

## MEMORANDUM FOR TRAINERS

SUBJECT: Range Bulletin: 01-16 for Period 18 Jan – 13 Apr 16

1. **Range Operations:**a. **Weekly firing schedule/hours of support currently in-place.**

- Starting 1 Feb 15 we will be going to 24-7 hours training support window for the Radio Room Operations. This means Units can train (HOT” or “COLD” any time of the day with no restrictions except those identified below. However, range support with limited manpower will still require advanced notification and possible overtime (OT) if beyond the norm of M-F, 0600-2400 hours training. Remember, just because OT funding is available, does not mean manpower is as well so plan well in advance.

- **Weekend maintenance** support is no longer available on the Installation due to manpower constraints and reductions in LWS personnel. Units wishing to execute training on weekends will get what they get when they turn the power on. If systems/targets fail, no troubleshooting or tech support will be available on the weekends. Also with no manning in Operations scheduling section on the weekends, Units will not have the option of moving to another range if they encounter issues with their scheduled facility.

- **Federal Holiday** “Live Firing and Cold Training is not authorized on these days, exceptions may be considered. Exceptions to this policy will require DPTMS approval and OT funding costs will be paid by requesting Unit for any/all support purposes during Federal Holidays.

b. **Post EIB Training:** The Selby CACTF facility will again be used this year for the installation EIB training. This period of usage is from 29 Feb – 18 Mar 16. Any Units wanting to use this facility during this period will be required to get a Co-Use from ARTB. POC is SGM Colin Boley, ARTB BDE OPS, 544-6445.

c. **Hospital Closure Extension:** The old Martin Army demolition has been extended and training has now been extended to September 2016. Same SOP and rules are still in place.

d. **McKenna Mount and McKenna Strip:** All training requests for McKenna MOUT and/or McKenna and Strip must go to Mr. Bruce Henry, [bruce.m.henry.ctr@mail.mil](mailto:bruce.m.henry.ctr@mail.mil) and Mr. Gentry Sprout, Gentry [gentry.j.sprout.ctr@mail.mil](mailto:gentry.j.sprout.ctr@mail.mil) for coordination and approval.

e. **Hand Grenade Training Requests:** All Hand Grenade/Britten Range RFMSS requests need to be accompanied with a 316 CAV Unit Training Coordination Sheet before they will be process. These coordination sheets can be sent to us via email so we can attach to the RFMSS request for processing. Now this does NOT apply to OSUT (198<sup>th</sup>) or BCT (194<sup>th</sup>) Units as they are all covered under the Hand Grenade Committee for this range. This rule pertains to other

tenant and off post Units who would want to use the hand grenade ranges here on the Installation. POC: for this action is Mr. Hearn 706-626-8034.

h. **WCLS Funding Cuts:** Effective 1 May 15 the Army has cut funding to the Warfighter Focus Contract that has now impacted the DMPRC, CACTF facilities and Malone 2 as far as on-site support goes. These current impacts are phase 1 with a phase 2 plan already in motion that will trim support down even further, scheduled for Sep 15. See embedded file below for the actual impacts for each area.

WCLS Reductions -  
Phase I Impacts.pdf

i. **Updated 144R Website:** Below is the link for the new 144R website that can be used by all for submitting their 144R request through EMD.

<https://nepa/form144/>

j. **Instrumented Shoot Houses:** Pyrotechnics, grenade simulators, flash bangs, etc, of any kind are not allowed in the Buchanan instrumented shoot house as they will damage the equipment. On the other shoot houses that do not have this technology (Brann, Booker, Farnsworth), it is permissible to use these type training enablers as long as it is approved in the packets and it is requested on your RFMSS request in advance of your training dates.

k. **Operations De-Confliction Meeting Schedule:** Conduct of the Range Operations De-Confliction meeting will now be executed one time per month. See the schedule below for projected meeting dates.

