**DATE:** Oct. 5, 2016

## **COMMUNITY NOTICE: Update: Wildfire Continues to Burn**

**FORT BENNING, Ga.** – The wildfire in the K1-3 areas is still burning and smoldering today. The northeast winds are keeping the smoke close to the surface. All areas of Fort Benning can expect haze and smoke for the next few days.

The extremely dry conditions has allowed heavy fuels such as stumps, dead trees, etc. to catch fire. These heavy fuels will burn for days and will generate a significant amount of smoke.

Due to the strong winds, any dense or heavy smoke conditions are not expected to develop in any Cantonment Areas on Fort Benning. There should just be a haze and the smell of smoke.

For more information, call the Public Affairs Office. You may also visit the Smoke and Sound website at: <https://www.benning.army.mil/garrison/smokeandsound/> for maps and other information on prescribed burns and training.
