

**DoD SkillBridge Internship  
Army Career Skills Program (CSP) Opportunity  
Law Enforcement Information Systems Specialist (GS-1801-05/07)  
U.S. Customs and Border Protection (CBP)  
U.S. Border Patrol (USBP) - Detroit Sector**

**Location:** Selfridge ANGB, MI

**Salary:** <https://www.opm.gov/policy-data-oversight/pay-leave/salaries-wages/2025/general-schedule/>

**IMPORTANT NOTE**

This opportunity is only open to DoD SkillBridge participants who are **AT LEAST 11 month AWAY** from military separation.

**LOCATION**

Detroit Sector Intelligence Unit  
Selfridge Air National Guard Base (ANGB), Michigan

**MAJOR DUTIES AND RESPONSIBILITIES**

**Intelligence Gathering and Reporting:** Assists senior Law Enforcement Information Systems Specialist in developing intelligence reports based on information gathered to be used by Border Patrol Agents (BPAs) to predict, detect, deter, and apprehend terrorists, migrants, human smugglers, illicit drugs, and other contraband from entering the United States.

**Video and Sensor Gathering and Reporting:** Receives, compiles, and updates tactical intelligence reports impacting real time enforcement operations within CBP and other law enforcement agencies. Assists in preparing forensic evidence (audio and visual) for court, establishing chain of custody, and testifying in court on behalf of the government explaining information conveyed to the field on surveillance activities, sensor alarms, and database findings. Gathers, verifies, and sorts information requested by BPAs and law enforcement organizations for accuracy and completeness.

**Geographic Information System (GIS) Analysis:** Maintains USBP historical activity data including apprehensions, seizures, and Significant Incident Reports (SIRs). Assists in reviewing various reports to ensure accuracy in various areas including assisting in conducting data mining and analysis information by utilizing national databases to determine the identify, non-citizenship, and removability of individuals in accordance with immigration laws, rules, and regulations.

**Database Analysis:** Assists in conducting analysis of all aspects of established operating programs databases to locate relevant information to be used in the development of tactical decisions during mission planning and execution including resource utilization and other related matters.
