The German Armed Forces Proficiency Badge
(German: *Abzeichen für Leistungen im Truppendienst*)
is a decoration of the Bundeswehr, the Armed Forces of the
Federal Republic of Germany.
The decoration can be awarded to all German Soldiers.
Allied Soldiers may also be awarded the badge.
Any rank may be awarded and wear the badge.
In the United States Military the German Armed Forces Proficiency Badge is one of the few approved foreign awards,
and it is one of the most sought after awards to achieve.
Who can participate?

Any soldier from your unit!

Soldiers WILL NOT participate:

- if they are flagged (for any reason)

  or

- if they are barred from reenlistment,

- if they are in the military less than six months.

## SUMMARY of ALL EVENTS

### BFT = Basic Fitness Test (3 events in sequence within 90 min)

- **11 x 10-meter sprint test**
  - Minimum pass Requirements max. 60 sec
- **Chin-up test (flexed-arm hang)**
  - Minimum pass Requirements 5 sec
- **1000 m Run**
  - Minimum pass Requirements max. 6min 30 sec

Minimum test requirements have to be met, independently of age or gender. If testee does not meet the minimum pass requirements or one or more test events, the BFT will be deemed failed. No additional scoring will take place on the same day.

1. The testing for the German Armed Forces Proficiency Badge (GAFPB) must be administered by a qualified German Physical Training (PT) instructor.

2. Listed single events can be supervised and conducted by CERTIFIED US military personnel.

- First Aid Training or Test
- NBC 9 sec Protection Mask and MOPP4 Test

- Pistol / Rifle Qualification (to be qualified to shoot at the main event)

Certified by CDR / 1SGT

Note
Before administering the test, make sure that all participants have enough time to warm up (running at a slower pace, stretching, etc.). To avoid injuries, the sprint corridor must be wide enough and behind the turning cone there must be a run-out area.
Chin-up test (flexed-arm hang)

Event
- The testee holds himself in the end position of a pull-up as long as possible.
- Testee's evaluation will be based on the length of the time he can hold himself in this position.
- Testee steps off the squat box and the instructor pulls it back, testee will hold himself up with his chin above the bar (chin-up end position; elbow joints flexed to the maximum, shoulders at the height of the bar).
- Once testee's feet step off the squat box, timekeeping will start. Once the testee's chin is below the bar, timekeeping will stop. Testee's time will be recorded in seconds and tenths of a second.
## Chin-up test (flexed-arm hang)

### General items required

- Stopwatch
- Bar

If more than one bar is available, all of them can be used allowing adjustments to individual body heights (height of bars at 180 cm or 190 cm);

If no chin-up bar is available, any other suitable suspension system may be used.

- Two (2) gym mats
- Squat box, small
- Magnesia or chalk, paper towels

**Event**
Participant completes the 1000-meter run in the shortest time possible.

**Test sequence**
For the 1000-meter (or 1-K) run, the track ideally should be 400 meters long. The runner starts at the 200-meter mark. So measured from the start/finish line, the runner must run two complete laps of the race. Once he has crossed the finish line, the tester records the runner's time to the second. In total 2 ½ Laps.

</tr>
<tr>

<td>170</td>
<td>2:50</td>
<td>500</td>
</tr>
</tbody>
</table>

**Note**
Before completing the 1000-meter run, participant should warm up as instructed by the tester (running at a slow pace, stretching, etc.).

As an exception to the rule (for instance, in case of non-existing infrastructure or under adverse weather conditions), the 1000-meter run may also be completed on a measured and level track in the terrain (if the terrain does not provide the perfectly level track, uphill and downhill stretches should not be too steep) or in a big indoor gym.
Scoring after having met all single-event pass requirements

How to tally score points
Single-event results (individual test times) are translated into a graduated point-score system. Participants who meet the minimum pass requirements (100 points respectively) are awarded basic points per event). The better the participants performance, the more points are awarded for the respective events.

For the event-specific basic point scores see the respective score table 1 - 3 (11 x 10-meter sprint test, flexed-arm hang, 1000-meter run).

Providing "handicaps"
Equal chances
Based on age-grading and physical-ability considerations, a "handicap" is provided to soldiers, taking into account age and/or gender.

Age grading
Participants who are 35 years old or younger will not be age-graded. Those who are 36 years old or older will be age-graded. Basic score points will be increased by 0.5 percent per year of age. The age-grading "handicap" is calculated based on the actual age reached by a participants in a given year.

