MEMORANDUM FOR All Incoming Initial Entry Training Soldiers

SUBJECT: 30th Adjutant General Battalion (Reception) Welcome Letter

1. Welcome to the 30th Adjutant General Battalion (Reception). It is our pleasure to extend these initial greetings to you. We are a proud organization, dedicated to supporting the United States Army Maneuver Center of Excellence. We are sure you will find your time here to be a challenging, yet extremely rewarding experience. The Command Sergeant Major and I are excited to have you join our time.
2. The mission of the 30th AG Bn (Rec) is to receive and process newly assessed and Prior Service Soldiers for Initial Entry Training (IET) conducted here at Fort Benning, Georgia; to begin the Soldierization process and provide Soldiers to training units; to rehabilitate and recondition injured Soldiers in order to complete IET; and to hold and separate Soldiers who do not meet Army Standards.
3. As a Soldier assigned to the 30th AG Bn (Rec), you will play an essential role. We expect Soldiers to know, understand, and comply with established standards regardless of the situation. Your time and experiences here at 30th AG will prove to be instrumental in your future as a Soldier.
4. In closing, this is an exciting time to be a Soldier at 30th AG, and you should be as excited as we are about the journey ahead. We take a personal interest in ensuring your transition to our Battalion is without hassle or strain. We look forward to meeting you.

Centurions...Meeting the Challenge!
