
Federal OCS Packing List:

Last Modified: 3 June 2024

APPLICABILITY. This document applies to Officer Candidates assigned to 3rd Battalion, 11th Infantry Regiment. Direct Commission Course OCS students please refer to this hyperlink: <https://www.moore.army.mil/Infantry/199th/DCC/>

Official Website for Federal OCS Welcome Letter and Packing List:
<https://www.moore.army.mil/infantry/199th/ocs/>

GOAL: All OCs will strive to arrive to the Federal Officer Candidate School at Fort Moore, GA, with a complete packing list. Apart from any required CIF additional equipment not already issued to the Soldier, Soldiers will make every effort to have all items listed on the Packing List that was provided to them during or before BCT or from their sending unit. Upon arrival to OCS, candidates may have the opportunity to purchase packing list items and other necessities at a local post-exchange on a limited basis.

NOTE: All In-Service Soldiers will bring their OCIE, section H, to OCS. There will be a time to go to CIF during OCS for those candidates that were never issued items on the packing list. Fort Moore CIF will no longer issue the complete OCIE packing list for use at OCS. Failure to bring issued equipment may result in the student not classing up, or an initial spot report. All equipment is based on what you were issued. The medium ruck and fighting load carrier (FLC) are authorized for use based on what was issued. Students may continue to use UCP OCIE equipment until prohibited by Army policy. Cold weather is required for all seasons as a contingency in case of recycle. National Guard & Reserve Soldiers, ensure your status is not **"In Transit"** in ISM and that you are attached to your unit UIC in order for you to draw TA-50/Equipment at the Fort Moore CIF. The S1 shop will depart and arrive Soldiers to the student UIC at in-processing.

Required Items listed are either provided at Basic Training (for 09S), provided by CIF, or for personal purchase.

Reminder to all 09S- It is not the responsibility of your respective basic training commanders to provide time to purchase the OCS packing list. As future officers, it is imperative that you take the initiative to research and acquire proper items before the start of OCS. Upon receiving the packing list, it is advisable to prepare the list promptly.

RECOMMENDATION. Packing list updates are staffed by holdover 2LTs. Consolidate packing list improvement recommendations with student leadership prior to graduation.

All Uniform items will be in accordance with AR 670-1
