COMMUNITY NOTICE: Fort Benning weapons firing in the Northern Range Complex March 2021

DATE: March 1, 2021

FORT BENNING, Ga. – Fort Benning weapons firing throughout January include Bradley Fighting Vehicles, Abrams Tanks, .50-caliber, and other small-arms firing. There will be multiple ranges firing various small arms, and community members may notice more sounds during these times. Cloudy days amplify sounds resulting in sound waves traveling farther and sounding louder.

For more information or to sign up to receive these notices, visit www.benning.army.mil/garrison/SmokeandSound.

Proficiency only comes from practice, and this is especially true on the battlefield. That's why our Soldiers train; they must be ready to inflict harm on the country's enemies while protecting themselves on the battlefield. We do minimize the noise and costs by using simulation, but we don't want our Soldiers to experience firing the main gun of an M1 Abrams tank for the first time when they are facing an enemy on the battlefield. Instead we make sure they get realistic training and experience on Fort Benning's training areas that are required for success.
