MEDIA ADVISORY: Mobile Protected Firepower Industry Day

RELEASE DATE: June 30, 2016

FORT BENNING, Ga. – The U.S Army Maneuver Center of Excellence will host a Mobile Protected Firepower Industry Day Aug. 9.

MPF will be a lightweight combat vehicle that provides the IBCT long range, precision direct fire capability that ensures freedom of movement and action during joint expeditionary maneuver and joint combined arms operations.

The program will include presentations from the Maneuver Center's Capabilities Development and Integration Directorate discussing the MPF operational context and high level capability as well as Project Manager, Armored Fighting Vehicles, discussing the current MPF program plan.

Industry Day will provide data on MPF high-level requirements in the areas of Lethality, Mobility, Protection, Transportability, Sustainability, Energy and Cyber. All presentations will be given at the For Official Use Only (FOUO) level. All attendees will be required to RSVP and confirm that they are cleared for FOUO information.

Companies interested in attending this Industry Day, are required to provide the names and titles of the people who will be attending the event no later than noon (Eastern Standard Time), Aug. 5.

The MCoE Point of Contact for Industry Day at Fort Benning is Mr. Johnny Baker. He can be reached via email at johnny.l.baker.civ@mail.mil, or by telephone at (706) 545-7871.
