT AGAINST THE ALLIED PRINCIPLE OF VOLUNTARY REPATRIATION OF WAR PRISONERS.

ACCORDING TO THE REVISED FIGURES, 75 INTERNEES WERE KILLED, AND 139 WOUNDED MONDAY, WHEN 5,000 COMMUNIST SOUTH KOREAN CONVERTS ATTACK AN AMERICAN SECURITY BATTALION TRYING TO SCREEN THEM. ONE AMERICAN WAS KILLED, ONE SERIOUSLY WOUNDED AND 38 TREATED FOR INJURIES.

THE REDS HANDED A PROTEST OF THE INCIDENT TO THE NEGOTIATORS. THE PROTEST HAS BEEN FORWARDED TO GENERAL RIDGWAY'S HEADQUARTERS.

STAFF OFFICERS MET AS USUAL AT 1100 YESTERDAY MORNING. SATURDAY THE REDS AGREED TO THE UN FIGURE OF 35,000 TROOPS TO BE ROTATED MONTHLY DURING AN ARMISTICE PERIOD, BUT BOTH SIDES WERE STILL ONE ENTRY PORT APART. THE DEMANDS SIX AND THE COMMUNISTS FIVE HOLDING OUT FOR FIVE.

ITEM FIVE REMAINS DEADLOCKED OVER RED EFFORTS TO BRING RUSSIA IN AS A NEUTRAL NATION TO INSPECT BEHIND THE LINES DURING A TRUCE.

THE COMMUNISTS CAN NOMINATE ANOTHER NATION TO REPLACE RUSSIA OR CHOOSE ALL THEIR TRUCE INSPECTORS FROM POLAND AND CZECHOSLOVAKIA ALONE.

BILLY TALBERT AND DICK SAVITT ARE THE MEN'S SINGLES FINALISTS IN THE NATIONAL INDOOR TENNIS CHAMPIONSHIPS IN NEW YORK.

TALBERT, 33-YEAR-OLD DEFENDING TITLE HOLDER, BREEZED THROUGH THE SEMI-FINAL MATCH SATURDAY AGAINST LOREN MAINE OF CANADA, TRIUMPHING 6-1, 6-4, 6-2.

SAVITT, SECOND RANKING US STAR, OVERPOWERED BUDGE PATTY OF LOS ANGELES, 6-2, 6-3, 6-4.

THE WOMEN'S FINALISTS WERE MRS NANCY CHAFFEE-KINER AND MRS PATRICIA TODD.

HOUSE CONSIDERS NEW GI BILL

AN IMPORTANT HOUSE SPECIAL COMMITTEE HAS PROPOSED A NEW BILL TO GIVE FREE SCHOOLING TO VETERANS OF THE PRESENT EMERGENCY.

THE BILL, BASICALLY THE SAME AS THE WORLD WAR II BILL, HAS PLUGGED ALL LOOPHOLES TO PREVENT RACKETEERING AND EXTRAVAGANCE.

THE BILL WOULD GIVE MEN IN THE SERVICE SINCE THE BEGINNING OF THE KOREAN CONFLICT ONE AND A HALF DAYS OF FREE SCHOOLING FOR EVERY DAY IN THE SERVICE. MAXIMUM SCHOOLING WOULD BE 36 MONTHS OR ENOUGH TIME TO COMPLETE A FULL COLLEGE COURSE FOR A DEGREE.

THE PAYMENTS WOULD BE PAID DIRECT TO THE VETERAN AT THE RATE OF \$10 MONTHLY FOR SINGLE MEN AND \$150 MONTHLY FOR MEN WITH DEPENDENTS. THIS WOULD BE FOR A FULL-TIME COURSE. FOR A THREE-QUARTER TIME COURSE SINGLE MEN WOULD RECEIVE \$80 AND MEN WITH DEPENDENTS \$110. HALF TIME STUDENTS WOULD RECEIVE \$50 IF SINGLE AND \$70 WITH DEPENDENTS.