Range Operations Meetings Dates	
18 February 16	1330-UTC
17 March 2016	1330-UTC
14 April 2016	1330-UTC

**Table 1, Range Operations Meeting Dates.**

l. **Range Operations Website Update:** We now have webmaster support now in place and updates are being done as we get time to update the website documentation. You will see these changes being made, so if you are looking for documentation, go to the website first as it will now have the most updated documents there. We will also be deleting the documents off the SharePoint site as we move them to the website.

n. **Range Operations Work Hours:** Manpower shortages and increased workload are driving us to change our hours of support. Listed below are *our new hours of operation*. Normal coordination between Units and these sections listed below need to fall into the open time frames. Access to the building and maps boards will be denied during these closure periods as we need uninterrupted time to get our own work done. Phones will not be answered as voice mail will be turned on during these non-supported hours. Units will need to ensure they plan their action around these new time periods. Please pass this vital information down to lowest Unit levels so all are aware of the changes in supported work hours. Only emergency type actions will be allowed in these closure periods, all others will be turned away!

Times posted below are times we are open for normal business.

Scheduling & Survey Sections:

Monday, 0730-1600

Tuesday, Closed all Day, phones will not be answered, voice mail only.

Wednesday, 0730-1600

Thursday, Closed all Day, phones will not be answered, voice mail only.

Friday, 0730-1600

## IMBE-PLT-O

**SUBJECT:** Range Bulletin: 01-16 for Period 18 Jan – 13 Apr 16

o. **Range Division Supply:** Will be closed every Monday. Units that have a Range scheduled on Monday need to sign out a MA-CON Radio on Thursday or Friday. If there are any emergency situations, the POC is Vivian Parnell or Bruce Johnson at (706) 545-2497/3132.

p. **Zero Target POCs:** Units needing zero targets will need to contact Mr. Ronnie Williams, 545-5677 for Alpha Area and Malone Ranges and Sergeant First Class Schmeiser, 544-7272 (BRM team number) or RP Support Team 706-676-4009 for the Oscar Area Ranges. Ensure this is done in advance (usually the day before) of actual training event(s) as same day requests may not be able to be supported along with normal mission requirements.

q. **Selby CACTF Scheduling:** Effective immediately all Units scheduling Selby CACTF or the Residential District will have to identify on their RFMSS request exactly what building they want to use for their training requirements IAW embedded pdf maps below. A PowerPoint file (CACTF Floor Plans) has also been placed on the Range Operations SharePoint Site under the Work Center and on the Rng. Ops Website for use in determining building numbers as well as showing the individual floor layouts within each building which may come in handy when planning training. We are now in the process of creating a new one for the Residential District that will be posted in the near future for use by all.

r. **Big Gun/Kilo Area Range Scheduling/Coordination Requirements:** All units wanting to occupy & train on Brooks, Cactus, Carmouche, DMPRC, Ruth, Hastings, Terry Demo, K-36 Ranger Objective and Ware ranges, all indirect firing points or any Air Missions into the K-15 impact area will have to follow the procedures outlined below. Units will not be able to occupy any of these ranges prior to 0530 on the day of training, unless coordination is made well in advance for personnel support. Make sure when you request these type facilities that you have a day at the end of your firing exercise set aside for range clearance, which must be done in the day light hours.

- Ensure event and facility needed is locked on the Range Operations Big Gun Calendar
- Submit RFMSS request for date & times needed with a day-by-day detailed gun line.
- Conduct face-to-face final coordination with Mr. Hattaway, 545-3010 for all ranges except the DMPRC and Terry Demo, Mr. Cribb, 626-2678 is the POC for the DMPRC, and Mr. Williams (706) 545-5677 is the POC for Terry demo. Coordination is required NLT 7-days in advance from event start time (NLT 6-weeks out if overtime is needed). Due to range division manpower shortages you may run into any/all of the following, so ensure you plan ahead for any training/certification needs your Unit may require to ensure mission success in these dire times. Tower Operators will have to ensure towers are powered down daily when mission is complete and Units are self-running a range.

