Curfew, Conduct, Civilian Attire, Noise, & Demonstrations

Section I

Curfew, Quiet Hours, Anti-Loitering, and Supervision of Children

3-1. General.

Parents are responsible for the welfare and safety of children in the military community. Based on the fact that each child is unique in their development as far as maturity level, the minimum community standard for parents to follow is specified in the following paragraphs. Under no circumstances may these guidelines be reduced. Parents are still required to assess their children and, if necessary, modify the age limits minimums/maximums to make them more stringent.

3-2. Curfew.

a. All dependents or sponsored guests under the age of 16 years will be required to obey the curfew. All dependents/guests under the age of 16 are required to be in quarters between 2100 and 0600 Sunday through Thursday, and 2200 - 0600 on Friday, Saturday, Holidays and non-school nights unless accompanied by a parent or guardian.

b. Dependents and sponsored guests under the age of 16 may travel, on or off post, between their quarters and social events, work, youth services events, community events, and school functions, with the consent of the sponsor or guardian after curfew hours without being in violation of this policy.

c. Dependents and sponsored guests found in violation of this curfew policy will be taken to their quarters and turned over to their sponsor. If the guest's sponsor declines to accept responsibility for the juvenile guest, the guest will be transported to the MP station and their parent or guardian will be called to come and pick them up. First time juvenile curfew offenders will be issued a Juvenile Misconduct letter and an information Military Police report will be generated. Second time offenders will be taken to the MP station where a second juvenile misconduct letter will be issued and their sponsor will be required to pick up and escort the juvenile back to their quarters. Subsequent curfew violations will result in the offender being referred to the Installation Hearing Officer and may result in the violator being referred to Juvenile Misconduct Action Authority (JMAA) and may be used as the basis for exclusion from Fort Moore.

3-3. Quiet Hours.

Quiet hours will be observed between 2200 and 0800 Sunday through Thursday, and between 0001 and 0800 on Friday and Saturday. Outside of established quiet hours, residents are required to control the volume of stereos, televisions and musical devices within their home so that they do not disturb the residents of other homes.

3-4. Loitering.

a. Whenever an installation official observes a person in a public place whom he reasonably believes to be involved in improper conduct or becoming a public nuisance, he may order all such persons to disperse and remove themselves from the area. Any person who does not promptly obey such an order is in violation of this section.

b. As used in this section:

- (1) "Loiter" means to remain in any one place with no apparent purpose.
- (2) "Improper conduct/public nuisance" means any activity in violation of this regulation.
- (3) "Public place" means the public way and any other location open to the public.

3-5. Supervision of children/home alone.

a. "Parent," as used herein, is defined as the father or mother of a child related by blood, a father or mother by marriage (step-parent), a father or mother of an adopted child (adoptive parent), a guardian, or other person charged with a parent's rights, duties, and responsibilities.

b. The term child means a biological child, adopted child, stepchild, foster child, or ward. The term also includes an individual of any age who is incapable of self-support because of a mental or physical incapacity and for whom care in a military medical treatment program is authorized.

d. Children 9-12: A child 9 through 12 years of age, based on level of maturity, may be left unattended or home alone for brief (no more than 2 hours) periods of time. Children aged 9 to 12 may play outside unattended within access of a supervising adult who knows the child's general location.

g. School Travel: Parents will take reasonable measures to supervise and safeguard children walking to and from school and awaiting school busses. Children age 8 and below will be accompanied by parent/guardian while walking to and from school or awaiting a school bus.

h. These guidelines are basic minimum requirements for all persons on Fort Moore, Georgia. The level of supervision required in a given case may vary depending on such factors as maturity of the special needs of the child. However, failure by parents to provide adequate supervision to their children may be subject to criminal prosecution under federal or state statutes, in administrative actions, to include exclusion from the installation, in action by a State agency, or in disciplinary action under the Uniform Code of Military Justice.