STUDENTS COULD CHANGE THEIR

COURSE ONLY ONCE. NO SCHOOLS LISTED AS SUBVERSIVE WOULD BE PERMITTED AND PRIVATE-PROFIT SCHOOLS WOULD HAVE TO HAVE AT LEAST ONE-QUARTER OF THEIR STUDENT BODY NON-VETERANS. NO VOCATIONAL OR RECREATIONAL COURSES WOULD BE ALLOWED EXCEPT IN INDIVIDUAL CASES.

ON-THE-JOB AND ON-THE-FARM TRAINING WOULD BE ALLOWED. PAYMENTS WOULD BEGIN AT \$70 A MONTH FOR SINGLE MEN AND \$90 FOR MEN WITH DEPENDENTS. THESE WOULD BE REDUCED EVERY FOUR MONTHS UNTIL DEPLETED.

CONGRESSIONAL EXPERTS FEEL THAT THIS BILL IS THE ANSWER TO MANY OF THE FORMER DIFFICULTIES.

GENERAL MACARTHUR'S PERSONAL STAFF OF EIGHT MEN HAS BEEN CUT TO THREE ON ORDERS FROM WASHINGTON. THE PENTAGON SAYS THIS IS A ROUTINE PROCEDURE FOR A FIVE-STAR GENERAL WITHOUT AN ASSIGNMENT. THE GENERAL HASN'T HAD AN ASSIGNMENT SINCE PRESIDENT TRUMAN RELIEVED HIM OF HIS FAR EAST DUTIES

AMERICAN RED CROSS

17th Infantry Regiment, APO 7
c/o Postmaster, San Francisco, California

SUBJECT: Monthly Report for period 26 January 1952 through 25 February 1952.

TO : Mr. Austin A. Lamar, Field Director, American Red Cross, 7th Infantry Division, APO 7.

The figures below represent a breakdown of services rendered:

<u>NEW</u>	<u>REOPENED</u>	<u>CLOSED</u>	<u>EMERGENCY</u> <u>LEAVE</u>	<u>HEALTH</u> <u>WELFARE</u>	<u>MISCELLANEOUS</u>	<u>PERSONAL</u>	<u>CHAPTER</u>
82	19	101	16	37	48	32	69

Ten cases remain open; two awaiting cable replies and six awaiting letter replies. All contacts have been made with servicemen relative to chapter correspondence and at the request of the servicemen or military authorities. We have received sixty-five letters from chapters and written forty-six, including replies to chapter correspondence. We have received forty-three cables and sent out twenty-one during the period.

65,000 sheets of stationery and 32,500 envelopes were distributed along with a supply of towels, razors, blades, shaving cream, corn cob pipes, combs, tooth brushes, tooth paste, soap, sewing kits, and books.

Seven groups of replacements were welcomed and received the usual orientation how we can be of service and what they and their families should do if Red Cross service is needed.

The following is a breakdown of cases handled, by unit, during the period;

Hq & Hq Co	7	Hq Co 1st Bn	2	Hq Co 2nd Bn	4

We take this opportunity to welcome both Mr. Austin A. Lamar as Field Director for the 7th Infantry Division and Colonel Richard A. Riden as Commanding Officer for the 17th Infantry Regiment. Both may be assured that they will receive the same co-operation and service as have their predecessors.

THE "BIG THREE" TANK-SHELTER

THE "BIG THREE" PROBLEMS CONTINUE TO HOLD UP A KOREAN ARMISTICE.

1. "VOLUNTARY REPATRIATION"- THE REDS STILL INSIST THAT ALL PRISONERS BE RETURNED TO THEIR HOMELAND REGARDLESS OF THEIR WISHES. THE UN WANTS TO GIVE PRISONERS A CHOICE IN THE MATTER.
2. "MILITARY AIRFIELDS"- ALTHOUGH TEMPORARILY SHELVED, THE PROBLEM OF WHETHER OR NOT THE REDS BE ALLOWED TO REBUILD AND CONSTRUCT MILITARY AIRFIELDS IN NORTH KOREA REMAINS UNSOLVED.
3. "NEUTRAL RUSSIA"- THE REDS ARE STILL SUBORNLY ATTEMPTING TO GAIN UN RECOGNITION OF RUSSIA AS A NEUTRAL NATION MEMBER OF BEHIND THE LINES INSPECTION TEAMS AFTER AN ARMISTICE IS SIGNED.

