

Are you looking for help with your BDD claim?

I am located in the auditorium next to the DAV sign, I see clients from 0900 until 1400 on **daily basis**, if my door is open feel free to walk in. My process for BDD claims can be completed without additional training and completely remote or face to face, whichever suits **your needs best**. Scan my dot code and “exchange contact” to send me your contact information to begin the process, you can also download my contact card to your phone via the QR code. My services are always free of charge and we here at Transition Assistance Program are here to help!