Chapter 4 Privatized Housing

4-1. **General.** In 2006, the United States Army partnered with a Residential Communities Initiative (RCI) Partner under the provisions of the Military Housing Privatization Initiative Act of 1996, in order to provide Service Members and their families, and other eligible tenants, quality Housing and Housing Services at Fort Moore. As of August 2021, The Michaels Organization (TMO) is the Managing Member. The public/private venture between TMO and the Army at Fort Moore is called Fort Moore Family Communities, LLC (FMFC). The property management company is referred to as The Villages at Fort Moore (henceforth referred to as The Villages). The Garrison's Directorate of Public Works has a Housing Division (also referred to as the Military Housing Office (MHO)) which acts in coordination with the Garrison Commander on behalf of the government to assess, advise, and assist the RCI Partner's efforts to provide quality housing and housing services. This chapter provides basic guidance to residents regarding their responsibilities as residents of Fort Moore Privatized Housing. It is not intended to be comprehensive or to replace the resident's lease or The Villages' Resident Responsibility Guide (RRG), but to provide additional/amplifying guidance, clarity, and emphasis on community standards for select topics in the midst of several different authoritative forms of guidance from various stakeholder agencies.

4-2. Pet Control.

- a. References: AR 40-905 (Veterinary Health Services) and MCOE 40-905, DoDI 1300.27 (Guidance on the Use of Service Dogs by Service Members, 7 Jan 2016), HQDA Policy (Pet Policy for Privatized Housing Under the Army's RCI Privatization Program (5 January 2009)), The Villages at Fort Moore Lease (August 2021), and The Villages at Fort Moore Resident and Responsibilities Guide (August 2021)
- b. General. Families are allowed no more than two (2) "leashed" pets per home unless an exception to policy is submitted to The Villages and approved by the Garrison Commander or his designated representative. For purposes of this policy/regulation, the term "leashed" pets refers to cats and dogs. There is no formal limitation on the number or type of "caged pets" or animals, except as noted in paragraphs 4-2c and d.
- c. Aggressive/Dangerous or Potentially Aggressive/Dangerous Dog Breeds. For purposes of this regulation, aggressive/dangerous or potentially aggressive/dangerous breeds of dogs are defined as Pit Bulls (American Staffordshire Bull Terriers or English Staffordshire Bull Terriers), Rottweilers, Doberman Pinschers, Chows, and wolf hybrids. This prohibition also extends to other dogs that demonstrate a propensity for dominant or aggressive/dangerous behavior as indicated by any of the following types of conduct:
 - (1) Unprovoked barking, growling, or snarling when people are present.
 - (2) Aggressively running along fence lines when people are present.
 - (3) Biting or scratching people, or attacking other pets.
 - (4) Escaping confinement or restriction to chase people.

The above-mentioned breeds are only allowed on the installation to travel to and from a veterinary services appointment at the Fort Moore Veterinary Center, BLDG 265, and must be muzzled at all times while on the installation. No animal shall be allowed to snap, growl, snarl, jump on or otherwise threaten persons without provocation. Upon a determination that an animal has created a public health concern, the Garrison Commander, in consultation with the installation Veterinarian, has the authority to immediately order an

aggressive animal from post when the animal has caused unprovoked harm to any person or animal, or are involved in two provoked bite/scratch incidents. These cases will be forwarded to the Garrison Commander through the Installation Hearing Officer for action pertaining to the exclusion of the pet involved, the loss of pet ownership privileges, and/or the exclusion of the owner from the Fort Moore military reservation.

d. Prohibited Animals – Wild, Exotic, or Livestock Animals. Wild, exotic or livestock animals are not allowed in family housing areas. Such animals include, but are not limited to horses, reptiles, rodents (other than hamsters and guinea pigs), ferrets, hedgehogs, skunks, rats, raccoons, squirrels, pot-bellied pigs, monkeys, arachnids, or any farm animal.

e. Service and Therapy Dogs. A Service Dog is any dog trained and certified to assist and meet the needs of its disabled handler. A Service dog can be any breed or size as long as it is properly trained and certified. Service members and other residents are advised to be wary of organizations which will offer to certify their dog as a Service Dog without appropriate medical need and documentation, and appropriate training. A Therapy dog is any dog that is trained to meet the needs of others such as in a nursing home, hospital, schools, and a variety of other settings. There are dogs that do multiple jobs as both service dog and therapy dog. Service dogs are protected under the Federal Americans with Disabilities Act and may accompany their handler in every public environment. Some of those areas are restaurants, grocery stores, medical facilities, official buildings and courts. Therapy dogs do not have the same access rights that service dogs do. Of note, the Americans with Disabilities Act applies to DoD only by policy, and DoDI 1300.27 (Guidance on the Use of Service Dogs by Service members), 7 Jan 2016, states in section 3.b, that Military Departments retain authority over installation access, control, and domiciling for all animals other than service dogs. The Garrison will not approve restricted breed animals in Housing which are not properly trained and certified as Service Dogs. Therapy Dogs and Emotional Support Animals do not constitute specific exceptions.