DURING THE LONG PERIOD OF PANMUNJOM ARMISTICE MEETINGS A MAJORITY OF THE MINOR DETAILS FOR EFFECTING A MILITARY ARMISTICE IN KOREA HAVE BEEN WORKED. FOR THE MOST PART, THESE THREE VITALLY IMPORTANT PROBLEMS ALONE REMAIN.

THE UNOFFICIAL ARMY MAGAZINE "ARMOR" SAID THAT TANKS COULD BE USED TO HOUSE SOLDIERS SAFELY DURING AN ATOMIC ATTACK. THE MAGAZINE POINTED OUT THAT TANKS USED IN THE NEVADA ATOMIC TEST WERE ONLY MODERATELY DAMAGED BY THE EXPLOSIONS.

HEAVY TANKS, THE MAGAZINE SAID, COULD SURVIVE AN EXPLOSION AND CONTINUE FIGHTING. SOLDIERS TAKING REFUGE IN THE TANKS COULD BE MOVED QUICKLY TO NEW OFFENSIVE POSITIONS FOR A COUNTERATTACK.

BESIDES TANKS, THE MAGAZINE STATED, NO ADEQUATE PROTECTION HAS YET BEEN DEvised FOR FOOT SOLDIERS IN AN ATOMIC IMPACT AREA.

SENATOR JAMES DUFF OF PENNSYLVANIA SAID YESTERDAY THAT GENERAL EISENHOWER'S CHANCES OF BEING NOMINATED FOR PRESIDENT ARE GAINING HEADWAY EVERYDAY. THE SENATOR SAYS HE DOES NOT SHARE THE FEARS OF OTHERS THAT THE GENERAL CAN NOT WIN UNLESS HE ACTIVELY SEEKS THE NOMINATION.

THE FIGHTING HOURGLASS (TUNE OF "BUCKLE DOWN WINSOCKI") BY "BUFFALOES"

SGT. CHARLES FRANCISCO AND SGT. PETER LEBARPOULOS

WE'RE THE LUCKY SEVENTH ON THE MARCH,
BAYONETS A'GLEAMING LIKE A DEADLY TORCH,
OVER STREAMS AND HILLS, WITH A FORCE THAT KILLS,
WE CAN BREAK THEIR WALLS, THE HOURGLASS!

FROM THE FROZEN REGIONS OF ATTU,
THROUGH THE ISLANDS OF THE VAST PACIFIC BLUE,
IN KOREA'S SNOW, WE FOUGHT FREEDOM'S Foe,
WITH A LETHAL BLOW, WE'RE THE FIGHTING HOURGLASS!

RED AND BLACK WILL LIVE THROUGH HISTORY!
HOURGLASS WILL STAND FOR VICTORY!

MIGHTY GUNS AND TANKS AND INFANTRY
WE'LL DEFEND THE RIGHT OF LIBERTY,
RINGING FREEDOM'S BELL, TO THE GATES OF HELL,
SANDS OF TIME WILL TELL, WE'RE THE FIGHTING HOURGLASS.

THE BUFFALO BUGLE IS PREPARED DAILY EXCEPT SUNDAY BY AND FOR THE MILITARY PERSONNEL OF THE 17TH INFANTRY "BUFFALO" REGT., APO 7 BY THE REGIMENTAL TIME SECTION. EDITORIAL VIEWS AND OPINIONS ARE NOT NECESSARILY THOSE OF THE DEPT. OF THE ARMY. CIVILIAN NEWSPAPERS ARE NOT AUTHORIZED TO REPRINT APTS MATERIAL.

