DATE: May 28, 2024

MEDIA ADVISORY: Fort Moore to begin active vehicle barrier construction project at main gate, June 2024

WHO: All motorists entering and exiting Fort Moore through the Plumley Access Control Point during construction

WHAT: Fort Moore will begin a new months-long construction project beginning in June to install an active vehicle barrier system at the main gate on Lindsey Creek Parkway/I-185, known as the Plumley Access Control Point 3.

Phase 1 will begin on June 6 with closure of the ramp from I-185-South onto Custer Road. This closure is projected to last until June 28. During the closures for construction, Sand Hill ACP 5A will have extended hours until 8 p.m. until approximately July 28.

Additional information about the following phases will be released as their construction times approach, and the gate will remain open 24/7.

All motorists are encouraged to use alternate routes and gates to avoid traffic delays and increase safety during construction.

WHEN: June 6, 2024, for approximately six months

WHERE: Plumley ACP 3, the Fort Moore main gate, on Lindsey Creek Pkwy/I-185

WHY: Once installed, the active vehicle barrier system will allow post security to quickly control in and outbound traffic as needed to help manage access and secure the installation. The project is scheduled for completion by fall/winter 2024.