f. Registration of Pets. Owners have 30 days from the time of occupying an on-post home or acquiring a pet to register the pet with both the Fort Moore Veterinary Center and the Villages at Moore even if they seek a civilian veterinary care. ALL animals residing on post must properly register, immunize, administer year round antiparasitic, and control their pets. The Villages at Fort Moore requires a \$250 deposit for each leashed pet.

g. Care of Pets. Owners will properly care for and control their pets. Owners will immunize their pets in accordance with Fort Moore Veterinarian Center guidance (state law or federal law). Owners will provide humane care, sanitary facilities, and proper treatment of their pets. Each pet kept outside must have adequate and humane housing for said animal. The area around the pet housing must be kept clean of fecal matter and excess food particles. Overhead cover must be provided to protect the pet from the weather. Owners are responsible for their pet's feces and will police their lawns and yards, and pick up their pet's feces when walking them. Pets being walked outside must be on a short leash and at the heel around others. Pets are prohibited from playgrounds, youth sports fields, school grounds, or at any gathering that includes persons other than the owner's family and personally invited guests of the owner and his/her family. Owners will prevent pets from being a nuisance, and will not allow their pets to stray. Pet Owners should always have a container to clean up and dispose of feces in their possession when walking dog(s).

h. Conduct of Pets/Aggressive Dogs. No animal shall be allowed to snap, growl, snarl, jump on or otherwise threaten persons without reasonable provocation. Dog owners must demonstrate an ability to control their dog and prevent such threatening behaviors. Dog owners must take a pet that bites someone to the installation Veterinarian for examination and quarantine within 24 hours, or an otherwise reasonable timeframe. Aggressive animals which cause unprovoked or substantive harm to any person or animal, or are involved in two provoked bite/scratch incidents may be immediately removed from post by authority of the Installation Veterinarian or Garrison Commander upon a determination that the animal has created a public health concern. These cases will be forwarded to the Garrison Commander through the Installation Hearing Officer for action pertaining to the exclusion of the pet involved, the loss of pet ownership privileges, and/or the exclusion of the owner from the Fort Moore military reservation.

i. Removal of dead, decaying animals. All sponsors who live on Fort Moore are responsible for the removal of domestic animals, such as cats/dogs, or non-domestic animals (such as squirrels/armadillos) that are dead within the property boundaries associated with their residence. If the pet owners are away for extended periods (such as, TDY or deployed), it is the responsibility of the Property Manager for removal of the carcass of a non-domestic animal. The removal of dead animals, both domestic and non-domestic, from common areas will belong to the property management company or organization/unit that is responsible for that area. Only deceased domestic animals may be cremated at the installation veterinary clinic, where they will dispose of the carcass for a fee. All non-domestic animals found in common areas or on highways shall be taken to the nearest wood line by the organization or unit responsible for that area.

j. Fostering Pets. The Fort Moore Stray Animal Facility is always looking for families to foster pets. Residents are permitted to foster pets for a short period, 2-4 weeks (not to exceed 30 days) in order to assess whether the pet is right for their family. Residents will not foster pets for a period beyond four weeks without adopting them and assuming resident responsibilities as a pet owner, including proper registration and registration fees.

k. Abandonment of Pets. Fort Moore residents are expected to be responsible pet owners. They will not abandon their pets during their residence here, or in preparation for their arrival or departure. If a resident chooses to – or is directed to – give up their pet, they will take the pet to another person or facility authorized and able to accept the pet. The Fort Moore Stray Animal Facility is available to accept pets from leaseholders.

l. Violations. Violations of guidelines in this chapter can result in pet owners losing pet ownership privileges while residing on this installation. Cases involving pets are primarily handled by the Staff Judge Advocate or Installation Hearing Officer, in close coordination with the Provost Marshal, the Housing Office, and the Garrison Commander.