CONGRESS AT WORK

THE HOUSE OPENS DEBATE TODAY ON UNIVERSAL MILITARY TRAINING. THE LAW MAKERS HAVE SET THE WEEK OF MARCH 2 FOR A FINAL VOTE ON THE MEASURE. THE SENATE ARMED SERVICES COMMITTEE HAS APPROVED A COMPANION UMT BILL, BUT A SENATE FLOOR FIGHT MAY BE DELAYED UNTIL THE HOUSE COMPLETES ITS ACTION.....

THE SENATE HAS AGREED TO VOTE WEDNESDAY ON A BILL TO GRANT STATEHOOD TO ALASKA. THE MEASURE WILL HAVE TO CLEAR A HURDLE IN THE FORM OF A MOVE TO KILL IT BY SENDING IT BACK TO COMMITTEE. IF THE BILL IS APPROVED, ACTION ON HAWAIIAN STATEHOOD WILL START ROLLING.....

THE SENATE ARMED SERVICES COMMITTEE IS STILL WORKING ON THE HOUSE APPROVED BILL TO GIVE THE ARMED SERVICES A 10% WAGE INCREASE.....

THE CHAIRMAN OF THE PRESIDENT'S ECONOMIC ADVISORY COUNCIL SAYS THAT SHORT OF WAR, THE COUNTRY'S DEFENSE BUILDUP ISN'T GOING TO LESSEN AMERICAN INDUSTRIAL EXPANSION OR CONSUMER PRODUCTION....

CRACK GOLDEN NUGGET

BY PFC. RALPH S. HUTTON

THEY CALLED IT THE "GOLDEN NUGGET." IT WAS A COLORFUL AND APPROPRIATE NAME. FOR MANY WEEKS UN FORCES BLASTED IT WITH THOUSANDS OF ROUNDS OF ARTILLERY AND MORTAR SHELLS. MANY COMBAT PATROLS TRIED IN VAIN TO DESTROY IT, BUT IT COULD NOT BE REACHED. . . . IT WAS THE "GOL-

DEN NUGGET."
A WELL-CONSTRUCTED BUNKER ON AN ARTILLERY BATTERED SLOPE IN THE MUNDUNG-MI VALLEY AREA, THE "GOLDEN NUGGET" WAS WELL KNOWN TO THE "BUFFALOES." A TREMENDOUS AMOUNT OF ENEMY ACTIVITY WAS ALWAYS VISIBLE BUT KNOWLEDGE OF ITS CONTENTS UNKNOWN.

EUROPEAN AID

PRESIDENT TRUMAN IS SAID TO BE READY TO FOLLOW UP THE ATLANTIC PACT DECISIONS AT LISBON BY CALLING ON CONGRESS TO APPROPRIATE \$7,900,000,000 TO CONTINUE FOREIGN MILITARY AND ECONOMIC AID FOR ANOTHER YEAR.

THE MONEY WOULD BE USED TO FINANCE WEAPONS, RAW MATERIALS AND MACHINERY NEEDED BY MORE THAN 40 NATIONS ALLIED WITH THE US IN THE DRIVE TO THWART THE SPREAD OF COMMUNISM.

A FRENCH COMMUNIQUE SAYS THE US WILL RELEASE ABOUT 500 MILLION DOLLARS TO THE FRENCH TO BUY ARMS AND EQUIPMENT. MOST OF IT WILL GO TO THE FRENCH FORCES IN INDO-CHINA.

WINSTON CHURCHILL TOLD THE BRITISH HOUSE OF COMMONS YESTERDAY THAT BRITAIN HAS THE ATOM BOMB. HE SAID IT WAS PRODUCED WHILE THE LABOR GOVERNMENT WAS IN POWER AND THAT A PLANT FOR REGULAR PRODUCTION HAD BEEN SET UP.

THERE HAS BEEN NO SIGNIFICANT CHANGE IN THE SITUATION AT PANMUNJOM. THE TALKS REMAINED DEADLOCKED YESTERDAY ON THE SAME MAJOR ISSUES WHICH HAVE BEEN HOLDING UP PROGRESS FOR WEEKS.

