

# 110TH CAVALRY REGIMENT

Yellow is the color associated with Cavalry. The horseshoe symbolizes the mission and functions of the organization. The divided shield alludes to the Pacific and European areas, in which elements of the former regiment served during World War I and World War II. The pile, simulating an arrowhead, refers to the assault landing in the Philippines, while the two stars refer to the Presidential Unit Citation (Navy) and Philippine Presidential Unit Citation awarded to an element of former regiment. The distinctive unit insignia was originally approved for 26<sup>th</sup> Cavalry Regiment Nov. 3, 1965. It was amended to revise the symbolism Nov. 21, 1969. The insignia was redesignated for 110<sup>th</sup> Cavalry, with the description and symbolism revised effective Feb. 1, 1988.