4-3. Home-Based Businesses. Home-Based Businesses are subject to the approval of the Garrison Commander.

a. Office of Primary Responsibility. The Garrison's Office of Primary Responsibility for Home Based Businesses is Army Community Service. Information about Home Based Businesses can be found at <https://moore.armymwr.com/programs/private-organization-and-commercial-solicitation>.

b. Application process. Residents will initiate a Home-Based Business application with the Army Community Service. As part of the application process, the resident will staff the application with select installation agencies to gain their input for consideration by the Garrison Commander in his decision-making process. One of these agencies is the Military Housing Office. The Military Housing Office will work with the resident to gain information about the proposed business, and to assess and mitigate the possible risks or impacts to the Community, or to the housing infrastructure and services provided by the Villages. The Military Housing Office will submit a recommendation to the Garrison Commander on behalf of The Villages and the Military Housing Office collectively.

c. Violations. Leaseholders who operate a Home-Based Business without the approval of The Villages and the Garrison Commander are subject to removal from the installation or other administrative action.

4-4. Pools, Hot Tubs, and Spas.

a. Guidelines. In accordance with The Villages' Resident Responsibility Guide, pools deeper than eighteen (18) inches are prohibited. Small wading hard plastic pools no deeper than eighteen (18) inches and no larger than eight (8) feet in diameter are

permitted. An adult (18 years or older) must be present to supervise pool use. Pools must be immediately drained when not in use. Pools are not to be utilized in the front of the residence; instead, they must be placed in the back of the residence or on the side of the residence if there is no backyard. Hot tubs and spas are not permitted.

4-5. Vehicles in Family Housing.

a. Car Repair in Family Housing. All car maintenance or repair on Fort Moore must be done at the Auto Skills Center. No car maintenance or repairs are allowed in family housing areas according to the Village of Moore lease and other policies and procedures set forth by the FMFC LLC.

b. Securing Privately Owned Vehicles (Quarters). All vehicles will be secured by locking doors and winding windows completely closed when the vehicle is not occupied. Vehicles with remote ignition capabilities for pre-engine warm up will be permitted provided the vehicle is secure.

c. No obscene stickers or decals displayed on vehicles or in housing area to maintain good order and discipline.

4-6. Securing Quarters.

All entrances to include accessible windows in living quarters will be secured while residents are asleep or gone from the living quarters. All garage doors will be secured when resident is not physically with in visual site of the garage. Garages will not be left unattended with the door open.

4-7. Flowers, shrubs, trees and gardens.

i. If granted, the conditions and terms of the restricted driving privileges will be specified in writing and provided to the individual concerned. For military and civilian personnel employed on Fort Moore, all decisions will be forwarded through the subject's chain of command. Individuals granted restricted driving privileges are required to maintain a copy of the memorandum granting said privileges in their possession while operating a motor vehicle on the installation.

j. Copies of all approved restricted driving privileges will be provided to DES.

k. Restricted driving privileges are subject to termination upon any further misconduct, or any violation of the terms specified in the decision letter.

Section V**Suspension of PX/Commissary Privileges****6-13. General.**

In accordance with AR 60-20, Section 2-15, and AR 30-19, Section 4-20, personnel charged or convicted of shoplifting or other abuses, to include intentional presentations of dishonored checks or employee pilferage, occurring at either an AAFES or Commissary facility, will be denied access to all AAFES or Commissary facilities, respectively, for a minimum period of six (6) months.

6-14. Notification.

Notification of suspension will be provided, in writing, by the DES, to the individual concerned at the time of their apprehension in the form of a suspension letter. At that time, the DES will also serve the individual concerned with ID card confiscation orders.

6-15. Hearing Procedures.

See Section 2, above. A copy of all final decisions relating to commissary suspensions will be forwarded to the commissary manager in accordance with AR 30-19.

Section VI Hunting and Fishing Privileges**6-16. General.**

Under the provisions of Fort Moore Regulation 200-3, persons authorized to hunt or fish on Fort Moore may have their privileges suspended or revoked for violating any of the installation hunting and fishing guidelines, rules and regulations issued by the Georgia (or Alabama, as applicable) Department of Natural Resources or rules and regulations (as applicable) issued by the United States Fish and Wildlife Service.

6-17. Notification.

Persons in violation of Fort Moore Regulation 200-3 will receive written notice of the suspension or revocation of their hunting and fishing privileges from the DES at the time of their apprehension.

