FEATURED EMPLOYER

We know the positive difference that hiring veterans can make.

As a nationally recognized military-centric employer for ten consecutive years, we're proud to hire thousands of veterans, as well as spouses of active-duty military, each year. **In fact, we offer Military to Registered Nurse opportunities so that you can enter medicine regardless of your military background.**

Our program helps transitioning veterans and military spouses into civilian careers, provides active-duty benefits and job flexibility for veterans, military spouses, guard and reservists. If you're a veteran leaving the military and are interested in healthcare, apply for one of our open positions.

September Overview

5 Things Confident Professionals Never Do

1. **Put Up a False Front:** Confident people are always honest and straightforward. They are not afraid to ask questions.
2. **Try to Be a People Pleaser:** Confident people fully accept that they will not be liked by everyone.
3. **Compare Yourself to Others:** Confident people are so comfortable in their own skin; they have no need for comparison.
4. **Judge & Criticize:** Confident people have no need to put other people down to feel good about themselves.
5. **Hog the Spotlight:** Confident people do not need to steal the spotlight to make themselves look better.
