**SUBJECT: Update on the Civilian Human Resources Agency (CHRA)  
 Transformation and Specialist Activity Servicing Roster**

In order to meet initiatives, goals and objectives as outlined in the CHRA Transformation, the Fort Benning Civilian Personnel Advisory Center (CPAC) reorganized to provide, you, our stakeholders, quality, timely, and efficient HR services. As you may be aware, the Civilian Personnel Operations Center (CPOC) was rendered defunct in Aug 07; thereafter, all manpower assets formerly associated with the CPOC were distributed to 19 CPAC Directors that comprise the South Central (SC) Region. This action resulted in span of control and line of sight supervision being positively impacted.

All staff members on-site as well as virtually [at Redstone Arsenal in Huntsville] now provide identical service. Staffing and classification actions are handled at both locations from cradle to grave. If you are serviced by the virtual staff, please contact your specialist directly. For the few services that cannot be provided virtually such as PPP registration, those tasks will be performed on-site and subsequent follow up actions will be executed by the virtual staff.

For your convenience, outlined below are our provided services by specialist and functional area.