Age-graded "handicap" (36 years or older) = basic score points X (actual age minus 35 years) X 0.005
### Scoring after having met all single-event pass requirements

**Gender grading**

BFT scores have been normalized to take into account the physical abilities of male soldiers. Therefore male soldiers will not be provided any other type of "handicap" [besides age grading].

Each female (F) soldier will be provided an event-related "handicap". The "handicap" is:

- 15 percent for the sprint test \((F) = \text{basic score points} \times 0.15\)
- 40 percent for the flexed-arm hang (chin-up) \((F) = \text{basic score points} \times 0.4\)
- 15 percent for the 1000-meter run \((F) = \text{basic score points} \times 0.15\)

**Single-event score**

You earn scores for each event plus, if applicable, age-graded and gender-graded points.

- Event-score points = basic score points + age-graded points + gender-graded points

**Points Rating for the complete BFT (average of all three events)**

<table>
<thead>
<tr>
<th>Points Range</th>

<th>Notes</th>
</tr>
</thead>
<tbody>
<tr>
<td>100 – 199</td>
<td>Fair</td>
<td>(BFT passed, but not good enough to compete for the GAFPB)</td>
</tr>
<tr>
<td>200 – 299</td>
<td>Satisfactory</td>
<td>(competes for GAFPB in Bronze)</td>
</tr>
<tr>

<td>Good</td>
<td>(competes for GAFPB in Silver)</td>
</tr>
<tr>
<td>≥ 400</td>
<td>Very Good</td>
<td>(competes for GAFPB in Gold)</td>
</tr>
</tbody>
</table>

**Overall rating**

The BFT overall rating is the averaged value calculated from the single ratings.

To provide better accuracy, calculate up to two (2) decimal points.
Scoring after having met all single-event pass requirements

**Overall rating**
The BFT overall rating is the averaged value calculated from the single ratings. To provide better accuracy, calculate up to two (2) decimal points.

Example:
- sprint test / Event-score points = basic score points + age-graded points + gender-graded points = 405
- flexed-arm hang test / Event-score points = basic score points + age-graded points + gender-graded points = 500
- 1000-meter run / Event-score points = basic score points + age-graded points + gender-graded points = 300

Total = 1205

Averaged value from the 3 single ratings: $\frac{1205}{3} = 401.67 = \text{GOLD}$

**Points Rating**
- 100 – 199 Fair
- 200 – 299 Satisfactory BRONZE
- 300 – 399 Good SILVER
- >400 Very Good GOLD

FIRST AID TRAINING

First Aid Test

GO or NO GO Event
CLS - NOT older than 3 years

Note: Leadership has to prove / certify that all participants are current in their respective medical training (CLS, 68W, ...).
Will not be tested by the German Liaison Staff.
FIRST AID TRAINING

The training is not necessary if the testee has undergone a combat life saver training (CLS) in the last 3 years or has a first aid certificate equivalent to CLS or higher not older than 3 years.

Task: FIRST AID TRAINING
(equivalent US training = Combat Life Saver - CLS)

Conditions: Participant has to receive CLS training / equivalent US training or a written test in accordance with US regulations for CLS training.

Standards: SUCCESSFULLY SCORE AT LEAST 70% OR HIGHER ON WRITTEN TEST.
Minimum test requirements have to be met, independently of age or gender. If participant does not meet the minimum pass requirements for putting on the protective mask in max. 9 sec, and can not proceed to MOPP4 correctly, the NBC test will be deemed failed. No additional scoring will take place on the same day.

### Shooting

**Task:** Shoot one of the German exercises qualified for the “Schützenschnur” (Pistol, Rifle or Machinegun) and qualify in BRONZE, SILVER or GOLD

**Conditions:** Because of regulations, the Pistol exercises are highly recommended due to needed time per participant, needed infrastructure and ammo.

**Standards:** See following slides for the possible exercises. (only Pistol exercises in this briefing, Rifle on request)
PISTOL exercise possibility 1: PS-2 (WÜ)

Pistol Exercise PS-2

- all three Targets hit,
- 5 Hits for Gold
- 4 Hits for Silver
- 3 Hits for Bronze

- 5 x rounds (no time-limit)
- first shot double action
- all three targets have to be hit
- Standing position
- Distance 20m to target

110 cm = 43 inch