ON THE 12TH DAY OF FEBRUARY THE FIRST PLATOON OF "EASY" COMPANY BEGAN INTENSE TRAINING WITH THE HUGE BUNKER AS THEIR COMING OBJECTIVE. FOR FIVE DAYS THE "BUFFALOES" FLOODED UP AND DOWN THE REVERSE SLOPE OF THEIR HILL WITH A FULL COMBAT LOAD.

H-HOUR CAME THE 17TH. AT 2200 HOURS, THE PLATOON WITH THREE FLAME THROWERS ATTACHED, MOVED INTO THE BLACK, MOONLESS NIGHT, UNDER THE COMMAND OF SERGEANT THOMAS H. BERRY. SLOWLY THEY MOVED THROUGH THE WOODED VALLEY, REACHING THE BASE OF THE ENEMY-HELD HILL AT 2400 HOURS.

AFTER SETTING UP A PERIMETER DEFENSE, PFC WILLIAM GALINSKI LED HIS THIRD SQUAD IN THE ASSAULT OF A KNOB LYING BETWEEN THE "BUFFALOES" AND THE "GOLDEN NUGGET." THE SQUAD MOVED WITHIN SEVERAL YARDS OF THEIR OBJECTIVE WHERE THEY MET A STORM OF CONCUSSION GRENADES AND SMALL ARMS FIRE.

FOR 15 MINUTES THE BATTLE-FADED AND GALINSKI WAS FORCED TO PULL HIS SQUAD BACK TO REORGANIZE.

AT 0100 HOURS, PFC LAWTON JOYDAY AND PFC JAMES E. HOPKINS LED THEIR RESPECTIVE FIRST AND SECOND SQUADS IN ANOTHER ASSAULT. AFTER A HOUR LONG STRUGGLE, THE FIRST STRONG POINT OF THEIR MISSION WAS SECURED AND THE PLATOON'S MACHINE-GUNS PLACED IN STRATEGIC LOCATIONS TO INSURE ITS DEFENSE.

DON NEWCOMBE, BROOKLYN'S JUMBO RIGHT HANDED ENTERED THE ARMY YESTERDAY, THREE WEEKS TO THE DAY AFTER SIGNING A \$25,000 DODGER CONTRACT.

THE SIX-FOOT-FOUR 220 POUND NEGRO PITCHER ARRIVED AT THE INDUCTION STATION ON A BUS FROM HIS DRAFT BOARD IN ELIZABETH, NEW JERSEY WITH OTHER DRAFTEES.

"IT'S JUST ONE OF THOSE THINGS," NEWCOMBE TOLD REPORTERS, "UNCLE SAM COMES FIRST. I'M NO BETTER THAN ANYONE ELSE. IT'S UP TO HIM IF I DO ANY PITCHING THIS SPRING."

NEWCOMBE, WHO WON 20 GAMES FOR THE DODGERS LAST YEAR, HAS BEEN WORKING OUT WITH THE CLUB IN FLORIDA FOR THE PAST TWO WEEKS AFTER SIGNING HIS 1952 CONTRACT FOR A REPORTED \$25,000.

"GOLDEN NUGGET"

WHEN THE ADVANCE ELEMENTS NEARED THEIR OBJECTIVE, THE FLAME THROWERS WERE CALLED FORWARD. LIKE A MEDIEVAL DRAGON THE FIRST LASHED FORTH ITS FLAMING INFERNO OF DEATH. THEN THE SECOND AND THIRD OPENED UP THEIR FLAMES LAPPING AT THE DOORWAYS OF THE SURROUNDING BUNKERS.

"THE ENEMY WAS COMPLETELY SURPRISED BY THE FLAME THROWERS," SAID SGT BERRY. "YOU COULD SEE THEIR HEADS POPPING UP IN AMAZEMENT WITH THE FIRST JETS OF FLAME."

SUDDENLY THE SLOW TOM-TOM RHYTHM OF AN ENEMY MACHINEGUN PUMPED ROUND AFTER ROUND INTO THE GROUND ON THE PLATOON'S LEFT FLANK. THE RHYTHM INCREASED ACCOMPANIED BY RIFLE AND BURP GUN FIRE OF AN ENEMY SQUAD ATTEMPTING TO CUT THE "BUFFALO" PATROLS' ESCAPE ROUTE.