6-18. Hearing Procedures. See Section II, above.**Section VII Pet Ownership Privileges and Control****6-19. Exclusion of Pet(s).**

a. In accordance with Fort Moore Regulation 40-905 and this regulation, the Garrison Commander, in consultation with the Fort Moore Veterinary Services OIC, will review requests for exclusion of pets from post, and/or loss of Pet ownership privileges. The Garrison Commander may order the removal of a pet from the installation. Violation of this exclusion may subject the individuals concerned to the loss of pet ownership privileges and may result in the loss of on-post housing privileges for repeated or serious violations.

b. A pet may be removed from post if it presents a public nuisance or health concern. Public nuisance includes, but is not limited to, incidents of neglect or abuse, loss of owner control such as a stray impoundment, or minor provoked bites. Public health concerns include, but are not limited to, unprovoked animal bites and multiple stray impoundments of owned animals.

c. Vet Services will maintain a file on all pets/animals evaluated following the issuance of a pet removal order for the Hearing Officer's future use, if necessary. Such files will be forwarded within three (3) days of the Hearing Officer's request. All files will comment, when applicable, on the circumstances concerning the bite, to include whether the bite was unprovoked or due to an animal's naturally aggressive disposition. In abuse/neglect cases, files will include specific information regarding the animal's condition during evaluation.

6-20. Revocation of Pet Ownership Privileges.

a. In accordance with Fort Moore Regulation 40-905, Pet and Animal Disease Control, the Garrison Commander may order the revocation of installation pet ownership privileges. Violation of this order may subject the individuals concerned to loss of on-post housing privileges.

b. An owner not complying with Fort Moore Regulation 40-905 or otherwise not properly caring for their pet is subject to the loss of on-post pet ownership privileges and could be held responsible for veterinary costs. Improper care includes, but is not limited to, repeated stray impoundments, commercially breeding/raising pets on post, not registering or maintaining registration on a pet, not testing and treating for parasites, not properly immunizing a pet, breaking home quarantine, and not treating diagnosed communicable diseases.

6-21. Notification.

a. The individual may be issued a pet removal order requiring immediate removal of an animal if the Veterinary Corps Officer (VCO) has declared the incident concerning the animal involves a public health concern. This order will give the individual concerned notice that ;

(1) the animal must be removed immediately, and

(2) that he or she may request a hearing within seven (7) working days of receipt of the order. Final action by the Garrison Commander will be delayed pending hearing or a waiver thereof. Pet removal orders may only be issued by the VCO or by the DES, with prior approval by the VCO.

b. The individual concerned may be issued notice of pending action by the Garrison Commander. Either the VCO or DES may issue this notice in cases where a privately owned animal has created a public nuisance.

Individuals will be given an opportunity for a hearing, and the animal will be allowed to remain on post pending a final decision by the Garrison Commander.

6-22. Hearing Procedures.

See Section 2, above. The Hearing Officer will notify the subject, in writing, of the Garrison Commander's final decision as soon as practicable after it is rendered. The notice will be delivered in person or via certified mail. Soldiers may pick up the decision in person from the Hearing Officer or receive it through chain of command distribution.

Juvenile Misconduct Action Authority (JMAA)

Section I Responsibilities

7-1 General.

a. The GC will appoint the Juvenile Misconduct Action Authority (JMAA) and an Assistant Juvenile Misconduct Action Authority (AJMAA). The GC serves as Appellate Authority for decisions of the JMAA. Upon request of the JMAA, the GC may appoint an Investigating Officer (IO) in serious or complex cases.

b. The JMAA will hear all cases of juvenile misconduct on Fort Moore which are referred to him/her by the Installation Hearing Officer. The JMAA will make a finding of responsibility and recommend or take appropriate administrative actions. The authority to act as JMAA may not be further delegated.

c. The AJMAA will assist the JMAA administratively and is responsible for receiving reports, maintaining records, and monitoring the status of juvenile misconduct incidents. If required, the JMAA may direct the AJMAA to interview interested parties and collect evidence on juvenile misconduct incidents. Judge Advocates, military police personnel, and counselors will not be assigned as AJMAA's.

d. The Director of Emergency Services will designate a representative to present evidence of juvenile misconduct on Fort Moore to the JMAA.

e. The Staff Judge Advocate will designate an advisor to the JMAA. The advisor will provide guidance to the JMAA and review appeals prior to Appellate Authority action.

f. Separate and apart from the JMAA, Fort Moore Schools (FMS) officials will be responsible for taking appropriate administrative action regarding student disciplinary problems that occur at schools, during school activities, or while using FMS-run school buses

g. Sponsors will make every effort to prevent misconduct by their family members. Sponsors are expected to cooperate fully with the JMAA, to encourage family members who commit misconduct to demonstrate that they should be permitted to retain access to Fort Moore, and to use recommended services (for example, counseling, consultation with school officials, parent effectiveness training) to encourage family members to act responsibly. In all instances herein in which responsibilities or rights are given to the sponsor, those responsibilities or rights shall accrue to the custodial parent if the sponsor is not present at Fort Moore.

h. Commanders at all levels will support JMAA actions. If the sponsor's commander refuses to cooperate with the JMAA, the JMAA will refer the matter to the next higher commander in the chain of command.

