- LOE 3.3: Stakeholder Partner Engagement

LOE OBJECTIVES

A fully integrated and functional P2R2 infrastructure with clear governance, policies, and procedures in place, informed by data-driven decision making, and supported by sufficient resources, resulting in efficient and effective P2R2 programs and services.

A P2R2 workforce that is fully trained, certified, and mobilized to deliver evidence-based / -informed programs and services, with leaders who prioritize and deploy P2R2 efforts, and an engaged community resulting in a community that is resilient, ready, healthy, and free from trust-breaking and harmful incidents.

A network of collaborative relationships and partnerships that leverage resources, expertise, and capabilities to deliver high-quality, evidence-based / -informed P2R2 programs and services, with ongoing evaluation and improvement, resulting in effective coordinated / integrated efforts.

Enduring Objective

Optimize warfighter performance and mission readiness by holistically and proactively enhancing resilience and well-being and preventing trust-breaking and harmful incidents.