THE FLAME THROWERS CONTINUED SPITTING THEIR DEADLY FLAME INTO THE "GOLDEN NUGGET" AND OTHER BUNKERS UNTIL THEIR FUEL SUPPLY WAS EXHAUSTED. SERGEANT BERRY THEN GAVE THE ORDER TO WITHDRAW.

THE "BUFFALOES" MOVED QUICKLY DOWN THE SLOPE, RACING TO BEAT THE ENEMY SQUAD THAT WAS CLOSING IN. ARTILLERY, MORTAR, TANK AND SMALL ARMS FIRE FROM FRIENDLY FORCES HELD THE COMMUNISTS AT A STANDSTILL.

UNDER COVER OF SMOKE LAID BY "HOME" COMPANY'S 81MM MORTARS, THE "BUFFALOES" REACHED FRIENDLY LINES AT 0530 HOURS, LEAVING AN ESTIMATED 15 DEAD AND AN UNDETERMINED NUMBER OF ENEMY WOUNDED SPRAWLED ON THE DUSTY HILLSIDE.

THE "BUFFALOES" WON THE HONOR OF BEING THE FIRST TO REACH AND TEMPORARILY KNOCK-OUT THE FABULOUS "GOLDEN NUGGET."

WHEN THE CHIPS ARE DOWN,

THREE FORMER UNIVERSITY OF KENTUCKY BASKETBALL PLAYERS, DAL BARNSTABLE, RALPH BEARD AND ALEX GROZA, PLEADED GUILTY YESTERDAY TO CONSPIRING WITH GAMBLERS.

"WILLIAM THE BUFFALO" DECORATED

BY SGT. CHUCK FRANCISCO

WILLIAM THE BUFFALO, LIKE SEVERAL HUNDRED OF HIS FIGHTING COMPRADES IN THE "BUFFALOES," WAS RECENTLY DECORATED FOR BEING OUTSTANDING IN HIS CLASS.

WILLIAM IS THE 500-POUND BISON CALF PRESENTED TO THE REGIMENT BY BUFFALO RANCHER GENE CLARK OF INDEPENDENCE, KANSAS. THE CALF IS THE OFFICIAL MASCOT OF THE FAMED "BUFFALOES." AT ONE TIME THE REGIMENT TRIED UNSUCCESSFULLY TO TRANSPORT "WILLIAM" TO THE FIGHTING FRONT. HE NOW STAYS WITH CLARK IN THE UNITED STATES.

THE REGIMENTAL MASCOT BECAME THE FIRST BUFFALO IN HISTORY TO BE NAMED A GRAND CHAMPION IN A STOCK SHOW. THE FLORIDA STATE FAIR AND SPARILLA ASSOCIATION PROCLAIMED "WILLIAM" GRAND CHAMPION BUFFALO-BULL OF THE FLORIDA STATE FAIR HELD RECENTLY AT TAMPA, FLA.

CLARK WROTE THE "BUFFALOES" SEVERAL WEEKS AGO ASKING PERMISSION TO TAKE "WILLIAM" ON TOUR OF STATE FAIRS THROUGHOUT THE COUNTRY. THE FLORIDA FAIR WAS THE FIRST VISITED. IT RESULTED IN THE UNUSUAL HONOR BESTOWED ON THE MASCOT IN BEHALF OF THE REGIMENT.

CARL D. BRØREIN, PRESIDENT OF THE FLORIDA STATE FAIR, WIRED ARMY CHIEF OF STAFF GENERAL LAWTON COLINS REQUESTING THAT COLONEL WILLIAM W. "BUFFALO BILL" QUINN, FORMER COMMANDER OF THE 17TH IN KOREA, BE GRANTED A SPECIAL LEAVE FROM HIS DUTIES IN THE PENTAGON TO ACCEPT THE AWARD FOR "WILLIAM."