7-2. Policy.

a. The CG has the authority to revoke or suspend installation privileges, including the privilege to access the post exchange, other installation facilities, and the installation itself. The authority to revoke exchange privileges and access to recreation centers and the Youth Activities Center for juveniles only is hereby delegated to the JMAA.

b. Incidents of misconduct will be resolved as quickly as possible. The JMAA will conduct hearings twice each month at which time he or she will determine the appropriate administrative actions for the misconduct.

7-3. Juvenile Misconduct Action Authority (JMAA) initial options.

a. All persons with information about juvenile misconduct on the installation will report the misconduct promptly to the Installation Hearing Officer. If, after reviewing the file, the Installation Hearing Officer determines the file is appropriate for consideration by the JMAA, the Installation Hearing Officer will immediately refer the matter to the JMAA.

b. Upon receipt of the notification of misconduct, the JMAA may immediately suspend any logistic support privileges to prevent further misconduct pending final review.

c. After reviewing the available facts, the JMAA may:

(1) Take no action.

(2) Impose minor administrative sanctions (oral counseling or letter of warning). This option is appropriate when facts are

established or undisputed and remedial action apparent. No prior notice or hearing is required. The JMAA will notify the offender (and parent/sponsor) of the minor administrative sanction(s) imposed.

(3) Conduct (with AJMAA assistance) a preliminary inquiry to gather facts if circumstances of incident is unclear.

(4) Seek GC appointment of an Investigating Officer (IO) for serious or complex cases. An IO may employ AR 15-6 informal procedures; such investigations are not formal investigations under the provisions of AR 15-6. An IO will present written findings and recommendations to the JMAA.

7-4. Actions following preliminary inquiry or IO investigation.

a. Upon completion of a preliminary inquiry or receipt of an IO report, the JMAA may:

(1) Take no action.

(2) Impose minor administrative sanctions (see paragraph 4-3.4 c (2) above).

(3) Where minor administrative sanctions are insufficient, notify the sponsor of the allegation, the right to be confronted with the evidence against the juvenile, the right to present evidence on his/her own behalf (including witnesses), and the date of the hearing. Notification may be in writing or oral. If notification is oral, the JMAA will speak directly to the sponsor (or custodial parent, if the sponsor is not present at Fort Moore) and will confirm notification by a memorandum for record.

(a) Participation in this program is voluntary. If the sponsor does not consent, alternate administrative action may be taken by the Installation Hearing Officer, or the case may be referred to Muscogee or Chattahoochee County Juvenile Court.

(b) The juvenile and sponsor may waive the right to a hearing and agree to submit to such administrative actions as the JMAA imposes.

(c) At the hearing, the evidence against the juvenile will be presented to the JMAA and the juvenile and his/her sponsor. The juvenile and his/her sponsor may testify and present evidence, in the form of written statements or witnesses, for the JMAA's consideration. The juvenile may not be represented by an attorney.

(d) Attendance at the hearing will be limited to the JMAA, juvenile and sponsor or parent, DES representative, and relevant witnesses. The Community Life Officer and Staff Judge Advocate's representative may observe.

(e) The JMAA will announce his/her decision at the conclusion of the hearing. The decision will be reduced to writing and a copy provided to the sponsor and his/her unit commander or supervisor. The decision will inform the juvenile and sponsor of their opportunity to submit a written appeal to the Appellate Authority within seven calendar days of receipt of the decision. Appeals will be sent through the JMAA to the Appellate Authority for action. Administrative actions, other than revocation or suspension of exchange privileges, will be stayed pending action on the appeal.

b. When an activity other than the JMAA is responsible for effecting an administrative action (for example, the Installation Hearing Officer for termination of assignment to quarters), the JMAA will notify that activity and recommend actions. If that activity decides the actions recommended by the JMAA are inappropriate, the JMAA will refer the matter to the GC for decision.

c. The JMAA may suspend one or more administrative actions, with the exception of revocation of exchange privileges, on the condition of good behavior by the offender. The JMAA also may suspend actions pending successful completion of community service. Suspensions of actions should not ordinarily exceed one year.

d. Legal review is not required before the JMAA announces his/her decision. The JMAA should seek legal advice when an offender files an appeal and in complex cases.

e. The JMAA will maintain records of actions taken for acts of misconduct. The records will be maintained for three years from the date the JMAA notifies the juvenile of actions taken or the date of action on an appeal, whichever is later.

