

It's easy to
make a difference...

RECYCLE your aluminum cans!

**Place aluminum
cans in appropriately
marked receptacles.**

Please **EMPTY** all
liquid contents
before discarding.

Aluminum Recycling Facts

- Aluminum is the most recyclable of all materials.
- A recycled aluminum can may be back on store shelves in 60 days using 95% less energy to manufacture.
- Nearly 75% of all aluminum ever produced is still in use today.
- Aluminum is one of the only materials in the consumer disposal stream that more than pays for the cost of its own collection.

1 Aluminum Can...

RECYCLED

saves enough
energy to play 1
full album on an
IPOD

THROWN OUT

wastes as much
energy as pouring
out half that can's
volume (6 oz.) in
GASOLINE

Your recycling efforts DO make a difference!

Aluminum is
100%
Recyclable
& retains its
properties
indefinitely

Atlanta is home to the largest
aluminum recycler in the world,
Novelis. Aluminum cans are
processed at their facility in
Greensboro, GA
