I have read and understand the following excerpt from MCoE Regulation 190-11, Chapter 2, dated 27 AUG 12, and will abide by the provisions of this policy.

SIGNATURE: _____

DATE: _____

MCoE Regulation 190-11, Chapter 2, Weapons Policy

2-1. General.

- a. The introduction or carrying of privately owned weapons, explosives and ammunition on Fort Benning is prohibited unless specifically authorized as outlined in this regulation.
- b. Privately owned firearms will only be brought onto the installation by persons living on the installation or for the purpose of engaging in authorized activities such as hunting, dog training, and use of recreational range or marksmanship events.
- c. Persons may not display, brandish, wave, wield, show, flash, or present a weapon in public, in a threatening manner or as a threat to another person.
- d. Persons may not openly carry a privately owned firearm in public except while participating in an authorized shooting or hunting event at the event site or hunting area.
- e. The carrying of a concealed weapon on the installation is prohibited regardless of whether a state or county permit has been obtained. For the purpose of this regulation, a concealed weapon is any instrument used or designed for the purpose of inflicting grievous bodily harm that is carried on a person in such a way as to be hidden from ordinary view. Folded knives with blades shorter than 3 inches are excluded from this definition.
- f. Military personnel carrying weapons as part of military training or operational exercises may transport and carry weapons consistent with their duties as approved by the appropriate commander.
- g. Carrying of firearms, open or concealed, is authorized for any officer, agent, or employee of a Federal agency, a state, or a political subdivision thereof while in an on-duty status, who is authorized by law to engage in or supervise the prevention, detection, investigation, or prosecution of any violation of law. Personnel who perform law enforcement duties and who are in an off-duty status are not authorized to possess a firearm on the installation unless approved by the installation commander.
- h. The following are considered authorized privately owned weapons for possession on the installation, except as outlined in paragraph h below: Firearms, bows (to include long, recurve, compound, cam, or crossbows), air or CO2 rifles or pistols (BB/pellet guns/paint ball guns), knives (excluding kitchenware), martial arts weapons, and slingshots.
 - (1) The term —firearmll means (a) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; (b) the frame or receiver of any such weapon; (c) any firearm muffler or firearm silencer; or (d) any destructive device. Such term does not include an antique firearm.
 - (2) The term —destructive devicell means:
 - (a) Any explosive, incendiary, or poison gas
 - (1) Bomb,
 - (2) Grenade,
 - (3) Rocket having a propellant charge of more than four ounces
 - (4) Missile having an explosive or incendiary charge of more than one-quarter ounce,
 - (5) Mine, or
 - (6) Device similar to any of the devices described in the preceding clauses

ATZK-SBD-C

SUBJECT: Sixteenth Annual U.S. Army International Sniper Competition

(b) Any type of weapon (other than a shotgun or a shot-gun shell which the Attorney General finds is generally recognized as particularly suitable for sporting purposes) by whatever name known which will, or which may be readily converted to, expel a projectile by the action of an explosive or other propellant, and which has any barrel with a bore of more than one-half inch in diameter; and

(c) Any combination of parts either designed or in-tended for use in converting any device into any destructive device described in subparagraph (a) or (b) and from which a destructive device may be readily assembled.

i. The following are considered privately owned weapons prohibited on the installation: sawed-off shotgun, sawed-off rifle, a firearm with an altered or removed serial number, machine gun not registered with the ATF, rocket launcher, bazooka, recoilless rifle, mortar, hand grenade, or similar type devices intended to injure or kill a person.

(1) 'Sawed-off shotgun' means a shotgun or any weapon made from a shotgun whether by alteration, modification, or other-wise having one or more barrels less than 18 inches in length or if such weapon as modified has an overall length of less than 26 inches.

(2) 'Sawed-off rifle' means a weapon designed or redesigned, made or remade, and intended to be fired from the shoulder; and designed or redesigned, made or remade, to use the energy of the explosive in a fixed metallic cartridge to fire only a single projectile through a rifle bore for each single pull of the trigger; and which has a barrel or barrels of less than 16 inches in length or has an overall length of less than 26 inches.

j. Lawful possession is defined as the possession of a registered firearm or other authorized weapon not classified as illegal by state or federal law, while in quarters, hunting or sports shooting; during transportation related to relocation or initial introduction onto the installation or for some type of recognized function involving that particular weapon.

k. With the exception of weapons utilized as marksmanship weapons, it is prohibited to carry, move, or store U.S. Government AA&E in privately-owned vehicles either on or off the installation.

l. Personnel authorized access to the installation may temporarily secure, or transport privately owned firearms or other weapons to functions or activities involving those weapons (such as hunting, sports shooting, or other legitimate reasons) subject to the provisions of this regulation.

m. The theft or loss of any privately owned firearm will be immediately reported to the Directorate of Emergency Services.