7-5. General guidance in selecting administrative actions.

The JMAA will consider the following factors when selecting appropriate actions for misconduct:

a. Seriousness of the misconduct.

b. Relationship of the action to the offense. For example, exchange privileges should not be suspended for vandalizing a school.

c. Offender's prior record. Stronger action is warranted against persons who have been involved in misconduct previously.

d. Age and maturity of the offender. The JMAA should handle theft committed by a 10-year-old child differently than theft committed by a teenager.

e. Compensation to victims. The JMAA will consider actions taken by the offender to rectify the effects of the misconduct. The JMAA cannot force offenders or their sponsors to compensate victims for loss or damage; however, restitution by offenders for damaged property, including Government property, is one indication of a willingness to live responsibly in the community in the future. Compensation to victims need not be monetary. In determining appropriate sanctions, the JMAA may consider any type of compensation acceptable to the victim (for example, errand running, lawn mowing)

7-6. Administrative actions.

a. Counseling. The JMAA may counsel an offender and his sponsor about the misconduct.

b. Referral. The JMAA may refer the offender and/or parents to an appropriate social service.

c. Letter of warning. The JMAA may issue a letter of warning to the offender and his sponsor. The letter will be sent through the sponsor's commander or supervisor. If the letter of warning is issued without a hearing, the offender and sponsor may respond in writing within three calendar days, and a copy of the response will be maintained with the letter of warning in the JMAA files.

d. Letter of restriction. The JMAA may issue a letter limiting the offender's travel or presence on the installation, absent parental accompaniment, to certain areas and/or certain times.

e. Suspension or revocation of privileges. The JMAA may suspend or terminate an offender's or sponsor's privileges. Such privileges include, but are not limited to, the following:

(1) Army and Air Force Exchange Service operating facilities. In cases of shoplifting, exchange privileges must be suspended for a minimum period of 6 months. On appeal, the Appellate Authority may reinstate exchange privileges for cogent and compelling reasons (AR 215-8, paragraph 7-6e).

(2) Commissary. Commissary privileges may be suspended for an appropriate period of time if those privileges are abused.

(3) Family and Morale, Welfare, and Recreation Activities. Offenders may be denied the privilege of participating in an MWR activity if it is in the best interest of the activity, the community, or the U.S. Army. The misconduct need not involve abuse of the particular morale support activity. The JMAA will ensure that any such activities are notified of the suspension.

f. Exclusion. The Commanding General may exclude offenders and sponsors from the installation. The JMAA's recommendations in this regard will be forwarded to the Installation Hearing Officer at the Office of the Staff Judge Advocate for action. The JMAA must be aware that exclusion may have incidental effects, including denying a person access to exchange,

commissary, or other locations where privileges have not been abused and making a person ineligible for future employment on the installation. Offenders may not be barred from access to medical treatment facilities.

g. Probation. The JMAA may place the offender on probation for a period of up to one year. The sponsor will provide monthly progress updates to the JMAA, including information as to the offender's conduct and school performance.

h. Community Supervision Programs. Community supervision programs are effective means to determine if an offender is willing to be a responsible community member. Community supervision programs should be tailored to the offense and the offender. Examples include requiring the offender to:

- (1) Periodically report to the JMAA or an appropriate designee;
- (2) Receive periodic home visits from the JMAA or designee;
- (3) Remain at home during specified hours of the day;

(4) Perform services in the community. Those services may not involve services that are currently or normally covered by appropriated fund positions or contracts. Community service placements will be coordinated with the activity where the offender is to work prior to the offender's placement. Parents will supervise juveniles in community supervision programs. The sponsor will periodically certify the juvenile's satisfactory progress in the program. If community service is performed, its completion will be certified by the sponsor and will also be certified by a representative of the activity where performed.