- Request/change is asked for too late as work schedule are already published, however OT may be able to be applied if manpower is available. The DMPRC even though contractor supported cannot have any changes under the two week time frame that may affect work schedules. We are required by contract to contractor a minimum of 2-weeks' notice to work

**IMBE-PLT-O**

**SUBJECT:** Range Bulletin: 01-16 for Period 18 Jan – 13 Apr 16

schedule adjustments and OT cannot be applied here. No available tower operators. No range personnel to prep ranges, day or night. No range personnel to repair malfunctions or troubleshoot, day or night. No moving targets will be available when Range Division support is not in place.

s. **Medical High Risk Schedules:** Embedded below are the medical support schedules for High Risk training. POC Johnny Knowles, DOTS, 545-5132.

t. **HET Movements:** Embedded below is the HET movement schedule with routes so all can be aware of convoys in your area that may impact scheduled training events. Recommend all keep an eye on these schedules/routes and inform all Units operating in and around them to be aware of these convoys, as these are large vehicles carrying oversized loads to and from training facilities/ranges on the installation and we need to keep all safe. All HETS movements along the northern installation boundary hardball road that goes from Ruth to Hastings needs to be coordinated in advance. Remember, the Unit is responsible for scheduling HETS delivery/pickup and de-conflicting routes/timelines with other Units and Safety patrol if gate access is needed. POC for this is Mr. Calvin Garth, Resource Manager, DOTS, 545-5819.

u. **OIC/RSO Safety Briefing:** The OIC/RSO safety briefings schedule and location is shown below. Ensure all attending this briefing bring the BN Commander Certification memorandum with them. POC for this action is Mr. Bruce West, 544-6075.

4. **Timber Harvest:** NONE.

5. **Range & Compartment Construction/Maintenance Projects:** Embedded below is the RCMP OMA listing for deferred work orders as well as the top five working priorities for Range Division and MBL.

TOP FIVE 12 NOV 2015.pdf

RPPB FY 15 AND 16.xlsx

i. **Booker Range Closure:** In the near future Booker ranges, with the exception of the Shoot House will be closed due to contract work to lower the roadway on the KD range. We are being told this is a 2-week effort once the contract is started.

ii. **Brann Range:** Open work orders are as follows:

- W/O: HK 14010 4J, Construct Adobe walls and roofs for breaching
- W/O: Clean Lead from Shoot House, TBD as pending funding solutions at this time

iii. **Brooks Range:** We have one moving target down on this range for upper level maintenance with repairs TBD at this time.

- Install additional access target road EY 00132-4J

iv. **Burroughs Range Redesign/Construction:** Actions are underway to upgrade Burroughs Range for new long range Sniper requirements, and we are waiting on range specifics from the Unit before proceeding any further. Currently all targetry has been removed from this range, so

the facility is effectively shut-down for all users with the exception of the Sniper School. Current actions underway are listed below. POC for this action is Mr. Ernest Archie, 545-9428.

- Target Installation – Sniper School is in the process of installing the stationary target lifters into the new positions. When complete they will notify us so that we can finalize the installation and test all systems to ensure they are working and issue them the remaining equipment to run these targets. Currently On-Hold by the Unit...

- Range Ops Survey Section is in the process of defining the actual moving targets locations on each lane, which when finished will be turned over to DPW for a cost estimate for work. Currently On-Hold by the Unit...

- Moving targets have now been removed from Burroughs and put back into storage until a decision is made on use of these in support of Sniper School POI requirements.

- W/O: EY00023 2J, Engineer Branch, Install overhead covers, \$85K, deferred.

v. **Call Range:** Actions are underway to build a Covered Training Area for troops on this facility with current status listed below.

- W/O: SB00134 2J, Engineer Branch, Construct CTA, \$600K, currently **unfunded**.

vi. **Carmouche Range:** A new “Standard” range packet has been completed for this range and will replace all other packets. Requests in the system will still use the old packet until all are expended, then this packet will be the standard for this range. The new packet number is 7-9-15 with an indefinite expiration date. The new packet pulls all SDZs off the northern hardball roadway going to Hastings Range and will no longer require a guard at the K21 Gate. Outstanding work orders for this range are shown below.

- W/O: EY 00118 4J, Repair/replace ceiling lights in range sheds.

- S/O: 426-863, No power to floodlights base line.

vii. **Coolidge Left:** Continuing range improvements on-going to bring this range back up to a usable status once again.

- 144R approved (1402803) to emplace 5-each M60 tank targets and 2-each Marine Track vehicles for improved target capabilities, awaiting coordination with DPW and EOD for mission.

