

# HEADQUARTERS UNITED STATES ARMY MANEUVER CENTER OF EXCELLENCE COMMAND AND TACTICS DIRECTORATE 1 KARKER STREET FORT BENNING, GEORGIA 31905-5000

ATZB-CTD 05 March 2021

Future MCCC-RC Student,

You have requested a seat in the Maneuver Captains Career Course Reserve Component Phase II resident course and have received either a "Reserved" or "Wait" status through ATRRS. The purpose of this letter is to provide you with information about Fort Benning and Phase I of MCCC-RC.

#### **Course Attendance**

If you know you are NOT attending, please inform your unit so that they can cancel your request. If you do not cancel, and are a no show, your unit will be billed for the slot and you will be ineligible for a future ATRRS reservation for a minimum of three months. If you are on the wait list, continue to check ATRRS for a "Reserved" seat, should one become available. "Wait" status does not guarantee you a seat in the course. RC-MCCC cannot change your ATRRS status, this is a function of your unit training manager.

## **Prerequisites**

Students are required to complete Common Core Phase, and submit a paper prior to reporting to Phase I at Fort Benning. Students who are not complete with Common Core Phase and did not turn in their paper will not be permitted to start Phase I and will be returned to their units.

Common Core Phase is available for enrollment at any time via ATRRS and is completed via distributive learning through the Army Learning Management System (ALMS). Instructions for Common Core Phase can be found on the MCoE MCCC-RC website at:

https://www.benning.army.mil/Infantry/199th/CATD/MCCC/Reserve/Common-Core-Phase.html

Distributive Learning modules are a critical component of our AC-RC course equivalency and provide a common doctrinal baseline across the total force. Successful completion of Common Core Phase is a prerequisite for attendance at resident Phase I Course.

Students will write and submit a paper via email following the accompanying topic and grading rubric. The paper must be turned in NLT midnight seven days prior to reporting to the course. The assigned paper topic will be in the body of the email the Course Director sends with the welcome letter. All submitted papers will undergo a plagiarism assessment prior to grading. Papers will be in Micrsoft Word named in the following format: [Class Number]\_[Phase #]\_[Last Name]\_[First Name]\_[Paper Topic #]. Email completed papers to: <a href="mailto:jared.g.graham.mil@mail.mil">jared.g.graham.mil@mail.mil</a> and <a href="mailto:david.r.engoren.mil@mail.mil">david.r.engoren.mil@mail.mil</a>.