"BUFFALO BILL" WAS GRANTED HIS LEAVE AND ACCEPTED THE KING-SIZED BLUE RIBBON FOR "WILLIAM." THE COLORADO FORMER COMMANDER OF THE "BUFFALOES" ALSO VISITED WITH MANY FORMER MEMBERS OF THE REGIMENT AND FAMILIES OF MEN NOW SERVING WITH THE REGIMENT.

IN HIS LETTER TO THE REGIMENT QUINN SAID, "ON THE 13TH OF FEBRUARY FRONT OF THE GRANDSTAND THE OFFICERS OF THE FAIR ASSOCIATION PRESENTED IT TO ME ON BEHALF OF THE REGIMENT. I PASSED IT AROUND THE

Alaskan Statehood Bill Goes Back To Committee

THE SENATE BY A NARROW MARGIN OF ONE VOTE YESTERDAY SENT THE ALASKAN STATEHOOD BILL BACK TO COMMITTEE. THE REPUBLICANS IMMEDIATELY LAUNCHED AN EFFORT TO FORCE CONSIDERATION OF A SIMILAR BILL FOR HAWAII.

A COALITION OF SOUTHERN DEMOCRATS AND REPUBLICANS OPPOSED THE STATEHOOD BILL AND PUSHED THROUGH THE MOTION BY A VOTE OF 45-44.

THE UNITED STATES AND JAPAN YESTERDAY ENTERED INTO AN ADMINISTRATIVE AGREEMENT SETTING DOWN CONDITIONS UNDER WHICH AMERICAN FORCES WILL REMAIN IN JAPAN AFTER THE OCCUPATION ENDS.

THE ACCORD IMPLEMENTING THE US-JAPANESE SECURITY PACT CONCLUDED IN SAN FRANCISCO LAST SEPT. 8TH, WAS SIGNED AT NOON BY US AMBASSADOR DEAN RUSK AND ASSISTANT SECRETARY OF THE ARMY EARL D. JOHNSON FOR THE UNITED STATES.

SECRETARY OF DEFENSE ROBERT LOVETT SAID YESTERDAY THAT CONSIDERABLY GREATER AMOUNTS OF US AIRPOWER ARE SCHEDULED FOR EUROPEAN SERVICE THIS YEAR.

HE TOLD A PENTAGON PRESS CONFERENCE THAT THE ADDITIONAL AIRPOWER SCHEDULED FOR EUROPE INCLUDES BOTH US AIR FORCE UNITS AND AMERICAN MADE AIRCRAFT.

USAFI HAS A COURSE FOR EVERY NEED. CHOOSE THE ONE THAT'S RIGHT FOR YOU. TODAY!
AT REGIMENTAL P.O.

THE BUFFALO BUGLE IS PREPARED DAILY EXCEPT SUNDAY BY AND FOR THE MILITARY PERSONNEL OF THE 17TH INFANTRY "BUFFALO" REGT., APO 7 BY THE REGIMENTAL TIME SECTION. EDITORIAL VIEWS AND OPINIONS ARE NOT NECESSARILY THOSE OF THE DEPT OF THE ARMY. CIVILIAN NEWS-PAPERS ARE NOT AUTHORIZED TO REPRINT AFPS MATERIAL.

Sports Scene

THIS IS THE TIME WHEN THOSE GLOWING REPORTS START COMING IN FROM BASEBALL SPRING TRAINING CAMPS. THERE ARE TALES OF THIS ROOKIE OR THAT WHO "CAN'T MISS," AND STORIES OF AGED VETERANS WHO ARE REDISCOVERING THEIR LOST YOUTH.

THE NY YANKEES, WORLD CHAMPIONS FOR THE PAST THREE SEASONS, SAY THEY HAVE FOUR OR FIVE ROOKIES WHO MAY CRACK THE REGULAR LINEUP. THE BOSTON RED SOX SQUAD IS COMPLETE WITH A "NEW TED WILLIAMS." 18-YEAR-OLD GENE STEPHENS, WHO SUPPOSEDLY LOOKS, HITS AND EVEN PLAYS LEFT-FIELD LIKE THE MARINE-BOUND WILLIAMS.