- W/O: EY 00172 4J, Re-orientate & extend current firing line, awaiting cost estimate

- W/O: EY 00110 4J, Cut down trees and put bleachers in old bleacher area, awaiting cost estimate

- W/O: EY 00112 4J, Construct latrine 220 man

- W/O: EY 00178 4J, Build new ammo pad with overhead cover, awaiting cost estimate

viii. **Davis Range:**

- W/O: EY 00224 3J, Design and construction of lightening protection bleachers. Sent to DPW engineer branch for cost estimate for the next RPPB meeting Nov 15.

SUBJECT: Range Bulletin: 01-16 for Period 18 Jan – 13 Apr 16

### ix. Dianda:

- W/O: EY 00185 3J, Repair drainage throwing bays, still on-going.

x. **DMPRC Range:** The DMPRC has construction projects in motion to improve the range facilities. Current status for these projects is listed below. POC for these actions is Mr. Carl Cribb, 626-2678.

- W/O: EY00068 2J, Concrete road and staging area, [deferred \\$1.3M](#)
- W/O: EY00079 2J, Concrete pad & access road, [deferred \\$1.3M](#)
- W/O: EY 00132 3J, Repair erosion north of Buena Vista road, [deferred](#)

xi. **Duke Range Packet Updates:** We are currently working on adding 10-meter zero to Duke Range. The following actions are required before we can open this facility up to zero exercises.

- 144R submission and approval
- Range survey, lane & firing point marking
- Target frame build and emplacement

xii. **E-8 Fencing Project:** The E-8 impact area will now be fenced in completely and have signage posted around this off-limits area. This will bring us into compliance with DA PAM 385-63 directives that require us to have positive controls for access into permanent/dedicated impact areas. Project is funded waiting approval of 144-R with an estimated completion date TBD as [deferred funding](#).

xiii. **Firing Point 207:** A work order and 144R are being processed to conduct tree clearing on this firing point (no action to date, 10 Jun 15).

xiv. **Fowler Range:** In an attempt to meet all Units requirements for LOMAH training we are now enforcing the rule that only allows Units only use this range when they have LOMAH requirements, all other BRM training will need to move to other facilities to better utilize our assets. This will free time up for our LWS repair folks to conduct normal required maintenance to keep these facilities up and running, especially with Malone 2 down for revamp until at least **Feb 16**.

xv. **Garnsey Range:** **Work is now under by DPW at this time to fill in fiber holes. Permanently closing down Objectives D-E on this facility at this time. Once we get this work completed, we can reopen this range for live fire activities.**

xvi. **Good Hope Maneuver Training Area (GHMTA):** The Good Hope Maneuver area is opened up for mounted and dismounted training for all Installation Units as well as for 19K OSUT drivers training requirements. All requests for the GHMTA will now be routed through and approved by 2-16 CAV for CO-USE concurrence before we can process any requests for

Commander's must ensure Units follow the standard rules for the GHMTA which will prevent possible EMD fines and area closure due to environmental violations which must include a maneuver damage control cell plan IAW embedded .pdf below which must also be spelled out in the 144R or they won't approve it. **All Units will be required to submit and get 144R approval for each training event/iteration.** with the exception of 2-16 BOLC whose 144R is valid for a 1-year period. Also all need to be aware that we still have contractors working within the boundaries of the GHMTA, so keep this in mind

During ABOLC training in the GHMTA, all designated Heavy Maneuver areas will be utilized. Units wishing co-use, which include any portion of the Heavy Maneuver areas, must coordinate and present a CONOP for de-confliction and approval to D Troop, 2-16 CAV (Tactics Troop). Once complete, the unit RFMSS request will be approved by the Squadron S3 office.

- xvii. **Griswold Range:** Currently Griswold is closed due to storm damage with road access completely closed down for this facility. We are working repairs cost estimates and priority of work for this facility, which are TBD at this time.
- xviii. **Hastings Range:** Due to reoccurring RCW infractions/rounds into RCW areas, we have now shutdown a total of eleven (11) different targets on Hastings for use, two of them movers. See embedded PDF below for details & locations of these targets. See outstanding work order actions below. A new "Standard" range packet has been completed for this range and will replace all other packets. Requests in the system will still use the old packet until all are expended, then this packet will be the standard for this range. The new packet number is 8-1-15 with an indefinite expiration date. This new packet pulls all SDZs off the northern hardball roadway going to Hastings Range and will no longer require a guard at the K21 Gate. Outstanding work orders for this range are shown below.
