CMF 19 CAREER PATTERN

FORGE THE THUNDERBOLT!

Chapter 10, DA PAM 611-21
General Information

Armor’s Mission
Close with and destroy the enemy

Cavalry’s Mission
Provide reconnaissance and security

**Warfighting skills are the highest priority**
• Modularity has had no major impacts on basic crew structure of CMF 19. Armor remains a war-fighting CMF with critical leadership time being of the utmost importance regardless of unit type.

• “Grow the Army” has added additional reconnaissance units therefore increasing the 19D requirements.

• Assignment opportunities exist for all Armor SFC’s who desire to meet CMF critical leadership requirements. Therefore those SFC’s that do not have at least 18 months critical leadership time should not be considered for promotion.

Proponent Demanding “Critical Leadership” Assignments

**Platoon Sergeant:** *There is no position more important to the Armor force than the Platoon Sergeant!* Leadership assignments are the key for successful development within CMF 19. The Armor Enlisted Professional Development Guide and DA Pam 600-25 stress the importance of serving as a Platoon Sergeant and not only recommends but places a requirement on this experience before advancing to the next higher grade. There is no substitute for serving in the critical leadership positions throughout an Armor Soldier’s career. While MTOE positions are highly valued for the development of war-fighting skills, equal weight should be given to an Armor Platoon Sergeant, whether the NCO served in a MTOE or TDA positions. These Armor NCO’s should not serve back to back critical leadership positions in a TDA assignment though.

Those SFC’s that have been selected to serve in positions of greater responsibility (i.e. 1SG) throughout their careers have shown the “RIGHT” leadership potential that the Armor Branch is looking for in our future Sergeant’s Major and Command Sergeant’s Major. Armor SFC’s have found themselves performing duties as infantry PSGs or PSD PSG’s. Equal weight should be given to them as these are also highly demanding positions.

• Armor Branch does not consider any assignment outside the demanding/critical leadership assignments list (Slide 5) to equal or compare to time spent in the critical leadership positions. The only exceptions are those GWOT assignments listed on slide 8.

• Armor branch considers any non-traditional assignments (MG, IG, EO, Recruiter, DS, OC, AC/RC, Instructor) as those specialty assignments available that will develop and broaden the NCO.

• Slide 14 shows some of the specialty assignments available to the Armor NCO. Armor NCOs should strive to perform one of these assignments combined with critical leadership time at each skill level.

• Armor NCOs without their Branch development time of 18 months or more of critical leadership time should not be considered in the qualified for promotions category.
Overseas Contingency Operations Assignments

Operational requirements have caused units to assign personnel to positions that do not fit into CMF 19’s typical career model

**Transition Team NCOIC:** Consider successful completion of Military Transition Team (MiTT) or a Provisional Reconstruction Team (PRT) assignment as part of a SFC’s critical leadership time. While service on a transition team provides a portion of the requisite skills, it must be combined with time spent as a Platoon Sergeant to fully prepare the NCO to serve as a First Sergeant. Armor Branch goal is a minimum of 18 months (successful) combined time.

**PSD Platoon Sergeant:** Consider the 19K40 or 19D40 that has been selected to perform duties as a PSD Platoon Sergeant as equal to those performing Platoon Sergeant duties in an armor or cavalry unit. The CMF goal of 18 months critical leadership time as a Platoon Sergeant still applies. Therefore, upon completion or prior to performing duties as a of PSD Platoon Sergeant, the SFC should have been a maneuver Platoon Sergeant.

**Rear Detachment NCOIC:** Consider successful completion of time spent as a Rear Detachment 1SG or senior NCOIC as part of a SFC critical leadership time. While service as a Rear Detachment NCOIC provides a portion of the requisite skills, it must be combined with time spent as a Platoon Sergeant in an operational unit to fully prepare the NCO to serve as a First Sergeant. Armor Branch goal is a minimum of 18 months (successful) combined time.

SFCs that have NOT performed duties as a PSG should not be considered for promotion to MSG.
Consider **BEST QUALIFIED** the Armor NCO who has served with distinction as a PSG for 18 months or more and has sustained his standard of excellence. These NCOs should have served with distinction in a professionally developing assignment as a SFC. In addition, they have demonstrated proven success at the next higher grade (1SG/MSG) and may have graduated from the First Sergeant Course.
Consider EXCEPTIONALLY QUALIFIED the Armor NCO who has served with distinction as a PSG for 18 months or more and has sustained his standard of excellence. These NCOs should also have served with distinction in a professionally developing assignment as a SFC.
Consider **FULLY QUALIFIED** the Armor NCO who has served with distinction as a PSG for 18 months or more and has sustained his standard of excellence, but has not served in a professionally developing assignment, they do not have the breath of knowledge equivalent to their peers who have developed a well-rounded career path.