AND THE "OLD FOLK'S HOME" OF THE MAJORS IS THE CLEVELAND INDIANS' BASE AT PHOENIX WHERE VETERANS DICK WAKEFIELD AND PETE REISER ARE GRASPING A LAST CHANCE IN THE MAJORS.

SO FAR THE SPRING WORKOUTS HAVE BEEN MOSTLY INFORMAL AFFAIRS BUT MANAGERS WILL START CRACKING THE WHIP IN THE NEXT DAY OR TWO.

MARCH 1 IS THE OFFICIAL BEGINNING OF SPRING TRAINING, AND VIRTUALLY ALL THE ATHLETES WILL BE ON HAND THEN.

(AFPS) CHAMPION POLE VAULTER CORNELIUS WARMERDAM IS AN INTERESTED TRACK SPECTATOR THIS WINTER. THE MAN WHO VAULTED 15'-8 1/2", THE HIGHEST JUMP ON RECORD, IS WATCHING THREE MEN WHO HAVE THREATENED HIS RECORD--THE REV. BOB RICHARDS, DON LAZ AND DON COOPER.

THEIR CLOSE RIVALRY HAS CAPTURED THE TRACK AND FIELD HEADLINES...RICHARDS HAS TAKEN SECOND PLACE TO WARMERDAM BY CLEARING 15 FEET 11 TIMES, WITH A HIGH OF 15'-4 3/4". HE WON 62 CONSECUTIVE VAULT COMPETITIONS UNTIL LAZ DEFEATED HIM WITH A 15'-3" LEAP.

BY BECOMING HISTORY'S SECOND 15-FOOTER, RICHARDS PULFILLED A PREDICTION. SEVERAL YEARS AGO RICHARD "BOO" MORCOM, ANOTHER OUTSTANDING VAULTER, PREDICTED THAT RICHARDS "WILL BECOME THE FIRST HUMAN BEING TO VAULT 15 FEET. I KNOW WARMERDAM DID IT 43 TIMES," HE SAID, TONGUE IN CHEEK, "BUT HE WASN'T HUMAN."

PANUNJOM NOTE: NO PROGRESS OR NEW DEVELOPMENTS HAVE BEEN REPORTED FROM THE PEACE CAMP. BOTH SIDES ARE STICKING TO THEIR ORIGINAL POSITIONS.

BY ARMED FORCES PRESS SERVICE

MEMBERS OF THE ARMED SERVICES MAY SOON BE COVERED BY SOCIAL SECURITY. A BILL ABOUT TO BE INTRODUCED TO CONGRESS WOULD GRANT SOCIAL SECURITY COVERAGE TO NUMEROUS OCCUPATIONS NOT ALREADY COVERED, INCLUDING THE ARMED FORCES.

SOCIAL SECURITY COVERAGE WAS CREDITED TO PERSONNEL WHO SERVED DURING WW2 WOULD BE FURTHER EXTENDED TO MEN WHO SERVE UNTIL DECEMBER 31, 1952.

AT THE BEGINNING OF 1953 SERVICEMEN WOULD THEN HAVE TO PAY FOR THE COVERAGE.

COVERAGE WOULD BE BASED ON THE PRESUMED PAY OF \$160 A MONTH AND INCLUDE SUCH BENEFITS AS A PERMANENT INSURANCE PLAN THAT EXTENDS TO THOSE COVERED BY SOCIAL SECURITY.....

CANADA SOON WILL BUILD SABRE-JET AIRCRAFT EQUIPPED WITH US SABREJET ENGINES. THE JETS WILL BE FLOWN BY PILOTS OF THE BRITISH ROYAL AIR FORCE.

SECRETARY OF THE AIR FORCE THOMAS K. FINLETTER ANNOUNCED THIS THREE-NATION AGREEMENT AND SAID THE PLANES WILL BE USED TO STRENGTHEN THE DEFENSES OF THE NORTH ATLANTIC TREATY FORCES COMMANDED BY GENERAL OF THE ARMY DWIGHT D. EISENHOWER.....
