

Fabrication (Army wide & Local)

B-3020 (lower level) ISR-905 SSP E & G
706-545-4383

- Priority 1 (3-day Command Emphasis);
- Priority 2 (<7-day Training POI);
- Priority 3 (<45-day standard work order);
- Priority 4 (< 90-day reimbursable with GPC)
- Work orders are prioritized by Production Manager
- Fabricated items include, but not limited to:
 - M4, M7 Short Barrel, M17, M110, M240B, M249, M250, Makarov, Tokarev pistols, OPFOR weapons, Carl Gustaf
 - Rifle Rest Boxes, Pugil Sticks, PT Stands
 - Chain-of-Command Boards, Ground Subject Boards
 - 3-D Terrain Boards, Tank Gunners Station Simulator, Duty Boxes, Bore Sight Panels
 - Grenade ID Boards, Shoot Barriers
 - VISMODS (HMMWV, Stryker)
 - Bayonet Assault Courses
 - sUAS (Drone) Obstacles
 - C-130, UH-60 Fuselages
 - Detention Cells

Instructor/Operators (I/O)

B-3020 (upper level) ISR-905 SSP B & D
706-545-2386

- Provide onsite TSC training location for Improved – Stinger Troop Proficiency Trainer Version 2 (I-STPTv2)
- Operate and Train-the-Trainer on C-IED systems, both pyrotechnic and non-pyrotechnic signatures (visual and auditory)
- Assist units in replicating IED threats

MILES (Multiple Integrated Laser Engagement System)

B-3020 (upper level) W-TRS Trainer
706-545-1114

- Provide instruction on MILES family of systems
- Dismount (IWS), vehicle CVTESS (Abrams, Bradley, Stryker), TVS (Tactical Vehicle System), WITS (Wireless Independent Target System), MGSS (Main Gun Signature Simulator), MK-19, SLM (Shoulder Launched Munitions), VTESS (Vehicle Tactical Engagement Simulation Systems) including Delta Kits
- Provide contact support assistance to units at their location
- Provide familiarization training on CCMCK (Close Combat Mission Capability Kit)
- Ensure trained personnel receive their TADSS Certification Card (DA Form 7784) valid for 1 year

B-3020 (lower level) ISR-905 SSP A, C, & D
706-545-4933/5721

- Coordinates with units in RFMSS for TADSS requests
- Perform limited maintenance on returned TADSS ensuring full operational capability
- Assist in loan and return of all TADSS using TS-MATS as DA Form 2062
- Ensure operational CMUR (Crew Module Unit Recorder), Javelin FTT (Field Tactical Trainer) and BST (Basic Skills Trainer), TOW ITAS (Improved Target Acquisition System) –TESS (Tactical Engagement Simulation System), NBCRV (Nuclear, Biological, Chemical Reconnaissance Vehicle), are available for loan

Services Branch

B-3021 ISR-905 SSP A, C & D
706-545-2006

- Coordinates with units in RFMSS for TADSS requests
- Maintain and provide Train-the-Trainer on GFS (Gun Fire Simulators) and artillery noise simulators
- Ensure operational AT-4 (M287), and sub-caliber In-Bore Devices
- Train Soldier Monitoring System (SMS) operators for land navigation tracking events

TADSS Facility

B-3025 ISR-905 SSP A, C, D, F
706-544-8862/8860

- Provide GTA (Graphic Training Aids) to customers at no-cost
- Coordinates in RFMSS for TADSS
- Maintain TSC hand receipts (unit Assumption of Command orders and DA Form 1687)
- Ensure TADSS and T-devices are available for loan: Mannequins (TC3X, TraumaFX, and weighted), OPFOR clothing, Pugil equipment (sticks, gloves, groin protectors, chest protectors, knee pads, and helmets), dummy weapons, dummy grenades, Rifle Rest Boxes, weighted AT4s, Javelins (Block 1), dummy tank and mortar rounds, DDI (Dummy, Drill, Inert) for MCoE units only, vehicle recognition kits, medical trainers, and caskets with cotton flags to mention a few

Miscellaneous

- Hours of Operation: 0700 – 1530
- 5251 Johnston Drive / Smiley Court Sand Hill
- For hot lamination of maps, please contact Mrs. Wendy Mock at 706-545-6154

Providing TADSS for the US Army's Maneuver Force

ALL Armor and Infantry Soldiers begin their journeys at Fort Benning. Over 45,400 Soldiers each year.

Over \$350M in inventory supports institutional, individual, and collective training.

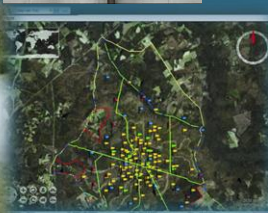

We support the MCoE with DDI (Dummy Drill Inert) rounds.

We support the largest maneuver center in the Army, which helps train and prepare our Soldiers using various devices and training aids. Also utilizing a fabrication shop to develop new training aids at the request of a unit.

TSC supports training with Gun Fire and Artillery Simulators, CCMCK, SMS, and IEDES (Pyro /Non-Pyro).