2-4. Transporting of Weapons.

Personnel may transport authorized weapons on or off post for hunting, sports shooting, or other legitimate reasons, to include recognized functions or activities involving a firearm.

a. When transporting firearms, personnel will ensure:

(1) The firearm(s) is unloaded and separated from the am-munition.

(2) The firearm(s) has no loaded magazine/clip inserted into the firearm.

(3) Muzzle loading firearms are properly prepared for trans-port. Muzzle loading firearms may contain a powder charge and projectile in the chamber but cannot have a percussion cap, primer, flint, powder or other firing device on the nipple or flash pan. Electronic ignition muzzle loading firearms must have the battery removed and separated from the firearm.

(4) All firearms will be transported cased, secured and not in plain view from outside the vehicle. If the vehicle has a trunk the firearm must be transported in the trunk. Regardless of whether the vehicle has a trunk or not, the firearm must be placed in a hard or soft case with the ammunition separated from the firearm. Firearms in a "gun sock" or holster will not be considered cased. The actual firearm cannot be in —plain view. Therefore, a firearm enclosed in a standard hard or soft case is NOT in "plain view." At no time should a firearm, cased or un-cased, be transported in window gun racks. Under no circumstances may an uncased gun be transported under or behind a seat or in a glove compartment, console, seat pouch or similar location.

(5) Hunters travelling within a hunting area they are signed into do not have to re-case their firearm before transport. However, the firearm must be unloaded, the magazine removed from the fire-arm, and ammunition separated from the firearm.

(6) Personally owned firearms removed from the installation are done so in accordance with applicable Federal, state, and local laws pertaining to ownership, possession, and registration.

ATZK-SBD-C

SUBJECT: Sixteenth Annual U.S. Army International Sniper Competition

b. Crossbows cannot be cocked or have a bolt in the firing position.

2-5. Firing or Discharging of Weapons.

Personnel may not:

- a. Discharge a firearm or projectile weapon in the cantonment area and inside or adjacent to housing areas unless otherwise authorized by special permit in approved areas. All personnel must have appropriate documentation authorizing such activities. Military personnel may discharge weapons using blank ammunition in the cantonment area while practicing for funeral details or other special events.
- b. Conduct target practice except on an authorized range. Contact Outdoor Recreation (706-545-7978) for information about target practice and firearms zeroing opportunities.
- c. Discharge a firearm after legal hunting hours unless otherwise authorized by special permit or to remove a round from a muzzle loading firearm at the end of a hunt. Hunters who discharge a muzzle loading firearm after legal hours to remove a round must do so in the training area they were checked in to hunt that evening.
- d. Discharge a firearm or projectile weapon from a vehicle or across a maintained road.
- e. Discharge a firearm or projectile weapon within 200 feet of maintained roads, buildings, construction projects, or other man-made infrastructure.
- f. Discharge a firearm or projectile weapon within 200 yards in the direction of a maintained road, buildings, construction projects, or other man-made infrastructure. A maintained road is a road with a base consisting of pavement, concrete, gravel, or improved dirt that receives maintenance and is wide enough to allow at least two-way vehicular traffic.
- g. Paintball guns may only be fired on approved MWR sites or under command directed activities (e.g. training events, law enforcement missions, etc.).

2-6. Ammunition and Explosives.

- a. The unusual amount and diversified character of firing conducted on Fort Benning requires that special and intelligent care be exercised to avoid accidents. All concerned with handling, care and use of ammunition and explosives, or with the conduct or direction of any firing, or the care and police of buildings and areas which are used for storing explosives will familiarize themselves with current safety regulations and field and technical manuals pertaining to the munitions being handled.
- b. The firing of ammunition of any type over buildings or other structures, public highways, or public railroads, is prohibited. Extreme care will be exercised that areas of impact are at a safe distance from buildings or other structures, roads and railroads, and that such areas are fully within the limits of the reservation.
- c. The keeping of live ammunition, projectiles or explosives as souvenirs by any person is prohibited.
- d. Discarding or dumping live ammunition, projectiles, or explosives in any area of Fort Benning is prohibited.
- e. The removal of live or expended ammunition and ammunition residue from the installation is prohibited.
